(B) The policy may be of a type reasonably available in the commercial insurance market and may contain reasonable provisions with respect to policy periods, territory, claims, conditions, exclusions, and other usual matters.

(C) The policy may provide for a deductible, or self-insured retained amount, and may provide for the payment of defense or other costs out of the stated limits of the policy, in either or both cases, all partners, shareholders of the corporation, or members of the limited liability company shall be jointly and severally liable for all acts, errors, and omissions of the employees of the partnership, corporation, or limited liability company to the extent of the amount of such deductible or retained self-insurance, and the amount, if any, by which the payment of defense costs reduces the insurance remaining available for the payment of claims below the minimum limit of insurance required by this paragraph (c).

(V) A partnership, corporation, or limited liability company may maintain, in lieu of the insurance specified in subparagraph (III) of this paragraph (c), moneys specifically designated and segregated as security for the payment of liabilities imposed by law against the partnership, corporation, or limited liability company, or its partners, shareholders, or members, arising out of

claims of the type specified in subparagraphs (I) and (II) of this paragraph (c), in the amount of at least fifty thousand dollars multiplied by the number of certified public accountants employed by or members of the partnership, corporation, or limited liability company within this state; except that such amount is not required to exceed one million dollars and except that the board, in the public interest, may adopt rules increasing the minimum amount of designated and segregated moneys required by this subparagraph (V). The partnership, corporation, or limited liability company remains in compliance with this section notwithstanding amounts paid from the designated or segregated moneys in any one calendar year in settling or discharging such claims, so long as the amount of the designated and segregated moneys is increased to at least the minimum required amount as of the first business day of the next calendar year. A partnership, corporation, or limited liability company is in compliance with this subparagraph (V) if it maintains moneys in the required amount in trust or in bank escrow in the form of cash, bank certificates of deposit, or United States treasury obligations, or maintains in effect bank unconditional, irrevocable letters of credit in the required amount or insurance or surety company bonds in the required amount. Such moneys or equivalency shall be maintained in or issued by a qualified United States financial institution as defined by section 10-1-102 (17), C.R.S.

(3.7) Effective on the first renewal period established by the board after May 31, 2011, the board shall not renew the registration of a firm that issues attest or compilation reports unless the registered partnership, professional corporation, or limited liability company has undergone a peer review conducted according to rules promulgated by the board that meet the standards for performing and reporting on a peer review of the American institute of certified public accountants or an equivalent standard.

(4) The partnership, corporation, or limited liability company may exercise the powers and privileges conferred upon partnerships, corporations, and limited liability companies by the laws of Colorado in furtherance of and subject to its partnership, corporate, or limited liability company purposes and may invest its funds in a manner not incompatible with the practice of public accounting as certified public accountants. (6) Nothing in this section shall diminish or change the obligation of each person who holds a certificate of certified public accountant employed by the partnership, corporation, or limited liability company within this state to conduct such person's practice in accordance with the provisions of this article. Any person who holds a certificate to practice public accounting as a certified public accountant who, by act or omission, causes the partnership, corporation, or limited liability company to act or fail to act in a way which violates this article is personally responsible for such act or omission and subject to discipline therefor.

(7) Foreign partnerships, corporations, limited partnerships, limited liability limited partnerships, or limited liability companies may engage in the practice of public accounting in this state as certified public accountants so long as their organizing documents, articles of incorporation, or articles of organization provide that such partnership, corporation, limited partnership, limited liability limited partnership, or limited liability company is organized solely for the purpose of practicing accountancy and such other activities as may from time to time be specifically found by the board to be activities suitable and proper to be performed by certified public accountants and comply with and meet the requirements of subsection (3) of this section.

The requirements shall assure that a variety of alternative means of compliance with continuing education requirements are available to certificate holders and shall take cognizance of specialized areas of practice.

(8) The board shall make exceptions from continuing education requirements for holders of certificates who are not engaged in public practice or who cannot continue their education for reasons of health, military service, or other good cause. If such holders of certificates return to the practice of public accounting, the holders of certificates shall meet such continuing education requirements as the board may determine.

The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or uncertified or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (2), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (3). (II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (3) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (3) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required certificate or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or uncertified practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (3), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(4) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any uncertified act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the board may enter into a stipulation with such person.

(3) A person whose license to practice as a hearing aid provider or apprentice under this article is revoked, or who surrenders his or her license to avoid discipline, is ineligible to apply for any new license under this article for two years after the date of revocation or surrender of his or her license.

(4) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, does not warrant formal action by the director but that should not be dismissed as being without merit, the director may issue and send a letter of admonition to the licensee.

(b) (I) When the director sends a letter of admonition to a licensee pursuant to paragraph (a) of this subsection (4), the director shall also advise the licensee that he or she has the right to request in writing, within twenty days after service of the letter, that the director initiate formal disciplinary proceedings to adjudicate the propriety of the conduct upon which the letter of admonition is based.

The order must set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, the specific harm that threatens the health and safety of the public, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. The hearing must be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to the person an order to show cause as to why the director should not issue a final order directing the person to cease and desist from the unlawful act or practice.

(b) The director shall promptly notify the person of the issuance of the order and shall include in the notice a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. The director may serve the notice by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom the order is issued. (II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the director may present

evidence that notification was properly sent or served upon the person pursuant to paragraph (b) of this subsection (2) and any other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order becomes final as to that person by operation of law. The conduct of the hearing is governed by sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article or rules adopted under this article, the director may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) is effective when issued and constitutes a final order for purposes of judicial review.

(3) The director may enter into a stipulation with a person if it appears to the director, based upon credible evidence presented to the director, that the person has engaged in or is about to engage in:

- (a) An unlicensed act or practice;
- (b) An act or practice constituting a violation of this article, a rule promulgated pursuant to this article, or an order issued pursuant to this article; or
- (c) An act or practice constituting grounds for administrative sanction pursuant to this article.

(a) The sale and distribution of motor vehicles affects the public interest and a significant factor of inducement in making a sale of a motor vehicle is the trust and confidence of the purchaser in the retail dealer from whom the purchase is made and the expectancy that such dealer will remain in business to provide service for the motor vehicle purchased;

(b) Proper motor vehicle service is important to highway safety and the manufacturers and distributors of motor vehicles have an obligation to the public not to terminate or refuse to continue their franchise agreements with retail dealers unless the manufacturer or distributor has first established good cause for termination or noncontinuance of any such agreement, to the end that there shall be no diminution of locally available service;

(c) The licensing and supervision of motor vehicle dealers by the motor vehicle dealer board are necessary for the protection of consumers and therefore the sale of motor vehicles by

unlicensed dealers or salespersons, or by licensed dealers or salespersons who have demonstrated unfitness, should be prevented;

(d) Consumer education concerning the rules and regulations of the motor vehicle industry, the considerations when purchasing a motor vehicle, and the role, functions, and actions of the motor vehicle dealer board are necessary for the protection of the public and for maintaining the trust and confidence of the public in the motor vehicle dealer board; and

(1) Each member of the board, before entering on the discharge of such member's duties and within thirty days after the effective date of such member's appointment, shall subscribe an oath for the faithful performance of such member's duties before any officer authorized to administer oaths in this state and shall file the same with the secretary of state.

(2) The board shall annually in the month of July elect from the membership thereof a president, a first vice-president, and a second vice-president. The board shall meet at such times as it deems necessary. A majority of the board shall constitute a quorum at any meeting or

hearing.

A letter of reprimand is a part of the licensee's record with the board for a period of two years after issuance and may be considered in aggravation of any subsequent violation by the licensee. When a letter of reprimand is sent to a licensee of the board, such licensee shall be notified in writing regarding the right to request in writing, within twenty days after receipt of such letter, that formal disciplinary proceedings be initiated against such licensee to adjudicate the propriety of the conduct upon which the letter of reprimand is based. If a request is made within such time period, the letter of reprimand is deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

Whenever a disciplinary hearing is conducted by a hearing officer, the hearing officer may only recommend a probationary period of no more than twelve months, a fine of no more than five hundred dollars, or both such probationary period and fine for each separate violation committed by a person licensed by the board.

(B) The board shall promulgate rules regarding circumstances in which a board member should not act as a hearing officer in a particular matter before the board because of business competition issues connected with the parties involved in such matter.

(II) The findings of the board pursuant to subparagraph (I) of this paragraph (m) shall be final.

(n) (Deleted by amendment, L. 2007, p. 1578, § 4, effective July 1, 2007.)

Any fines collected under the provisions of this paragraph (o) shall be disposed of pursuant to section 12-6-123.

(4) The board shall promulgate rules by January 1, 2008, establishing enforcement and compliance standards to ensure that administrative penalties are equitably assessed and commensurate with the seriousness of the violation.

12-6-105. Powers and duties of executive director. (1) The executive director is hereby charged with the administration, enforcement, and issuance or denial of the licensing of buyer agents, distributors, manufacturer representatives, and motor vehicle manufacturers, and shall have the following powers and duties:

(a) To promulgate, amend, and repeal reasonable rules and regulations relating to those functions the executive director is mandated to carry out pursuant to this part 1 and the laws of the state of Colorado that the executive director deems necessary to carry out the duties of the office of the executive director pursuant to this part 1;

(b) To employ, subject to the laws of the state of Colorado and after consultation with the board, an executive secretary for the board. The executive secretary shall be accountable to the board and shall, pursuant to delegation by the board, discharge the responsibilities of the board under this part 1. The executive director may also employ such clerks, deputies, and assistants as the executive director considers necessary to discharge the duties imposed upon the executive director by this part 1 and to designate the duties of such clerks, deputies, and assistants.

(c) To issue and, for reasonable cause shown or upon satisfactory proof of the unfitness of the applicant under standards established and set forth in this part 1, to refuse to issue to any applicant any license the executive director is authorized to issue by this part 1;

(d) (I) To investigate upon the executive director's own initiative, upon the written and signed complaint of any person, or upon request by the board pursuant to section 12-6-104 (3) (f) (I), any suspected or alleged violation by any person licensed by the executive director pursuant to this part 1 of any of the terms and provisions of this part 1 or of any rule or regulation promulgated by the executive director under the authority conferred upon the executive director in this section;

(II) The investigators and their supervisors utilized by the executive director, pursuant to subparagraph (I) of this paragraph (d), while actually engaged in performing their duties, shall have the authority as delegated by the executive director to issue subpoenas in relation to performance of their duties relating to licensees who are under the jurisdiction of the executive director and the authority as delegated by the executive director to issue summonses for violations of sections 12-6-120 (2) and 42-6-142, C.R.S., to issue misdemeanor summonses for violations of section 12-6-119.5 (1) (a), and to procure criminal records during an investigation.

(e) To prescribe the forms to be used for applications for licenses to be issued by the executive director under the provisions of this part 1 and to require of such applicants, as a

condition precedent to the issuance of such licenses, such information concerning the applicant's fitness to be licensed under this part 1 as the executive director considers necessary;

(f) (I) To summarily issue cease-and-desist orders on such terms and conditions and for such period of time as to the executive director appears fair and just to any person who is licensed by the executive director pursuant to this part 1 if such orders are followed by notice and a hearing pursuant to section 12-6-104 (3) (e) (I).

(II) To issue cease-and-desist orders to persons acting as motor vehicle manufacturers without the manufacturer's license required by this part 1.

(III) To impose a fine, not to exceed one thousand dollars per day, for each violation of section 12-6-120 (1) after a notice and hearing subject to section 24-4-105, C.R.S.

(g) (Deleted by amendment, L. 92, p. 1847, § 5, effective July 1, 1992.)

(2) In the event any person fails to comply with a cease-and-desist order issued pursuant to this section, the executive director may bring a suit for injunction to prevent any further and continued violation of such order. In any such suit the final proceedings of the executive director, based upon evidence in record, shall be prima facie evidence of the facts found therein.

(3) The executive director may impose a civil fine of not less than ten thousand dollars and not more than twenty-five thousand dollars on a motor vehicle manufacturer, distributor, or manufacturer representative who knowingly violates section 12-6-120.3 (5). Each day that a manufacturer, distributor, or manufacturer representative violates section 12-6-120.3 (5) by failing to offer the right of first refusal or failing to make a payment required by section 12-6-120.3 (5) is a separate offense.

12-6-106. Records as evidence. Copies of all records and papers in the office of the board or executive director, duly authenticated under the hand and seal of the board or executive director, shall be received in evidence in all cases equally and with like effect as the original thereof.

12-6-107. Attorney general to advise and represent. (1) The attorney general of this state shall represent the board and executive director and shall give opinions on all questions of law relating to the interpretation of this part 1 or arising out of the administration thereof and shall appear for and in behalf of the board and executive director in all actions brought by or against them, whether under the provisions of this part 1 or otherwise.

(2) The board may request the attorney general to make civil investigations and enforce rules and regulations of the board in cases of civil violations and to bring and defend civil suits and proceedings for any of the purposes necessary and proper for carrying out the functions of the board.

12-6-108. Classes of licenses. (1) Licenses issued under the provisions of this part 1 shall be of the following classes:

(a) Motor vehicle dealer's license shall permit the licensee to engage in the business of selling, exchanging, leasing, or offering new and used motor vehicles, and this form of license shall permit not more than two persons named therein who shall be owners or part owners of the business of the licensee to act as motor vehicle salespersons.

(b) Used motor vehicle dealer's license shall permit the licensee to engage in the business of selling, exchanging, leasing, or offering used motor vehicles only. Such license shall also permit a licensee to negotiate for a consumer the sale, exchange, or lease of used and new motor vehicles not owned by the licensee, except those vehicles defined in section 42-1-102 (55), C.R.S., as motorcycles and section 33-14.5-101 (3), C.R.S., as off-highway vehicles; however, prior to completion of such sale, exchange, or lease of a motor vehicle not owned by the licensee, the licensee shall disclose in writing to the consumer whether the licensee will receive any compensation from the consumer and whether the licensee will receive any compensation from the owner of the motor vehicle as a result of such transaction. If the licensee receives compensation from the owner of the motor vehicle as a result of the transaction, the licensee shall include in the written disclosure the name of such owner from whom the licensee will receive compensation. This form of license shall permit not more than two persons named therein who shall be owners or part owners of the business of the licensee to act as motor vehicle salespersons.

(c) Motor vehicle salesperson's license shall permit the licensee to engage in the activities of a motor vehicle salesperson.

(c.1) (Deleted by amendment, L. 92, p. 1849, § 8, effective July 1, 1992.)

(d) Manufacturer's or distributor's license shall permit the licensee to engage in the activities of a manufacturer, distributor, factory branch, or distributor branch and to sell fire trucks.

(e) Wholesaler's license shall permit the licensee to engage in the activities of a wholesaler.

(f) Manufacturer representative's license shall permit the licensee to engage in the activities of a manufacturer representative.

(g) Buyer agent's license shall permit the licensee to engage in the activities of a buyer agent.

(h) (I) Wholesale motor vehicle auction dealer's license shall permit a licensee to engage in the activities of a wholesale motor vehicle auction dealer if the licensee provides auction services solely in connection with wholesale transactions in which the purchasers are motor vehicle dealers licensed by this state or any other jurisdiction or in connection with the sale of government vehicles to consumers at a time and place that does not conflict with a wholesale motor vehicle auction conducted by that licensee. A wholesale motor vehicle auction dealer shall abide by all laws and rules of the state of Colorado.

(II) A wholesale motor vehicle auction dealer shall maintain a check and title insurance policy for the benefit of such dealer's customers or, alternatively, a wholesale motor vehicle auction dealer shall provide written guarantees of title to such dealer's purchasing customers and written guarantees of payment to such dealer's selling dealers with coverage and exclusions that are customary in check and title insurance policies available to wholesale motor vehicle auction dealers.

(2) Any license issued by the executive director pursuant to law in effect prior to July 1, 1992, shall be valid for the period for which issued.

(3) The licensing requirements of this part 1 do not apply to banks, savings banks, savings and loan associations, building and loan associations, or credit unions or an affiliate or subsidiary of such entities in offering to sell, or in the sale of, a motor vehicle that was subject to a lease or that has been repossessed or foreclosed upon if the repossession or foreclosure is in connection with a loan made or originated in Colorado.

(4) The licensing requirements of this part 1 shall not apply to an insurance company selling or offering to sell a motor vehicle through a motor vehicle dealer or used motor vehicle dealer if the vehicle is obtained by the company as a result of an insurance claim.

12-6-108.5. Temporary motor vehicle dealer license. (1) If a licensed vehicle dealer has entered into a written agreement to sell a dealership to a purchaser and the purchaser has been awarded a new dealership franchise, the board may issue a temporary motor vehicle dealer's license to such purchaser or prospective purchaser. The executive director shall issue the temporary license only after the board has received the applications for both a temporary motor vehicle dealer's license and a motor vehicle dealer's license, the appropriate application fee for the motor vehicle dealer's application, evidence of a passing test score, and evidence that the franchise has been awarded to the applicant by the manufacturer. Such temporary motor vehicle dealer's license shall authorize the licensee to act as a motor vehicle dealer. Such temporary licensees shall be subject to all the provisions of this article and to all applicable rules and regulations adopted by the executive director or the board. Such temporary motor vehicle dealer's license shall be effective for up to sixty days or until the board acts on such licensee's application for a motor vehicle dealer's license, whichever is sooner.

(2) For the purpose of enabling an out-of-state dealer to sell vehicles on a temporary basis during specifically identified events, the executive director may issue, upon direction by the board, a temporary dealer's license which shall be effective for thirty days. Such temporary license shall subject the licensee to compliance with rules and regulations adopted by the executive director or the board.

12-6-109. Display, form, custody, and use of licenses. The board and the executive director shall prescribe the form of the license to be issued by the executive director, and each license shall have imprinted thereon the seal of their offices. The license of each motor vehicle salesperson shall be mailed to the business address where the salesperson is licensed under this article and shall be kept by the salesperson at such salesperson's place of employment for inspection by employers, consumers, the executive director, or the board. It is the duty of each motor vehicle dealer, manufacturer, distributor, wholesaler, manufacturer representative, wholesale motor vehicle auction dealer, or used motor vehicle dealer to display conspicuously such person's own license in such person's place of business. Each license issued pursuant to this part 1 is separate and distinct. It shall be a violation of this part 1 for a person to exercise any of the privileges granted under a license that such person does not hold, or for a licensee to

knowingly allow such an exercise of privileges.

12-6-110. Fees - disposition - expenses - expiration of licenses. (1) There shall be collected with each application the fee established pursuant to subsection (5) of this section for each of the following licenses:

- (a) (I) Motor vehicle dealer's or used motor vehicle dealer's license;
- (II) Motor vehicle dealer's or used motor vehicle dealer's license, for each place of business in addition to the principal place of business;
- (III) Renewal or reissue of motor vehicle dealer's or used motor vehicle dealer's license after change in location or lapse in principal place of business;
- (b) Manufacturer's license;
- (c) Distributor's license;
- (d) Wholesaler's license;

- (i) Buyer agent's license;
- (j) Wholesale motor vehicle auction dealer's license.

(2) All such fees shall be paid to the state treasurer who shall credit the same to the auto dealers license fund.

(2.5) If an application for a buyer agent's, motor vehicle dealer's, used motor vehicle dealer's, wholesaler's, or salesperson's license is withdrawn by the applicant prior to issuance of the license, one-half of the license fee shall be refunded.

(3) (a) Such licenses, if the same have not been suspended or revoked as provided in this part 1, shall be valid until one year following the month of issuance thereof and shall then expire; except that any license issued under this part 1 shall expire upon the voluntary surrender thereof or upon the abandonment of the licensee's place of business for a period of more than thirty days.

(b) Thirty days prior to the expiration of such licenses, the executive director shall mail to any such licensee's business address of record a notice stating when such person's license is due to expire and the fee necessary to renew such license. For a salesperson or manufacturer representative, the notice shall be mailed to the address of the dealer or manufacturer where such person is licensed.

(c) Upon the expiration of such license, unless suspended or revoked, the same may be renewed upon the payment of the fees specified in this section, which shall accompany applications, and such renewal shall be made from year to year as a matter of right; except that, if a motor vehicle dealer, used motor vehicle dealer, or wholesaler voluntarily surrenders its license or abandons its place of business for a period of more than thirty days, the licensee is required to file a new application to renew its license.

(d) A transition procedure for licensees licensed prior to July 1, 1992, shall be established by the board or the executive director by rule and regulation.

(e) Notwithstanding paragraph (a) of this subsection (3), a person has a thirty-day grace

period after his or her license expires, and the person may renew the license within such thirty days pursuant to paragraph (c) of this subsection (3), so long as the person has a bond in full force and effect that complies with the applicable bonding requirements of section 12-6-111, 12-6-112, or 12-6-112.2 during such thirty-day period. A person applying during the thirty-day grace period shall pay a late fee established pursuant to subsection (5) of this section.

(4) (Deleted by amendment, L. 92, p. 1851, § 11, effective July 1, 1992.)

(5) (a) The board shall propose, as part of its annual budget request, an adjustment in the amount of each fee which the board is authorized by law to collect. The budget request and the adjusted fees for the board shall reflect direct and indirect costs.

(b) Based upon the appropriation made and subject to the approval of the executive director, the board shall adjust the fees collected by the executive director so that the revenue generated from said fees covers the direct and indirect costs of administering this article. Such fees shall remain in effect for the fiscal year for which the appropriation is made.

(c) Whenever moneys appropriated to the board for its activities for the prior fiscal year are unexpended, said moneys shall be made a part of the appropriation to the board for the next fiscal year, and such amount shall not be raised from fees collected by the board or the executive director. If a supplemental appropriation is made to the board for its activities, the fees of the board and the executive director, when adjusted for the fiscal year next following that in which the supplemental appropriation was made, shall be adjusted by an additional amount which is sufficient to compensate for such supplemental appropriation. Moneys appropriated to the board in the annual general appropriation bill shall be from the fund provided in section 12-6-123.

12-6-111. Bond of licensee. (1) Before any motor vehicle dealer's, wholesaler's, wholesale motor vehicle auction dealer's, or used motor vehicle dealer's license shall be issued by the board through the executive director to any applicant therefor, the said applicant shall procure and file with the board evidence of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, C.R.S., or a good and sufficient bond with corporate surety thereon duly licensed to do business within the state, approved as to form by the attorney general of the state, and conditioned that said applicant shall not practice fraud, make any fraudulent representation, or violate any of the provisions of this part 1 that are designated by the board by rule in the conduct of the business for which such applicant is licensed. A motor vehicle dealer or used motor vehicle dealer shall not be required to furnish an additional bond, savings account, deposit, or certificate of deposit under this section if such dealer furnishes a bond, savings account, deposit, or certificate of deposit under section 12-6-512.

(2) (a) The purpose of the bond procured by the applicant pursuant to subsection (1) of this section and section 12-6-112.2 (1) is to provide for the reimbursement for any loss or damage suffered by any retail consumer caused by violation of this part 1 by a motor vehicle dealer, used motor vehicle dealer, wholesale motor vehicle auction dealer, or wholesaler. For a wholesale transaction, the bond is available to each party to the transaction; except that, if a retail consumer is involved, such consumer shall have priority to recover from the bond. The amount of the bond shall be fifty thousand dollars for a motor vehicle dealer applicant, used motor vehicle dealer applicant, wholesale motor vehicle auction dealer applicant, or wholesaler

applicant except the amount of the bond shall be five thousand dollars for those dealers who sell only small utility trailers that weigh less than two thousand pounds. The aggregate liability of the surety for all transactions shall not exceed the amount of the bond, regardless of the number of claims or claimants.

(b) No corporate surety shall be required to make any payment to any person claiming under such bond until a final determination of fraud or fraudulent representation has been made by the board or by a court of competent jurisdiction.

(3) All bonds required pursuant to this section shall be renewed annually at such time as the bondholder's license is renewed. Such renewal may be done through a continuation certificate issued by the surety.

(4) Nothing in this part 1 shall interfere with the authority of the courts to administer and conduct an interpleader action for claims against a licensee's bond.

12-6-112. Motor vehicle salesperson's bond. (1) Before any motor vehicle salesperson's license is issued by the board through the executive director to any applicant therefor, the applicant shall procure and file with the board evidence of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, C.R.S., or a good and sufficient bond in the amount of fifteen thousand dollars with corporate surety thereon duly licensed to do business within the state, approved as to form by the attorney general of the state, and conditioned that said applicant shall perform in good faith as a motor vehicle salesperson without fraud or fraudulent representation and without the violation of any of the provisions of this part 1 that are designated by the board by rule. A motor vehicle salesperson shall not be required to furnish an additional bond, savings account, deposit, or certificate of deposit under this section if such dealer furnishes a bond, savings account, deposit, or certificate of deposit under section 12-6-513.

(2) No corporate surety shall be required to make any payment to any person claiming under such bond until a final determination of fraud or fraudulent representation has been made by the board or by a court of competent jurisdiction.

(3) All bonds required pursuant to this section shall be renewed annually at such time as the bondholder's license is renewed. Such renewal may be done through a continuation certificate issued by the surety.

12-6-112.2. Buyer agent bonds. (1) A buyer agent's license shall not be issued by the executive director to any applicant therefor until said applicant procures and files with the executive director evidence of a savings account, deposit, or certificate of deposit meeting the requirements of section 11-35-101, C.R.S., or a good and sufficient bond in the amount of five thousand dollars with a corporate surety duly licensed to do business within the state and approved as to form by the attorney general. The bond shall be available to ensure that said applicant shall perform in good faith as a buyer agent without fraud or fraudulent representation and without violating any of the provisions of this part 1 that are designated by the executive director by rule.

(2) All bonds required pursuant to this section shall be renewed annually at such time as the bondholder's license is renewed. Such renewal may be done through a continuation certificate issued by the surety.

(3) No corporate surety shall be required to make any payment to any person claiming under such bond until a final determination of fraud or fraudulent representation has been made by the executive director or by a court of competent jurisdiction.

12-6-112.7. Notice of claims honored against bond. (1) Any corporate surety which has provided a bond to a licensee pursuant to the requirements of section 12-6-111, 12-6-112, or 12-6-112.2 shall provide notice to the board and executive director of any claim which is honored against such bond. Such notice shall be provided to the board and executive director within thirty days after a claim is honored.

(2) A notice provided by a corporate surety pursuant to the requirement of subsection (1) of this section shall be in such form as required by the executive director subject to approval by the board and shall include, but shall not be limited to, the name of the licensee, the name and address of the claimant, the amount of the honored claim, and the nature of the claim against the licensee.

12-6-113. Testing licensees. Persons applying for a motor vehicle dealer's, used motor vehicle dealer's, wholesaler's, wholesale motor vehicle auction dealer's, or motor vehicle salesperson's license under this part 1 shall be examined for their knowledge of the motor vehicle laws of the state of Colorado and the rules promulgated pursuant to this part 1. If the applicant is a corporation, the managing officer shall take such examination, and, if the applicant is a partnership, all the general partners shall take such examination. No license shall be issued except upon successful passing of the examination. The board shall implement by January 1, 2008, a psychometrically valid and reliable salesperson examination that measures the minimum level of competence necessary to practice. This section shall not apply to a powersports vehicle dealer, used powersports vehicle dealer, or powersports salesperson licensed pursuant to part 5 of this article.

12-6-114. Filing of written warranties. All licensed manufacturers shall file with the executive director all written warranties and changes in written warranties that such manufacturer makes on any motor vehicle or parts thereof. All licensed manufacturers shall file with the executive director a copy of the delivery and preparation obligations of a manufacturer's dealer, and these warranties and obligations shall constitute the dealer's only responsibility for product liability as between the dealer and the manufacturer. Any mechanical, body, or parts defects arising from any express or implied warranties of the manufacturer shall constitute the manufacturer's product or warranty liability, and the manufacturer shall reasonably compensate

any authorized dealer who performs work to rectify said manufacturer's product or warranty defects.

12-6-115. Application - preclicensing education - rules. (1) Application for a motor vehicle dealer's, motor vehicle salesperson's, used motor vehicle dealer's, wholesale motor vehicle auction dealer's, or wholesaler's license shall be made to the board.

Should the motor vehicle dealer or used motor vehicle dealer change the site or location of such dealer's principal place of business, such dealer shall immediately upon making such change so notify the board in writing, and thereupon a new license shall be granted for the unexpired portion of the term of such license at a fee established pursuant to section 12-6-110. (n) (I) To authorize or permit a person to perform warranty service repairs on motor vehicles unless the person is:

(A) A motor vehicle dealer with whom the manufacturer has entered into a franchise agreement for the sale and service of the manufacturer's motor vehicles; or

(A) If the motor vehicle dealer owns the facilities, the value of renting such facilities for one year, prorated for each line-make based upon total sales volume for the previous twelve months before the involuntary termination;

(v) Within ninety days after the termination, elimination, or cessation of a line-make or the termination, cancellation, or nonrenewal of a franchise by the manufacturer, distributor, or manufacturer representative, for any reason other than that the motor vehicle dealer commits fraud, makes a misrepresentation, or commits any other crime within the scope of the franchise agreement or in the operation of the dealership, to fail to reimburse a motor vehicle dealer for the cost depreciated by five percent per year of any upgrades or alterations to the motor vehicle dealer's facilities required by the manufacturer, distributor, or manufacturer representative within the previous five years;

(x) To require, coerce, or attempt to coerce a motor vehicle dealer to substantially alter a facility or premises if:

(I) The facility or premises has been altered within the last seven years at a cost of more than two hundred fifty thousand dollars and the alteration was required and approved by the manufacturer, distributor, or manufacturer representative unless the motor vehicle dealer sells only motorcycles or motorcycles and powersports vehicles; except that this paragraph (x) does not apply to improvements made to comply with health or safety laws or to accommodate the technology requirements necessary to sell or service a line-make; or

(c) The duration of the right of first refusal granted in paragraph (b) of this subsection (5) is equal to five years after the franchise is terminated, cancelled, or not renewed.

(d) If a manufacturer, distributor, or manufacturer representative, or the predecessor thereof, has made any payment to the motor vehicle dealer in consideration for the termination, cancellation, or nonrenewal of a franchise agreement and the motor vehicle dealer obtains a new franchise agreement through this subsection (5), the motor vehicle dealer shall reimburse the manufacturer, distributor, or manufacturer representative for such payments. The motor vehicle dealer may reimburse the manufacturer, distributor, or manufacturer representative with a commercially reasonable repayment installment plan.

(II) If a manufacturer, distributor, or manufacturer representative, or predecessor thereof, has awarded the franchise to another motor vehicle dealer in the same right of first refusal area without granting the right of first refusal under this section, the former motor vehicle dealer may elect to either receive a franchise agreement in the same area or the payments required by section 12-6-120 (1) (l) and (1) (r) from the manufacturer, distributor, or manufacturer representative unless the manufacturer, distributor, or manufacturer representative, or predecessor thereof, has paid compensation in consideration of the initial termination, cancellation, or nonrenewal of the franchise agreement.

(II) Operation of a dealer that sells recreational vehicles for not more than eighteen months during the transition from one owner or operator to another independent owner or operator;

(b) Ownership or control of a dealer while the dealer is being sold under a bona fide contract or purchase option to the operator of the dealer;

(c) Participation in the ownership of the dealer solely for the purpose of providing financing or a capital loan that will enable the dealer to become the majority owner of the dealer in less than seven years;

To "hold" an ownership interest means to have possession of, title to, or control of the ownership interest, either directly or through a fiduciary or agent.

(4) This section shall not apply to manufacturers of vehicles with a passenger capacity of thirty-two or more.

12-6-120.7. Successor under existing franchise agreement - duties of

manufacturer. (1) If a licensed motor vehicle dealer under franchise by a manufacturer dies or becomes incapacitated, the manufacturer shall act in good faith to allow a successor, which may include a family member, designated by the deceased or incapacitated motor vehicle dealer to succeed to ownership and operation of the dealer under the existing franchise agreement if:

(a) Within ninety days after the motor vehicle dealer's death or incapacity, the designated successor gives the manufacturer written notice of an intent to succeed to the rights of the deceased or incapacitated motor vehicle dealer in the franchise agreement;

(b) The designated successor agrees to be bound by all of the terms and conditions of the existing franchise agreement; and

(c) The designated successor meets the criteria generally applied by the manufacturer in qualifying motor vehicle dealers.

(2) A manufacturer may refuse to honor the existing franchise agreement with the designated successor only for good cause. The manufacturer may request in writing from a designated successor the personal and financial data that is reasonably necessary to determine whether the existing franchise agreement should be honored, and the designated successor shall supply such data promptly upon request.

(3) (a) If a manufacturer believes that good cause exists for refusing to honor the requested succession, the manufacturer shall send the designated successor, by certified or overnight mail, notice of its refusal to approve the succession within sixty days after the later of:

(I) Receipt of the notice of the designated successor's intent to succeed the motor vehicle dealer in the ownership and operation of the dealer; or

(II) The receipt of the requested personal and financial data.

(b) Failure to serve the notice pursuant to paragraph (a) of this subsection (3) shall be considered approval of the designated successor, and the franchise agreement is considered amended to reflect the approval of the succession the day following the last day of the notice period specified in said paragraph (a).

(c) If the manufacturer gives notice of refusal to approve the succession, such notice shall state the specific grounds for the refusal and shall state that the franchise agreement shall be discontinued not less than ninety days after the date the notice of refusal is served unless the proposed successor files an action in the district court to enjoin such action.

(4) This section shall not be construed to prohibit a motor vehicle dealer from designating a person as the successor in advance, by written instrument filed with the manufacturer. If the motor vehicle dealer files such an instrument, that instrument governs the succession rights to the management and operation of the dealer subject to the designated successor satisfying the manufacturer's qualification requirements as described in this section.

(5) This section shall not apply to manufacturers of vehicles with a passenger capacity of thirty-two or more.

12-6-121. Penalty. Any person who willfully violates any of the provisions of this part 1 or who willfully commits any offense in this part 1 declared to be unlawful commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.; except that any

The license suspension shall be effective upon the date of any final decision against such licensee based upon the unpaid draft or check. A licensee whose license has been suspended pursuant to the provisions of this subsection (1) shall not be eligible for reinstatement of such license and shall not be eligible to apply for any other license issued under this part 1 unless it is demonstrated to the board that the unpaid draft or check has been paid in full and that any fine imposed on the licensee pursuant to subsection (2) of this section has been paid in full.

(2) Any motor vehicle dealer, wholesaler, or used motor vehicle dealer which issues a draft or check to a motor vehicle dealer, wholesaler, used motor vehicle dealer, motor vehicle auction house, or consignor and who fails to honor such draft or check, causing loss to a third party, commits a misdemeanor and shall be punished by a fine of two thousand five hundred dollars. 12-6-122. Right of action for loss. (1) If any person suffers loss or damage by reason of any fraud practiced on such person or fraudulent representation made to such person by a licensed dealer or one of the dealer's salespersons acting for the dealer on such dealer's behalf or within the scope of the employment of the salesperson or suffers any loss or damage by reason of the violation by such dealer or salesperson of any of the provisions of this part 1 that are designated by the board by rule, whether or not such violation is the basis for denial, suspension, or revocation of a license, such person shall have a right of action against the dealer, such dealer's motor vehicle salespersons, and the sureties upon their respective bonds. The right of a person to recover for loss or damage as provided in this subsection (1) against the dealer or salesperson shall not be limited to the amount of their respective bonds.

(2) If any person suffers any loss or damage by reason of any unlawful act as provided in

section 12-6-120 (1) (a), such person shall have a right of action against the manufacturer, distributor, or manufacturer representative. In any court action wherein a manufacturer, distributor, or manufacturer representative has been found liable in damages to any person under this part 1, the amount of damages so determined shall be trebled and shall be recoverable by the person so damaged. Any person so damaged shall also be entitled to recover reasonable attorney fees as part of his or her damages.

(3) If any licensee suffers any loss or damage because of a violation of section 12-6-120 (1) or 12-6-120.3 (5), the licensee shall have a right of action against the manufacturer, distributor, or manufacturer representative. In any court action wherein a manufacturer, distributor, or manufacturer representative has been found liable in damages to any licensee under this part 1, any licensee so damaged shall also be entitled to recover reasonable attorney fees and costs as part of his or her damages.

(a) At the option of the motor vehicle dealer, venue shall be proper in the county or judicial district where the dealer resides or has its principal place of business; and

(b) Colorado law shall govern, both substantively and procedurally.

12-6-123. Disposition of fees - auto dealers license fund. (1) All moneys received under this part 1, except fines awarded pursuant to section 12-6-121.5, shall be deposited with the state treasurer by the department of revenue, subject to the provisions of section 24-35-101, C.R.S., together with a detailed statement of such receipts, and such funds deposited with the state treasurer shall constitute a fund to be known as the auto dealers license fund, which fund is hereby created and which shall be used under the direction of the board in the following manner:

(a) Repealed.

(II) Any money remaining in said fund on December 31, 1971, and at the close of each calendar year thereafter, after costs of administration of the law as provided in this part 1 shall remain in the auto dealers license fund to be used for educational and enforcement purposes as appropriated by the general assembly.

(c) To pay the department of revenue for the administration of actions or proceedings brought before the executive director pursuant to section 12-6-120.

(2) (a) Notwithstanding any provision of subsection (1) of this section to the contrary, on March 27, 2002, the state treasurer shall deduct one million one hundred thousand dollars from the auto dealers license fund and transfer such sum to the general fund; except that, if the balance of moneys in the auto dealers license fund on March 27, 2002, is less than one million one hundred thousand dollars, the state treasurer shall transfer the balance of moneys in the fund to

the general fund.

(b) Notwithstanding any provision of subsection (1) of this section to the contrary and in addition to any amount transferred pursuant to paragraph (a) of this subsection (2):

(I) On May 28, 2002, the state treasurer shall transfer an amount equal to the balance of the auto dealers license fund as of April 30, 2002, to the general fund.

(II) Except as otherwise provided in this subparagraph (II), for each succeeding calendar month of the 2001-02 fiscal year, through June 30, 2002, the state treasurer shall transfer the amount of moneys credited to the auto dealers license fund during such calendar month to the general fund no later than the last day of the month in which such moneys were credited to the auto dealers license fund. However, the aggregate amount of moneys transferred from the auto dealers license fund to the general fund pursuant to paragraph (a) of this subsection (2), subparagraph (I) of this paragraph (b), and this subparagraph (II) shall not exceed one million one hundred thousand dollars.

12-6-124. Repeal of article. This article is repealed, effective July 1, 2017. Prior to such repeal, the motor vehicle dealer board and the functions of the executive director, including licensing, shall be reviewed as provided for in section 24-34-104, C.R.S.

12-6-125. Advertisement - inclusion of dealer name. No motor vehicle dealer or used motor vehicle dealer or any agent of either of said dealers shall advertise any offer for the sale, lease, or purchase of a motor vehicle or a used motor vehicle which creates the false impression that the vehicle is being offered by a private party or by a motor vehicle agent or which does not contain the name of the dealer or the word "dealer" or, if the name is contained in the offer and does not clearly reflect that the business is a dealer, both the name of the dealer and the word "dealer".

12-6-126. Audit reimbursement limitations - dealer claims. (1) (a) A manufacturer, distributor, or manufacturer representative shall have the right to audit warranty, sales, or incentive claims of a motor vehicle dealer for nine months after the date the claim was submitted.

(b) A manufacturer, distributor, or manufacturer representative shall not require documentation for warranty, sales, or incentive claims or audit warranty, sales, or incentive claims of a motor vehicle dealer more than fifteen months after the date the claim was submitted, nor shall the manufacturer require a charge back, reimbursement, or credit against a future transaction arising out of an audit or request for documentation arising more than nine months after the date the claim was submitted.

(2) The motor vehicle dealer shall have nine months after making a sale or providing service to submit warranty, sales, or incentive claims to the manufacturer, distributor, or manufacturer representative.

(3) Subsection (1) of this section shall not limit any action for fraud instituted in a court of competent jurisdiction.

(4) A motor vehicle dealer may request a determination from the executive director, within thirty days, that a charge back, reimbursement, or credit required violates subsection (1) of this section. If a determination is requested within the thirty-day period, then the charge back, reimbursement, or credit shall be stayed pending the decision of the executive director. If the executive director determines after a hearing that the charge back, reimbursement, or credit violates subsection (1) of this section, the charge back, reimbursement, or credit shall be void.

12-6-127. Reimbursement for right of first refusal. A manufacturer or distributor shall pay reasonable attorney fees, not to exceed the usual and customary fees charged for the transfer of a franchise, and reasonable expenses that are incurred by the proposed owner or transferee before the manufacturer or distributor exercised its right of first refusal in negotiating and implementing the contract for the proposed change of ownership or the transfer of assets. Payment of attorney fees and expenses is not required if the claimant has failed to submit an accounting of attorney fees and expenses within twenty days after the receipt of the manufacturer's or dealer's written request for an accounting. An expense accounting may be requested by the manufacturer or distributor before exercising its right of first refusal.

12-6-128. Payout exemption to execution. A motor vehicle dealer's right to receive payments from a manufacturer or distributor required by section 12-6-120 (1) (l) and (1) (r) is not liable to attachment or execution and may not otherwise be seized, taken, appropriated, or applied in a legal or equitable process or by operation of law to pay the debts or liabilities of the manufacturer or distributor. This section shall not prohibit a secured creditor from exercising rights accrued pursuant to a security agreement if the right arose as a result of the manufacturer or distributor voluntarily creating a security interest before paying existing debts or liabilities of the manufacturer or distributor. This section shall not prohibit a manufacturer or distributor from withholding a portion of such payments necessary to cover an amount of money owed to the manufacturer or distributor as an offset to such payments if the manufacturer or distributor provides the motor vehicle dealer written notice thereof.

12-6-129. Site control extinguishes. If a manufacturer, distributor, or manufacturer representative has terminated, eliminated, or not renewed a franchise agreement containing a site control provision, the motor vehicle dealer may void a site control provision of a franchise agreement by returning any money the dealer has accepted in exchange for site control prorated by the time remaining before the agreement expires over the time period between the agreement being signed and the agreement expiring. This section does not apply if the termination, elimination, or nonrenewal is for just cause in accordance with section 12-6-120 (1) (d).

12-6-130. Modification voidable. If a manufacturer, distributor, or manufacturer representative fails to comply with section 12-6-120 (1) (w) (II), the motor vehicle dealer may

void the modification or replacement of the franchise agreement.

12-6-131. Termination appeal. A motor vehicle dealer who has reason to believe that a manufacturer, distributor, or manufacturer representative has violated section 12-6-120 (1) (d) or (1) (w) may appeal to the board by filing a complaint with the executive director. Upon receiving the complaint and upon a showing of specific facts that a violation has occurred, the executive director shall summarily issue a cease-and-desist order under section 12-6-105 (1) (f) staying the termination, elimination, modification, or nonrenewal of the franchise agreement. The cease-and-desist order remains in effect until the hearing required by section 12-6-105 (1) (f) is held. If a determination is made at the hearing required by section 12-6-105 (1) (f) that a violation occurred, the executive director shall make the cease-and-desist order permanent and take any actions authorized by section 12-6-104 (3). A motor vehicle dealer who appeals to the executive director maintains all rights under the franchise agreement until the later of the executive director issuing a decision or ninety days after the manufacturer, distributor, or manufacturer's representative provides the notice of termination unless the executive director finds that the termination, cancellation, or nonrenewal was for fraud, a misrepresentation, or committing a crime within the scope of the franchise agreement or in the operation of the dealership, in which case the franchise rights terminate immediately.

If the licensee receives compensation from the owner of the powersports vehicle as a result of the transaction, the licensee shall include in the written disclosure the name of such owner from whom the licensee will receive compensation. The executive director shall issue the temporary license only after the board has received the applications for both a temporary powersports vehicle dealer's license and a powersports vehicle dealer's license, the appropriate application fee for the powersports vehicle dealer's application, evidence of a passing score of the written examination described in section 12-6-515, and evidence that the franchise has been awarded to the applicant by the powersports vehicle manufacturer. A temporary powersports vehicle dealer's license shall authorize the licensee to act as a powersports vehicle dealer and subject the licensee to this article and to all rules adopted by the executive director or the board. A temporary powersports vehicle dealer's license shall be effective for up to sixty days or until the board acts on such licensee's application for a powersports vehicle dealer's license, whichever is sooner.

(2) For the purpose of enabling an out-of-state dealer to sell powersports vehicles on a temporary basis during specifically identified events, the executive director may issue, upon direction by the board, a temporary powersports vehicle dealer's license that shall be effective for thirty days. The temporary license shall subject the licensee to compliance with rules adopted by the executive director or the board.

A powersports vehicle dealer or wholesaler shall display conspicuously the person's license in the person's place of business. Each license issued pursuant to this part 5 is separate and distinct. (4) (a) Licenses issued under this part 5, if not suspended or revoked, shall be valid until one year following the month of issuance thereof and shall then expire; except that any license issued under this part 5 shall expire upon the voluntary surrender thereof or upon the abandonment of the licensee's place of business for a period of more than thirty days.

For a powersports vehicle salesperson or powersports vehicle manufacturer representative, the notice shall be mailed to the address of the powersports vehicle dealer, used powersports vehicle dealer, or powersports vehicle manufacturer where the person is licensed.

(c) Upon the expiration of a license, unless suspended or revoked, it may be renewed upon the payment of the application fees specified in this section and renewal shall be made from year to year as a matter of right; except that, if a wholesaler or powersports vehicle dealer voluntarily surrenders its license or abandons its place of business for a period of more than thirty days, the licensee is required to file a new application to renew its license.

(d) Notwithstanding paragraph (a) of this subsection (4), a person has a thirty-day grace period after the license expires in which the license may be renewed pursuant to paragraph (c) of this subsection (4), so long as the person has a bond in full force and effect that complies with the applicable bonding requirements of section 12-6-512 or 12-6-513 during the thirty-day period. A person applying during the thirty-day grace period shall pay a late fee established pursuant to subsection (5) of this section.

(5) (a) The board shall propose, as part of its annual budget request, an adjustment in the amount of each fee that the board is authorized by law to collect. The budget request and the adjusted fees for the board shall reflect direct and indirect costs.

(b) Based upon any appropriation made and subject to the approval of the executive

director, the board shall adjust the fees collected by the executive director so that the revenue generated from fees covers the direct and indirect costs of administering this part 5. Such fees shall remain in effect for the fiscal year for which the appropriation is made.

(c) In any year, if moneys appropriated by the general assembly to the board for its activities for the prior fiscal year are unexpended, the moneys shall be made a part of the appropriation to the board for the next fiscal year, and the amount shall not be raised from fees collected by the board or the executive director. If a supplemental appropriation is made by the general assembly to the board for its activities, the fees of the board and the executive director, when adjusted for the fiscal year next following that in which the supplemental appropriation was made, shall be adjusted by an additional amount that is sufficient to compensate for such supplemental appropriation. Moneys appropriated to the board in the annual general appropriation bill shall be from the fund provided in section 12-6-123.

(2) (a) The purpose of the bond procured by the applicant pursuant to subsection (1) of this section and section 12-6-513 is to provide for the reimbursement for any loss or damage suffered by any retail consumer caused by violation of this part 5 by a wholesaler, powersports vehicle dealer, or used powersports vehicle dealer. For a wholesale transaction, the bond is available to each party to the transaction; except that, if a retail consumer is involved, such consumer shall have priority to recover from the bond. The amount of the bond shall be fifty thousand dollars for each wholesaler applicant, powersports vehicle dealer applicant, and used powersports vehicle dealer applicant. The aggregate liability of the surety for all transactions shall not exceed the amount of the bond, regardless of the number of claims or claimants.

(b) No corporate surety shall be required to make a payment to any person making a claim under such bond until a final determination of fraud or fraudulent representation has been made by the board or by a court of competent jurisdiction.

(3) Bonds required pursuant to this section shall be renewed annually when the bondholder's license is renewed. Bonds may be renewed through a continuation certificate issued by the surety.

The board shall implement by January 1, 2008, a psychometrically valid and reliable salesperson exam that measures the minimum level of competence necessary to practice. A powersports vehicle salesperson shall not be required to furnish an additional bond, savings account, deposit, or certificate of deposit under this section if such salesperson furnishes a bond, savings account, deposit, or certificate of deposit under section 12-6-112.

(2) No corporate surety shall be required to make a payment to any person claiming under such bond until a final determination of fraud or fraudulent representation has been made by the board or by a court of competent jurisdiction.

shall file with the executive director all written warranties and changes in written warranties the manufacturer makes on powersports vehicle or parts thereof. A licensed powersports vehicle manufacturer shall file with the executive director a copy of the delivery and preparation obligations of a powersports vehicle manufacturer's dealer, and these warranties and obligations shall constitute the powersports vehicle dealer's only responsibility for product liability as between the powersports vehicle dealer and the powersports vehicle manufacturer. Any mechanical, body, or parts defects arising from express or implied warranties of the powersports vehicle manufacturer shall constitute the powersports vehicle manufacturer's product or warranty liability, and the powersports vehicle manufacturer shall reasonably compensate any authorized powersports vehicle dealer who performs work to rectify a powersports vehicle manufacturer's product or warranty defects.

(6) Persons applying for a wholesaler's, powersports vehicle dealer's, used powersports vehicle dealer's, or a powersports vehicle salesperson's license shall file with the board a written instrument in which the applicant shall appoint the secretary of the board as the agent of the applicant upon whom all process may be served in any action against the applicant arising out of a claim for damages suffered by a violation of this part 5, rules promulgated under this part 5, or any condition of the applicant's bond.

(7) (a) A person applying for a wholesaler's license or used powersports vehicle dealer's license shall file with the board a certification that the applicant has met the educational requirements for licensure under this subsection (7), unless the applicant is licensed as a motor vehicle dealer or a used motor vehicle dealer. Nothing in this part 5 shall be construed to prevent a powersports vehicle dealer or used powersports vehicle dealer from conducting the business for which the dealer is licensed at one or more sites or locations not contiguous to the dealer's principal place of business but operated and maintained in conjunction therewith.

(2) Should the powersports vehicle dealer change to a new line of powersports vehicles, add another franchise for the sale of new powersports vehicles, or cancel or otherwise lose a franchise for the sale of new powersports vehicles, the dealer shall immediately notify the board. If a franchise is canceled or lost, the board shall determine whether the dealer should be licensed as a used powersports vehicle dealer. If so, the board shall cancel and the powersports vehicle dealer shall deliver to it the dealer's license, and the board shall direct the executive director to issue to the dealer a used powersports vehicle dealer's license. Upon the cancellation or loss of a franchise to sell new powersports vehicles and the relicensing of the dealer as a used powersports vehicle dealer, the dealer may continue in the business for which a powersports vehicle dealer is licensed for a time, not exceeding six months after the relicensing of the dealer, to enable the dealer to dispose of the stock of new powersports vehicles on hand at the time of the relicensing, but not otherwise.

The powersports vehicle manufacturer may request in writing from a designated successor the personal and financial data that is reasonably necessary to determine whether the existing franchise agreement should be honored, and the designated successor shall supply the data promptly upon request.

(3) (a) If a powersports vehicle manufacturer believes that good cause exists for refusing to honor the requested succession, the powersports vehicle manufacturer shall send the designated successor, by certified or overnight mail, notice of its refusal to approve the succession within sixty days after the later of:

(I) Receipt of the notice of the designated successor's intent to succeed the powersports vehicle dealer in the ownership and operation of the dealer; or

(II) The receipt of the requested personal and financial data.

(b) Failure to serve the notice pursuant to paragraph (a) of this subsection (3) shall be considered approval of the designated successor, and the franchise agreement is considered amended to reflect the approval of the succession the day following the last day of the notice

period specified in said paragraph (a).

(c) If the powersports vehicle manufacturer gives notice of refusal to approve the succession, the notice shall state the specific grounds for the refusal and shall state that the franchise agreement shall be discontinued not less than ninety days after the date the notice of refusal is served unless the proposed successor files an action in the district court to enjoin the action.

(4) This section shall not be construed to prohibit a powersports vehicle dealer from designating a person as the successor in advance, by written instrument filed with the powersports vehicle manufacturer. A manufacturer or distributor shall pay reasonable attorney fees, not to exceed the usual and customary fees charged for the transfer of a franchise, and reasonable expenses that are incurred by the proposed owner or transferee before the manufacturer or distributor exercised its right of first refusal in negotiating and implementing the contract for the proposed change of ownership or the transfer of assets.

Payment of attorney fees and expenses is not required if the claimant has failed to submit an accounting of attorney fees and expenses within twenty days after the receipt of the manufacturer's or dealer's written request for an accounting. The license suspension shall be effective upon the date of a final decision against the licensee. A licensee whose license has been suspended pursuant to this subsection (1) shall not be eligible for reinstatement of the license and shall not be eligible to apply for another license issued under this part 5 unless it is demonstrated to the board that the unpaid draft or check has been paid in full and that any fine imposed on the licensee pursuant to subsection (2) of this section has been paid in full.

(2) A wholesaler, powersports vehicle dealer, or used powersports vehicle dealer that issues a draft or check to a wholesaler, powersports vehicle dealer, or used powersports vehicle dealer and who fails to honor the draft or check, causing loss to a third party, commits a misdemeanor and shall be punished by a fine of two thousand five hundred dollars. Any fine collected for a violation of this subsection (2) shall be awarded to the law enforcement agency that investigated and issued the citation for the violation.

employment, or suffers loss or damage by reason of the violation by the dealer or salesperson of any of the provisions of this part 5 that are designated by the board by rule, whether or not the violation is the basis for denial, suspension, or revocation of a license. The right of a person to recover for loss or damage as provided in this subsection (1) against the dealer or salesperson shall not be limited to the amount of their respective bonds.

(2) If a person suffers any loss or damage by reason of any unlawful act under section 12-6-523 (1) (a), the person shall have a right of action against the powersports vehicle manufacturer, distributor, or manufacturer representative. In a court action wherein a powersports vehicle manufacturer, distributor, or manufacturer representative has been found liable in damages to any person under this part 5, the amount of damages so determined shall be trebled and shall be recoverable by the person so damaged. Any person so damaged shall also be entitled to recover reasonable attorney fees.

(3) If a licensee suffers loss or damage by reason of an unlawful act under section 12-6-523 (1), the licensee shall have a right of action against the powersports vehicle manufacturer, distributor, or manufacturer representative. (b) Colorado law shall govern, both substantively and procedurally.

12-6-532. Advertisement - inclusion of dealer name. No powersports vehicle dealer or used powersports vehicle dealer or an agent of a dealer shall advertise an offer for the sale, lease, or purchase of a powersports vehicle that creates the false impression that the vehicle is being offered by a private party or that does not contain the name of the dealer or the word "dealer" or, if the name is contained in the offer and does not clearly reflect that the business is a dealer, both the name of the dealer and the word "dealer".

12-6-533. Repeal of part. This part 5 is repealed, effective July 1, 2017. Prior to the repeal, the functions of the motor vehicle dealer board and the executive director under this part 5, including licensing, shall be reviewed as provided for in section 24-34-104, C.R.S.

12-6-534. Payout exemption to execution. A powersports vehicle dealer's right to receive payments from a manufacturer or distributor required by section 12-6-523 (1) (I) and (1)

(r) is not liable to attachment or execution and may not otherwise be seized, taken, appropriated, or applied in a legal or equitable process or by operation of law to pay the debts or liabilities of the manufacturer or distributor. This section shall not prohibit a secured creditor from exercising rights accrued pursuant to a security agreement if the right arose as a result of the manufacturer or distributor voluntarily creating a security interest before paying existing debts or liabilities of the manufacturer or distributor. This section shall not prohibit a manufacturer or distributor from withholding a portion of the payments necessary to cover an amount of money owed to the manufacturer or distributor as an offset to the payments if the manufacturer or distributor provides the motor vehicle dealer written notice thereof.

12-6-535. Site control extinguishes. If a manufacturer, distributor, or manufacturer representative has terminated, eliminated, or not renewed a franchise agreement containing a site control provision, the powersports vehicle dealer may void a site control provision of a franchise agreement by returning any money the dealer has accepted in exchange for site control prorated by the time remaining before the agreement expires over the time period between the agreement being signed and the agreement expiring. This section does not apply if the termination, elimination, or nonrenewal is for just cause in accordance with section 12-6-523 (1) (d).

12-6-536. Modification voidable. If a manufacturer, distributor, or manufacturer representative fails to comply with section 12-6-120 (1) (v) (II), the powersports dealer may void the modification or replacement of the franchise agreement.

12-6-537. Termination appeal. A powersports vehicle dealer who has reason to believe that a manufacturer, distributor, or manufacturer representative has violated section 12-6-523 (1) (d) or (1) (v) may appeal to the board by filing a complaint with the executive director. Upon receiving the complaint and upon a showing of specific facts that a violation has occurred, the executive director shall summarily issue a cease-and-desist order under section 12-6-505 (1) (h) staying the termination, elimination, modification, or nonrenewal of the franchise agreement. The cease-and-desist order remains in effect until the hearing required by section 12-6-505 (1) (h) is held. If a determination is made at the hearing required by section 12-6-505 (1) (h) that a violation occurred, the executive director shall make the cease-and-desist order permanent and take any actions authorized by section 12-6-504 (1). A motor vehicle dealer who appeals to the executive director maintains all rights under the franchise agreement until the later of the executive director issuing a decision or ninety days after the manufacturer, distributor, or manufacturer's representative provides the notice of termination unless the executive director finds that the termination, cancellation, or nonrenewal was for fraud, a misrepresentation, or committing a crime within the scope of the franchise agreement or in the operation of the dealership, in which case the franchise rights terminate immediately.

The licensing authority shall notify the applicant upon receipt of all information that the licensing authority deems a complete application. Such notification shall be the start of the forty-five-day period in which the licensing authority shall affirmatively act upon the application. All such licenses and applications for such licenses shall be made available for inspection by the public. In addition, the licensing authority has the power and the responsibility, after investigation and hearing before an administrative law judge, to suspend or revoke any license issued by the licensing authority, in accordance with any order of such administrative law judge. (IV) If a licensee or bingo-raffle affiliate fails within forty-five days after a written request by the licensing authority to voluntarily produce records at the office of the licensing authority, or if a licensee fails to file a report within the time required by this article, or if such report is not properly verified or is not fully, accurately, and truthfully completed on its face, the licensing authority may refuse to renew the licensee's license until the licensee has corrected such

failure or deficiency. If the licensing authority refuses to renew a license pursuant to this subparagraph (IV), the licensee shall not engage in activity authorized by such license until such license is renewed.

If an application is not acted upon within forty-five days after receipt by the licensing authority, the licensee may implement such concept, method, technology, practice, or procedure so long as it is not in conflict with the constitution or this article; except that the licensing authority's failure to act upon an application within forty-five days after receipt shall not preclude the licensing authority from later filing a complaint challenging such concept, method, technology, practice, or procedure on the ground that it is in conflict with the constitution or this article. An adverse ruling on such application may be appealed to an administrative law judge.

12-9-107.1. Conduct of bingo games. (1) In the playing of bingo, only persons who are physically present on the premises where the game is actually conducted may participate as players in the game.

(2) (a) A person shall not act as a caller or assistant to the caller in the conduct of any game of bingo unless the person has been a member in good standing of the bingo-raffle licensee conducting the game or one of its licensed auxiliaries for at least three months immediately prior to the date of the game, is of good moral character, and never has been convicted of a felony or a crime involving gambling.

(b) An owner, co-owner, or lessee of premises or, if a corporation is the owner of the premises, any officer, director, or stockholder owning more than ten percent of the outstanding stock must not be a person responsible for or assisting in the holding, operating, or conducting of any game of bingo.

(3) (a) The equipment used in the playing of bingo and the method of play must be such that each card has an equal opportunity to win. The objects or balls to be drawn must be essentially the same as to size, shape, weight, balance, and all other characteristics that may influence their selection. All objects or balls must be present in the receptacle before each game begins. All numbers announced must be plainly and clearly audible to all the players present. Where more than one room is used for any one game, the receptacle and the caller must be present in the room where the greatest number of players are present, and all numbers announced must be plainly audible to the players in the aforesaid room and also audible to the players in the other rooms.

(b) The receptacle and the caller must be visible to all the players at all times except where more than one room is used for any one game, in which case paragraph (a) of this subsection (3) applies.

(c) The particular arrangement of numbers required to be covered in order to win the game and the amount of the prize must be clearly and audibly described and announced to the players immediately before each game begins.

(d) An operator shall not reserve or allow to be reserved any bingo cards for use by players except braille cards or other cards for use by legally blind players. A person who is legally blind may use his or her personal braille cards when a licensed organization does not provide such cards. A licensed organization may inspect and reject any personal braille card. A person who is legally blind or an individual with a disability may use a braille card or hard card

in place of a purchased disposable paper bingo card.

(e) Any player may call for a verification of all numbers drawn at the time a winner is determined and for a verification of the objects or balls remaining in the receptacle and not yet drawn. The verification shall be made in the immediate presence of the member designated to be in charge of the occasion, but if that member is also the caller, then in the immediate presence of any officer of the licensee.

(4) When any merchandise prize is awarded in a game of bingo, its value is its current retail price. A merchandise prize is not redeemable or convertible into cash directly or indirectly.

(5) (a) Notwithstanding the limitations stated in section 12-9-107 (5), during a bingo occasion a bingo-affle licensee may also start a single game of progressive bingo, in an amount established by rule by the licensing authority, in which the game is won when a previously designated arrangement of numbers or spaces on the card or sheet is covered within a previously designated number of objects or balls drawn. If the game is not won within the drawing of the previously designated number of objects or balls, the game must be replayed either during each subsequent occasion the licensee conducts at the same location or during each subsequent occasion that falls on the same day of the week at the same location, using the previously designated arrangement of numbers or spaces.

(b) A bingo-affle licensee may award a consolation prize for a game of progressive bingo in which the progressive prize is not won. The bingo-affle licensee determines the amount of the consolation prize. Notice of the amount shall be conspicuously displayed prior to the beginning of the bingo-affle occasion, and the amount is included as part of the aggregate amount of all prizes offered or given in games played on a single occasion, as set forth in paragraph (a) of this subsection (5). If a consolation prize is offered, the game continues until the previously designated arrangement of numbers or spaces on the card or sheet is covered, regardless of the number of balls drawn, in order to determine the winner of the consolation prize. If a consolation prize is not offered, the progressive game ends when the last of the previously designated number of balls is drawn and must be replayed in accordance with paragraph (a) of this subsection (5).

(c) A bingo-affle licensee may fund a secondary jackpot from ten percent of the gross proceeds collected from the sale of progressive cards or sheets at the occasion where the game is offered. Notwithstanding the limitation stated in paragraph (a) of this subsection (5), the amount in the secondary jackpot may be used to start a single game of progressive bingo after a previous progressive jackpot is won.

(d) The licensing authority may establish by rule the maximum jackpot that may be awarded in a progressive bingo game; except that the maximum jackpot must be at least fifteen thousand dollars.

(e) The licensing authority may establish by rule the maximum number of progressive bingo games, not less than one, that may be conducted during an occasion. In order to ensure that all prizes offered are timely awarded, the licensing authority may limit by rule the number of occasions in which a progressive bingo game may be conducted before a prize must be awarded; except that the maximum number of occasions must be at least thirty.

(6) (a) Equipment, prizes, and supplies for games of bingo must not be purchased or sold

at prices in excess of the usual price thereof. A licensee shall not sell or offer for sale any game of chance, or supplies for a game of chance, that is not authorized by this article or by rules adopted by the licensing authority pursuant to this article.

(b) Cards and sheets that are designed or intended for use with electronic devices used as aids in the game of bingo shall not be purchased or sold at prices in excess of the usual price of cards and sheets that are not designed or intended for use with electronic devices used as aids in the game of bingo. Charges imposed by any manufacturer, supplier, agent thereof, or bingo-raffle licensee for cards and sheets that are designed or intended for use with electronic devices used as aids in the game of bingo shall be stated and imposed separately from any charges imposed by the manufacturer, supplier, agent thereof, or bingo-raffle licensee for the purchase, lease, or use of electronic devices used as aids in the game of bingo. Manufacturers, suppliers, and their agents shall not include costs attributable to the manufacture or distribution of electronic devices used as aids in the game of bingo in charges imposed for the purchase or lease of equipment, including cards and sheets.

(7) (a) If a card or sheet is played with the aid of an electronic device, a winning bingo may be determined and verified either by reference to the card or sheet or by reference to the electronic device. Nothing in this article authorizes the playing of bingo solely by means of an electronic device.

(b) A bingo-raffle licensee shall adequately mark, destroy, or dispose of cards or sheets played with the aid of an electronic device in order to prevent the reuse of those cards or sheets.

(c) The licensing authority may establish by rule the maximum number of bingo cards that a bingo player who plays using the aid of an electronic device is permitted to use with the aid of such a device per game; except that the maximum number must be at least thirty-six.

(d) A bingo-raffle licensee is not required to use or offer the use of electronic devices used as aids in the game of bingo during a bingo session.

(8) (a) With the application for a letter ruling pursuant to section 12-9-103 (1) (d) for the approval of a new type of electronic device used in the aid of bingo, the manufacturer of the device must provide the following to the licensing authority:

(I) A prototype of the new type of electronic device used in the aid of bingo with a prototype bingo aid computer system and a user's manual used for such electronic device; and

(II) A certification by the manufacturer that the new type of electronic device used in the aid of bingo and all such electronic devices used in the state meet the following standards:

(A) The electronic device provides a means for the input of numbers announced by a bingo caller;

(B) The electronic device compares the numbers entered to the numbers contained on bingo cards previously stored in the electronic database of the electronic device;

(C) The electronic device identifies winning bingo patterns; and

(D) The electronic device signals when a winning bingo pattern is achieved.

(b) The licensing authority shall return the prototype electronic device used in the aid of bingo, the prototype bingo aid computer system, and the user's manual submitted pursuant to subparagraph (I) of paragraph (a) of this subsection (8) no later than forty-five days after receiving the items.

(c) When a complaint regarding an electronic device used in the aid of bingo that is in

use in the state of Colorado has been filed with the licensing authority, the manufacturer of the device shall provide to the licensing authority a sample of the device and bingo aid computer system to assist the investigation by the licensing authority. The licensing authority shall return the electronic device and bingo aid computer system no later than forty-five days after receiving them unless they are needed longer to complete the investigation.

(d) Any electronic device used in the aid of bingo, bingo aid computer system, or user's manual for such a device that is in the custody of the licensing authority pursuant to this section is not a public record.

(9) A bingo aid computer system used by a bingo-raffle licensee for bingo sessions must meet the following standards:

(a) The system must contain a record of all transactions occurring during a bingo-raffle session. The record must be retained in memory until the transactions have been totaled, printed, and cleared by the bingo-raffle licensee, regardless of whether the power supply has been interrupted.

(b) The system must be able to compute and total all transactions processed by the system during a bingo-raffle session and to print all information required by the licensing authority, in the form prescribed by the licensing authority.

(c) The system must maintain and control the time, date of sale, and transaction number, keeping the information secure enough that only a manufacturer's qualified personnel can change or reset the information. The manufacturer's qualified personnel shall retain a detailed record for each service call that involves a change of the time, date of sale, or transaction number.

(10) If an electronic device used as an aid in the game of bingo complies with sub-subparagraphs (A) to (D) of subparagraph (II) of paragraph (a) of subsection (8) of this section, and if the bingo aid computer system for the electronic device substantially complies with the requirements of subsection (9) of this section, the licensing authority shall approve the electronic device and computer system for use by a letter ruling pursuant to section 12-9-103 (1) (d).

12-9-107.2. Conduct of pull tabs - license revocation - rules - definitions. (1) A licensee shall not sell, offer for sale, or put into play any pull tab ticket except at the location of and during its licensed bingo occasions or upon premises that are:

(a) Owned, leased, or rented by the bingo-raffle licensee, used as its principal place of business, and controlled so that admittance to the premises is limited to the bingo-raffle licensee's members and bona fide guests; or

(b) Owned, leased, or rented by a landlord licensee.

(2) A bingo-raffle licensee may offer a prize to the purchaser of a last sale ticket in a pull tab game, deal, or series without regard to its winning or nonwinning status as revealed if broken or torn apart.

(3) A bingo-raffle licensee may offer an event pull tab series. For the purposes of this subsection (3):

(a) "Event pull tab series" means a pull tab series that includes a predetermined number of pull tabs that allow a player to advance to an event round.

(b) "Event round" means a secondary element of chance where the prizes are determined

based on pull tabs that match specific winning numbers drawn in a bingo game and the winning numbers shall fall within numbers one to seventy-five, inclusive.

(4) (a) A bingo-raffle licensee may offer a progressive pull tab game in which a prize may be carried over and increased from one deal to another until a prize is awarded. The game may include a subsequent pull tab deal bearing a different serial number from that offered in a previous deal. A licensee shall not offer or give a prize greater, in amount or value, than five thousand dollars in any progressive pull tab game. The licensing authority may limit by rule the types of progressive pull tab games allowed to be sold by supplier licensees.

(b) When a deal of progressive pull tabs is received in two or more packages, boxes, or other containers, all of the progressive pull tabs from the respective packages, boxes, or other containers must be placed out for play at the same time.

(5) (a) A licensee shall not possess, use, sell, offer for sale, or put into play any computerized or electromechanical facsimile of a pull tab game.

(b) A licensee shall not possess, use, sell, offer for sale, or put into play any device that reveals the winning or nonwinning status of a pull tab ticket unless the device has been tested, approved, and licensed pursuant to subsection (6) of this section and not subsequently altered or tampered with.

(c) Any of the following persons that are found to have violated paragraph (b) of this subsection (5) are subject to immediate and permanent revocation of all licenses issued under this article:

- (I) The manufacturer of the device;
- (II) The supplier through which the device was supplied;
- (III) The landlord licensee on whose premises the device was found; and
- (IV) The bingo-raffle licensee of the occasion during which the device was present.

(6) (a) The licensing authority shall test, inspect, and license every mechanical, electronic, or electromechanical device that reveals the winning or nonwinning status of a pull tab ticket before the device is used in charitable gaming. The licensing authority shall employ an independent contractor to conduct the tests and inspections, the cost of which shall be borne by the manufacturer or supplier seeking approval of the device. The licensing authority shall not issue a license for a device until the device is secured in a manner prescribed by the licensing authority and the contractor receives payment in full for the cost of all tests and inspections.

(b) Every person shipping or importing into Colorado a device subject to paragraph (a) of this subsection (6) shall provide the licensing authority with a copy of the shipping invoice at the time of shipment. The invoice must contain, at a minimum, the destination of the shipment and the serial number and description of each device being transported.

(c) Every person receiving a device subject to paragraph (a) of this subsection (6) shall, upon receipt of the device, provide the licensing authority with the serial number and description of each device received and information describing the location of each device. The requirements of this paragraph (c) apply regardless of whether the device is received from a licensed supplier or from any other source.

(d) A device licensed pursuant to this subsection (6) is licensed for and may only be used in one specific licensed location identified by the licensing authority. Any movement of the device from the licensed location for use at another licensed location shall be reported to the

licensing authority in advance.

(e) The licensing authority may adopt rules and prescribe all necessary forms in furtherance of this subsection (6).

(f) Notwithstanding any other provision of this article, the licensing authority shall not license:

(I) A pull tab game that is stored, electronically or otherwise, within a device and designed to be played on such device; or

(II) Any device that qualifies as a slot machine pursuant to section 9 (4) (c) of article XVIII of the Colorado constitution.

(g) The prohibition contained in paragraph (f) of this subsection (6) does not prohibit the licensing of:

(I) A device that merely dispenses pull tab tickets to players; or

(II) A device that merely reads or validates a pull tab ticket inserted by a player, if:

(A) The pull tab ticket itself displays its winning or nonwinning status so that use of the device is not required to determine such status; and

(B) The device cannot be used in a manner that would qualify it as a slot machine pursuant to section 9 (4) (c) of article XVIII of the Colorado constitution.

12-9-107.3. Conduct of raffles - rules. (1) The licensing authority shall not require an exempt organization to use raffle tickets in any particular form or displaying any particular information that would cause undue expense to the exempt organization and therefore interfere with the charitable fund-raising drive of the organization.

(2) (a) A bingo-raffle licensee may offer a progressive raffle in which a jackpot may be carried over and increased from one drawing to another until the jackpot is awarded. If the jackpot is not awarded at a drawing, the bingo-raffle licensee shall conduct a new drawing at the same location at a time and date determined by the bingo-raffle licensee.

(b) A bingo-raffle licensee may award a consolation prize for a progressive raffle in which the jackpot is not won. The bingo-raffle licensee may designate the consolation prize as either a specified amount or a specified percentage of the gross proceeds collected from the sale of raffle tickets for a particular drawing. The bingo-raffle licensee may determine the amount of the jackpot based on the gross proceeds collected from the sale of raffle tickets for a particular drawing plus the value of the jackpot carried over from previous drawings in which the jackpot was not awarded.

(c) If the bingo-raffle licensee offers a consolation prize, the bingo-raffle licensee shall, before the drawing:

(I) Designate the specific amount or specific percentage of the gross proceeds collected from the sale of raffle tickets that the consolation prize equals; and

(II) Conspicuously display the amount or percentage of the gross proceeds collected that the consolation prize equals.

(d) The licensing authority may establish by rule the maximum jackpot that a bingo-

raffle licensee may award for a progressive raffle; except that, notwithstanding section 12-9-107 (5), the maximum jackpot must be at least fifteen thousand dollars. The maximum jackpot does not include the aggregate amount of consolation prizes awarded.

(e) The licensing authority may establish by rule the maximum number of progressive raffles that a bingo-raffle licensee may conduct simultaneously. To ensure that all prizes offered are timely awarded, the licensing authority may limit by rule the number of drawings that a bingo-raffle licensee may conduct before a jackpot must be awarded; except that the maximum number of drawings must be at least thirty.

(f) (I) The licensing authority may establish by rule the permitted methods of conducting a progressive raffle.

(II) The licensing authority may not prohibit those methods of conducting a progressive raffle in which the participant whose ticket number is drawn wins both a prize for the winning ticket number and a chance to win the jackpot.

12-9-107.5. Persons permitted to manufacture and distribute games of chance equipment - reporting requirements. (1) No person other than a manufacturer licensee or licensed agent shall act as a bingo-raffle manufacturer within Colorado. The manufacture of electronic devices used as aids in the game of bingo, and the printing of raffle tickets other than pull tabs, as designed and requested by a licensee, does not constitute the manufacture of games of chance equipment; except that such electronic devices shall be subject to the reporting requirements of subsections (5) and (6) of this section, and the fees established by the licensing authority in accordance with section 12-9-103.5 (3) and subsection (5) of this section.

(2) (Deleted by amendment, L. 99, p. 1425, § 1, effective June 5, 1999.)

(3) No individual shall act for or represent a landlord, manufacturer, or supplier licensee with respect to an activity covered by such license unless such individual is the licensee's owner, officer, director, partner, member, or ten percent or more shareholder of record with the licensing authority, or is the manufacturer's or supplier's licensed agent. No manufacturer or supplier licensee shall allow any person not authorized by this subsection (3) to represent it or serve as its agent with regard to any Colorado transaction.

(4) Except to the extent otherwise provided in section 12-9-106 (1), a manufacturer or supplier licensee or licensed agent shall not buy, receive, sell, lease, furnish, or distribute any pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, or other games of chance equipment from or to any person within Colorado other than manufacturer or supplier licensees or agents and bingo-raffle licensees; except that:

(a) A landlord licensee, supplier, or manufacturer or its agent may sell or distribute cards, sheets, equipment, or electronic devices used as aids in the game of bingo for the playing of bingo not for resale to nursing homes and other entities that distribute the cards, sheets, or electronic devices and allow playing of the game free of charge, without consideration given or received by any person for the privilege of playing; and

(b) A bingo-raffle licensee may sell its used equipment to another bingo-raffle licensee.

(5) Every manufacturer and supplier licensee shall file, upon forms prescribed by the licensing authority, quarterly reports on its licensed activities within Colorado. Such reports shall

be accompanied by quarterly fees established by the licensing authority in accordance with section 12-9-103.5 (3) and deposited in the bingo-raffle cash fund. Such reports shall be filed with the licensing authority no later than April 30, July 31, October 31, and January 31 of each year licensed, and each report shall cover the preceding calendar quarter. Reports shall enumerate by quantity, purchaser or lessee, and price the pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, and other games of chance equipment manufactured, conveyed, or distributed within Colorado or for use or distribution in Colorado and shall include the licensee's total sales, including amounts realized from leases, of equipment as defined in section 12-9-102 (5) and electronic devices used as aids in the game of bingo and the names and addresses of all Colorado suppliers or agents of the licensee and shall be signed and verified by the owner or the chief executive officer of the licensee. These quarterly reports shall not be public records as defined in section 24-72-202, C.R.S.

(6) Every manufacturer or supplier licensee, and every licensed agent for such licensee, shall keep and maintain complete and accurate records, in accord with generally accepted accounting principles, of all licensed activities. The records shall include invoices for all games of chance equipment or electronic devices used as aids in the game of bingo conveyed or distributed within Colorado, or for use or distribution in Colorado, which invoices are specific as to the nature, description, quantity, and serial numbers of the pull tabs, bingo cards or sheets, electronic devices used as aids in the game of bingo, and other equipment so conveyed or distributed. The records shall also show all receipts and expenditures made in connection with licensed activities, including, but not limited to, records of sales by dates, purchasers, and items sold or leased, monthly bank account reconciliations, disbursement records, and credit memos for any returned items. These records shall be maintained for a period of at least three years.

(7) No manufacturer or supplier licensee or licensed agent shall be a person responsible for or assisting in the conduct, management, or operation of any game of chance within Colorado.

12-9-107.7. Pull tab reading devices - approval required - tracking of transactions. (Repealed)

12-9-108. Bingo-raffle licensee's statement of receipts - expenses - fee. (1) (a) On or before April 30, July 31, October 31, and January 31 of each year, every bingo-raffle licensee shall file with the licensing authority upon forms prescribed by the licensing authority a duly verified statement covering the preceding calendar quarter showing the amount of the gross receipts derived during said periods from games of chance, the expenses incurred or paid, and a brief description of the classification of such expenses, the net proceeds derived from games of chance, and the uses to which such net proceeds have been or are to be applied. It is the duty of each licensee to maintain and keep such books and records as may be necessary to substantiate the particulars of each such report.

(b) Exempt organizations shall not be subject to the requirements of this subsection (1), except to the extent that they shall file with the licensing authority statements showing the

amount of the gross proceeds from their fund-raising drives and identifying all organizations receiving portions of such proceeds and the amounts received by each such organization.

(2) (a) If a bingo-raffle licensee fails to file reports within the time required or if reports are not properly verified or not fully, accurately, and truthfully completed, any existing license may be suspended until such time as the default has been corrected.

(b) Exempt organizations shall be subject to the requirements of this subsection (2) only to the extent that such requirements apply to paragraph (b) of subsection (1) of this section.

(3) (a) All moneys collected or received from the sale of admission, extra regular cards, special game cards, sale of supplies, and all other receipts from the games of bingo, raffles, and pull tab games shall be deposited in a special checking or savings account, or both, of the licensee, which must contain only these moneys. If the licensee conducts progressive games of chance, the licensee may maintain one additional checking or savings account, which must contain only money received from the sale of progressive games. The licensee may withdraw money from these accounts only by consecutively numbered checks or withdrawal slips or by electronic transactions referenced by transaction number or date. A check or withdrawal slip must not be drawn to "cash" or a fictitious payee. The licensee shall maintain all of its books and records in accordance with generally accepted accounting principles.

(b) Exempt organizations shall not be subject to the requirements of this subsection (3).

(4) No part of the net proceeds, after they have been given over to another organization, shall be used by the donee organization to pay any person for services rendered or materials purchased in connection with the conducting of bingo by the donor organization.

(5) No item of expense shall be incurred or paid in connection with holding, operating, or conducting a game of chance pursuant to a bingo-raffle license except bona fide expenses of a reasonable amount. Such expenses include those incurred in connection with all games of chance, for the following purposes:

(a) Advertising and marketing;

(b) Legal fees related to any action brought by the licensing authority against the bingo-raffle licensee in connection with games of chance;

(c) The purchase of goods, wares, and merchandise furnished to the licensee for the purpose of operating games of chance pursuant to this article;

(d) The purchase or lease of electronic devices used as aids in the game of bingo;

(e) Payment for services rendered that are reasonably necessary for repairs of equipment and operating or conducting games of chance;

(f) Rent, if the premises are rented, or for janitorial services if not rented;

(g) Accountant's fees; and

(h) License fees.

(6) (a) For the purposes enumerated in subsection (5) of this section, the following terms shall have the following meanings:

(I) "Goods, wares, and merchandise" means prizes, equipment as defined in section 12-9-102 (5), and articles of a minor nature.

(II) "Services rendered" means:

(A) The repair of equipment;

(B) Compensation to bookkeepers or accountants for services in preparing financial reports for a reasonable amount as determined by the licensing authority by rule. No landlord, manufacturer, or supplier licensee, or employee of a landlord, manufacturer, or supplier licensee, shall act as a bookkeeper or accountant for a bingo-raffle licensee, nor shall a landlord, manufacturer, or supplier licensee offer or provide accounting or bookkeeping services in connection with the preparation of financial reports on bingo-raffle activities, except for the transfer or encoding of data necessitated by the sale, upgrade, or maintenance of accounting software sold or leased to a bingo-raffle licensee by a landlord, manufacturer, or supplier licensee. A landlord licensee that is also a bingo-raffle licensee may act as a bookkeeper or accountant on such licensee's own behalf.

(C) The rental of premises;

(D) A reasonable amount for janitorial service as determined by the licensing authority in rules for each occasion; and

(E) A reasonable amount for security expense based on established need as determined by the licensing authority in rules for each occasion.

(b) There shall be paid to the licensing authority an administrative fee, established in accordance with section 12-9-103.5 (3), upon the gross receipts of any game of chance held, operated, or conducted under the provisions of this article; except that an exempt organization shall not be charged more than twenty dollars per year. All administrative fees collected by the licensing authority under this article shall be deposited in the department of state cash fund created in section 24-21-104, C.R.S.

(7) Each licensee, at the time each financial report is submitted to the licensing authority, shall pay to the order of the licensing authority the amount of administration expense provided in subsection (6) of this section.

12-9-109. Examination of books and records. The licensing authority and its agents have power to examine or cause to be examined the books and records of any licensee to which any license is issued pursuant to this article insofar as they may relate to any transactions connected with activities under the license. The licensing authority may require by rule that licensees that have failed to keep proper books and records, or to maintain their books and records in accordance with generally accepted accounting principles, adopt certain internal financial controls and attend training to ensure the integrity of the reporting of games of chance activities pursuant to this article.

12-9-110. Forfeiture of license - ineligibility to apply for license. Any person who makes any false statement in any application for any such license or in any statement annexed thereto, fails to keep sufficient books and records to substantiate the quarterly reports required under section 12-9-108, falsifies any books or records insofar as they relate to any transaction connected with the holding, operating, and conducting of any game of chance under any such

license, or violates any of the provisions of this article or of any term of such license, if convicted, in addition to suffering any other penalties that may be imposed, shall forfeit any license issued to it under this article and shall be ineligible to apply for a license under this article for at least one year thereafter.

12-9-111. Volunteer services - legislative declaration - immunity. (1) The Colorado constitution recognizes that the conduct of charitable gaming activities is directly related to the need of nonprofit organizations to fulfill their lawful purposes. Notwithstanding this recognition, however, the willingness of bingo-raffle volunteers to offer their services has been increasingly deterred by a perception that they put personal assets at risk should a tort action be filed seeking damages arising from their volunteer activities.

(2) All bingo-raffle volunteers shall be immune from civil actions and liabilities pursuant to section 13-21-115.5, C.R.S., which provides that volunteers shall not be personally liable for their acts or omissions if they are acting in good faith and within the scope of their official function and duty for a charitable organization, with respect to such organization's conduct of games of chance. Bingo-raffle volunteers shall not be liable under this section if the harm is not caused by willful and wanton misconduct, gross negligence, reckless misconduct, or a conscious, flagrant indifference to the rights or safety of the individual harmed.

12-9-112. Unfair trade practices. (1) The provisions of the "Unfair Practices Act", article 2 of title 6, C.R.S., and the "Colorado Antitrust Act of 1992", article 4 of title 6, C.R.S., are specifically applicable to charitable gaming activities conducted by any licensee. Within thirty days after receiving a complaint alleging a violation of either of said acts, the licensing authority shall transmit such complaint to the attorney general.

(2) A licensee that violates any provision of article 2 of title 6, C.R.S., or article 4 of title 6, C.R.S., shall have its license revoked by the licensing authority for a period of one year from the date of the finding of such violation. Upon the expiration of such period, the licensee may apply for the issuance of a new license.

12-9-112.5. Common members - bingo-raffle licensees. (1) For the purposes of this section, "bingo-raffle licensee affiliate" means the following:

(a) Any person that directly or indirectly through one or more intermediaries controls, is controlled by, or is under common control with, a bingo-raffle licensee specified; or

(b) Any person that has an officer, director, member, manager, partner, games manager, salaried employee, or member of their immediate families in common with a bingo-raffle licensee.

(2) Proceeds from a bingo or raffle game that are transferred from a bingo-raffle licensee to a bingo-raffle licensee's affiliate shall not be used to pay the salary, remuneration, or expenses of any officer, director, member, manager, partner, games manager, or employee of such affiliate. All such transferred proceeds shall be deposited by the donee entity or organization in a

segregated account that contains only such donations, and such transferred proceeds shall not be commingled with other funds of the donee entity or organization. The licensing authority and its agents may examine or cause to be examined the books and records of any donee entity or organization insofar as they may relate to account or to any transactions connected with bingo or raffle proceeds.

12-9-113. Enforcement. It is the duty of all sheriffs and police officers to enforce the provisions of this article, to receive complaints, to initiate investigations, and to arrest and complain against any person violating any provisions of this article. It is the duty of the district attorney of the respective districts of this state to prosecute all violations of this article in the manner and form as is now provided by law for the prosecutions of crimes and misdemeanors, and it is a violation of this article for any such person knowingly to fail to perform his duty under this section.

12-9-114. Penalties for violation. Every licensee and every officer, agent, or employee of the licensee and every other person or corporation who willfully violates or who procures, aids, or abets in the willful violation of this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.; except that, if the underlying factual basis of the violation constitutes a crime as defined by any other provision of law, then such person may be charged, prosecuted, and punished in accordance with such other provision of law.

PART 2

COLORADO BINGO-RAFFLE ADVISORY BOARD

12-9-201. Colorado bingo-raffle advisory board - creation. (1) There is hereby created, within the department of state, the Colorado bingo-raffle advisory board.

(2) The board shall consist of nine members, all of whom shall be citizens of the United States who have been residents of the state for at least the past five years. No member shall have been convicted of a felony or gambling-related offense, notwithstanding the provisions of section 24-5-101, C.R.S. No more than five of the nine members shall be members of the same political party. At the first meeting of each fiscal year, a chair and vice-chair of the board shall be chosen from the membership by a majority of the members. Membership and operation of the board shall additionally meet the following requirements:

If a sale is ordered and the property sold and the proceeds of the sale are not sufficient to discharge all liens of residents against the property, the proceeds shall be prorated among the respective residents.

Securities which, although not on the approved list, should be retained in the reserve for reasons acceptable to the commissioner may be retained with the specific approval of the commissioner. Investments in stocks and bonds will be valued at their fair market value.

Every licensee shall pay the administrator a license fee to be determined and collected pursuant to section 12-14-121 and subsection (4) of this section, and shall obtain a license certificate for the current license period. Notwithstanding any other provision of this section, a licensee, at any time, may voluntarily surrender the license to the administrator to be cancelled, but such surrender shall not affect the licensee's liability for violations of this article that occurred prior to the date of surrender.

12-14-121. Collection agency license - renewals. Each licensee shall make an application to renew its license in the form and manner prescribed by the administrator. The application shall be accompanied by a nonrefundable renewal fee in an amount determined by the administrator.

12-14-122. Collection agency license - notification of change and reapplication requirements. (1) (a) Upon any of the following changes, the licensee shall notify the administrator in writing of such change within thirty days after its occurrence:

(I) Change of business name or address;

The administrator shall approve or deny the resubmitted application within fifteen days.

(b) If the licensee fails to file an application for a new license, the license shall expire on the thirtieth day following the change which necessitated the new license application. If the application is denied and the licensee fails to resubmit the application within fifteen days of said denial, the license shall expire on the fifteenth day following the denial.

(c) The changes which require a new license application are:

(I) In a sole proprietorship or partnership, any change in the persons owning the collection agency;

(II) In a corporation or limited liability company, any change of ownership of fifty percent or more of the stock or ownership interest in any one transaction or a cumulative change of ownership of fifty percent or more from the date of the issuance of the license or from the date of the latest renewal of the license;

(III) Any change of ownership structure, including but not limited to a change to or from a sole proprietorship, partnership, limited liability company, or corporation. No investigation fee shall be required in the event of such a change and the application required may be more

abbreviated than that required for an initial license, as determined by the administrator.

(3) (a) Upon a change of collections manager, the licensee shall notify the administrator in the form and manner designated by the administrator. The licensee shall appoint a new collections manager within thirty days of such change.

(b) The administrator, within fifteen days, shall approve or disapprove the qualifications of the new collections manager.

(c) The licensee may continue to operate as a collection agency unless and until the administrator disapproves the qualifications of the new collections manager.

(4) Any licensee which has submitted an application for a new license may continue to operate as a collection agency until the final decision of the administrator.

(5) The licensee may appeal the final decision of the administrator pursuant to section 24-4-104, C.R.S.

12-14-123. Duties of collection agencies. (1) A licensee shall:

(a) Maintain, at all times, liquid assets in the form of deposit accounts in the total sum of not less than two thousand five hundred dollars more than all sums due and owing to all of its clients;

(b) (I) (A) Maintain, at all times, an office within this state that is open to the public during normal business hours, is staffed by at least one full-time employee, keeps a record of all moneys collected and remitted by the agency for residents of Colorado, and accepts payments physically made at the office for any debt the agency is attempting to collect.

(B) Notify, in each written communication, the consumer from whom the agency is attempting to collect a debt of the address and telephone number of the local office required by this subparagraph (I).

(II) Maintain, at all times, a toll-free telephone number that shall be available to any consumer who needs to make a toll call to reach the licensee in connection with a debt.

(c) Maintain, at all times, a trust account for the benefit of its clients that contains, at all times, sufficient funds to pay all sums due or owing to all of its clients. The licensee shall maintain the trust account in a commercial bank or savings and loan association account in this state or accessible in a branch in this state until disbursed to the creditor. The account must be clearly designated as a trust account and shall be used only for such purposes and not as an operating account. A deposit of all funds received to a trust account followed by a transfer of the agency share of the collection to an operating account is not a violation of this section.

(d) Within thirty days after the last day of the month in which any collections are made for a client, account to the client for all collections made during that month and remit to the client all moneys owed to the client pursuant to the agreement between the client and the collection agency;

(e) Upon written demand of the administrator, within five days of receipt of such demand, produce a complete set of all form notices or form letters used by the licensee in the collection of accounts;

(f) Be responsible, pursuant to this article, for violations of this article that are caused by its collections manager, debt collectors, or solicitors.

(2) (a) No collection agency shall employ any collections manager, debt collector, or solicitor who has been convicted of or who has entered a plea of guilty or nolo contendere to any crime specified in part 4 of article 4, in part 1, 2, 3, 5, 7, or 9 of article 5, or in article 5.5 of title 18, C.R.S., or any similar crime under the jurisdiction of any federal court or court of another state.

(b) No collection agency shall be owned or operated by the following persons who have been convicted of or who have entered a plea of guilty or nolo contendere to any crime specified in part 4 of article 4, in part 1, 2, 3, 5, 7, or 9 of article 5, or in article 5.5 of title 18, C.R.S., or any similar crime under the jurisdiction of any federal court or court of another state:

- (I) The owner of a sole proprietorship;
- (II) A partner of a partnership;
- (III) A member of a limited liability company; or
- (IV) An officer or director of a corporation.

(3) Paragraphs (a), (c), and (d) of subsection (1) of this section do not apply to a person collecting or attempting to collect a debt owned by the person collecting or attempting to collect such debt.

12-14-124. Bond. (1) Each licensee shall maintain at all times and each applicant shall file, prior to the issuance of any license to such applicant, a bond in the sum of twelve thousand dollars plus an additional two thousand dollars for each ten thousand dollars or part thereof by which the average monthly sums remitted or owed to all of its clients during the previous year exceed fifteen thousand dollars; or, in the alternative, an applicant or licensee shall present evidence of a savings account, deposit, or certificate of deposit of the same sum and meeting the requirements of section 11-35-101, C.R.S. The total amount of the bond shall not exceed twenty thousand dollars and shall be in favor of the attorney general of the state of Colorado for use of the people of the state of Colorado and the administrator. Such bond shall be executed by the applicant or licensee as principal and by a corporation that is licensed by the commissioner of insurance to transact the business of fidelity and surety insurance as surety. If any such surety, during the life of the bond, cancels the bond or reduces the penal sum of the bond, the surety immediately shall notify the administrator in writing. The administrator shall give notice to the licensee that the bond has been cancelled or reduced and that the licensee's license shall automatically expire unless a new or increased bond with proper sureties is filed within thirty days after the date the administrator received the notice, or on such later date as is stated in the surety's notice.

(2) The bond shall include a condition that the licensee shall, upon demand in writing made by the administrator, pay over to the administrator for the use of any client from whom any debt is taken or received for collection by the licensee the proceeds of such collection, less the charges for collection in accordance with the terms of the agreement made between the licensee and the client.

(3) A client may file with the administrator a duly verified claim as to money due such client for money collected by a licensee. If the administrator makes a preliminary determination that a claim meets the requirements of this section, the administrator shall make a demand for the

amount claimed. Such demand may be made on the licensee, the surety, or both.

(4) If a receiver has been appointed by any court of competent jurisdiction in the state of Colorado to take charge of the assets of any licensee, such receiver, upon the written consent of the administrator, may demand and receive payment on the bond from the surety and, upon order of the court, may bring suit upon the bond in the name of such receiver, without joining the administrator as a party to the action.

(5) If a client has filed a duly verified claim with the administrator, who has refused to make demand upon the licensee or surety, the client may bring suit against the licensee or surety on the bond for the recovery of money due from such licensee without assignment of such bond to the client. Nothing in this section shall preclude a client from making a demand on both the licensee and the surety.

(6) (a) Said bond shall include a condition that the licensee shall, upon written demand, turn over to the client any and all notes, valuable papers, or evidence of indebtedness which may have been deposited with said licensee by the client, but such licensee shall not be required to return any such papers, notes, or evidence of indebtedness on debts in process of collection, unless reimbursed by the client for the services performed on the debt so evidenced.

(b) "Debts in process of collection" means any debts which have been in said licensee's hands for less than nine months, debts on which payments are being made, or on which payments have been promised, debts on which suit has been brought, and claims which have been forwarded to any other collection agency or attorney.

(7) Such bond shall cover all matters placed with the licensee during the term of the license granted and any renewal, except as provided in this section. Such bond may be enforced in the manner described in this section, by a receiver appointed to take charge of the assets of any licensee, or by any client if the administrator refuses to act. The aggregate liability of the surety, for any and all claims that may arise under such bond, shall not exceed the penalty of such bond.

(8) Any licensee, at any time, may file a new bond with the administrator. Any surety may file with the administrator notice of withdrawal as surety on the bond of any licensee. Upon filing of such new bond or on expiration of thirty days after the filing of notice of withdrawal as surety by the surety, the liability of the former surety for all future acts of the licensee shall terminate, except as provided in subsection (9) of this section. The administrator shall cancel the bond given by any surety company upon being advised its license to transact the business of fidelity and surety insurance has been revoked by the commissioner of insurance and shall notify the licensee.

(9) No action shall be brought upon any bond required to be given and filed, after the expiration of two years from the surrender, revocation, or expiration of the license issued thereunder. After the expiration of said period of two years, all liability of the surety upon the said bond shall cease if no action has been commenced upon said bond before the expiration of the period.

(10) In lieu of an individual surety bond, the administrator may authorize a blanket bond covering qualifying licensees in the sum of two million dollars in favor of the attorney general of the state of Colorado for use of the people of the state of Colorado and the administrator. Each new and renewal applicant shall pay a fee in an amount determined by the administrator to offset the applicant's share of the blanket bond. Conditions and procedures regarding the bond shall be

as set forth in this section for individual bonds.

(11) This section does not apply to a person collecting or attempting to collect a debt owned by the person collecting or attempting to collect such debt.

(4) In any proceeding held under this section, the administrator may accept as prima facie evidence of grounds for disciplinary or adverse action any disciplinary or adverse action taken against a licensee, the licensee's principals, debt collector, solicitor, or collections manager by another jurisdiction that issues professional, occupational, or business licenses, if the conduct that prompted the disciplinary or adverse action by that jurisdiction would be grounds for disciplinary action under this section.

(5) For reasonable cause, the administrator or the administrator's designee has the right, during normal business hours without resort to subpoena, to examine the books, records, and files of any licensee. If the books, records, and files are located outside Colorado, the licensee shall bear all expenses in making them available.

(6) (a) For reasonable cause, the administrator may require the making and filing, by any licensee, at any time, of a written, verified statement of the licensee's assets and liabilities, including, if requested, a detailed statement of amounts due claimants. ARTICLE 14.3

Colorado Consumer Credit Reporting Act

12-14.3-101. Short title. This article shall be known and may be cited as the "Colorado Consumer Credit Reporting Act".

12-14.3-101.5. Legislative declaration. The general assembly finds and declares that the use of consumer reporting agencies is increasing rapidly as consumer credit transactions become the rule rather than the exception in every-day consumer purchasing. Consumer credit reports by consumer reporting agencies may report on a consumer's credit worthiness, credit standing, credit capacity, debts, character, general reputation, personal characteristics, or mode of living as factors to establish a consumer's eligibility for credit insurance or employment. When a consumer reporting agency undertakes a business that has the potential to profoundly affect an individual consumer's life, whether for good or ill, it is incumbent upon such agencies to ensure that the information they are providing is accurate. Inaccurate consumer credit reports directly impair the efficiency of the banking system and unfair credit reporting methods undermine the public confidence in the banking system. There is a need to ensure that consumer reporting agencies exercise their responsibilities with fairness, impartiality, and respect for the consumer's rights. The general assembly further finds and declares that, in the event the information provided by a consumer reporting agency in a consumer credit report is inaccurate, the consumer has the right to have that information corrected in a swift and uncomplicated way.

12-14.3-102. Definitions. As used in this article, unless the context otherwise requires:

- (1) "Adverse action" includes:
 - (a) The denial of, increase in any charge for, or reduction in the amount of insurance for personal, family, or household purposes;

applicable provisions of the federal "Fair Credit Reporting Act", 15 U.S.C. secs. 1681a and 1681b, as amended.

(b) "Consumer report" does not include:

No user or consumer reporting agency shall be held liable or otherwise responsible for a disclosed or copied report when acting pursuant to this subsection (2) nor shall such disclosure or provision of a copy of the report, by themselves, make the user a consumer reporting agency.

12-14.3-103.5. Consumer reports - accuracy of information. Whenever a consumer reporting agency prepares a consumer report, the agency shall follow reasonable procedures to assure maximum possible accuracy of the information concerning the consumer about whom the report relates, including the use of the consumer's social security number if, in accordance with section 12-14.3-103 (1) (c) (I), the consumer's social security number is provided to the consumer reporting agency by a person intending to use the information contained in a consumer report in connection with a credit transaction involving the consumer and the social security number was initially provided to the user by the consumer in connection with such transaction.

(d) Any letter mailed to a consumer pursuant to paragraph (a) of this subsection (2) may be a form letter; except that each letter shall advise the consumer of the number and type of events that occurred relating to the consumer that initiated the letter. Such letter shall also include a notice or separate form the consumer may complete and return to the consumer reporting agency to request a free copy of such consumer's credit report.

(e) The name of the person or entity that provided the credit score or the credit file on the basis of which the credit score was created.

(3) Pursuant to subsection (1) of this section, a consumer reporting agency shall supply to a consumer:

(a) A credit score that is derived from a credit scoring model that is widely distributed to users of credit scores by that consumer reporting agency in connection with any extension of credit secured by a dwelling; or

(b) A credit score accompanied by information specifically required to be disclosed pursuant to subsection (1) of this section that assists the consumer in understanding the credit scoring assessment of the credit behavior of the consumer and predictions about future credit behavior.

(4) For purposes of this section, "credit score" means a numerical value or a categorization derived from a statistical tool or modeling system used by a person who makes or arranges a loan to predict the likelihood of certain credit behaviors, including default. The numerical value or the categorization derived from this analysis may also be referred to as a "risk predictor" or "risk score". "Credit score" does not include any mortgage score or rating of an automated underwriting system that considers one or more factors in addition to credit information, including, but not limited to, the loan value ratio, the amount of down payment, or a consumer's financial assets. "Credit score" does not include other elements of the underwriting process or underwriting decision.

(5) Notwithstanding any other provision of this article to the contrary, a consumer reporting agency may charge a reasonable fee for disclosing a credit score.

12-14.3-105. Charges for certain disclosures. (1) A consumer reporting agency shall not impose a charge for:

(a) A request for a copy of the consumer's file made within sixty days after adverse action is taken; or

(b) Notifying any person designated by the consumer, pursuant to the applicable provisions of the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681i, as amended, of the deletion of information which is found to be inaccurate or which can no longer be verified; or

(c) A set of instructions for understanding the information presented on the consumer report and a toll free telephone number that consumers may utilize to obtain additional assistance concerning the consumer report; or

(d) The first copy of a consumer disclosure provided to a consumer each calendar year pursuant to section 12-14.3-104 (2) (a).

(2) For all other disclosures to consumers of information pertaining to the consumer, the consumer reporting agency may impose a reasonable charge, not to exceed the retail price of a written report rendered in the normal course of business to the customers of such agency for each request for information.

12-14.3-105.3. Reporting of information prohibited. (1) Except as authorized under subsection (2) of this section, no consumer reporting agency shall make any consumer report containing any of the following items of information:

(a) Cases under title 11 of the United States Code, or under the federal bankruptcy act that, from the date of entry of the order for relief or the date of adjudication, predate the report by more than ten years;

(b) Suits and judgments that, from the date of entry, predate the report by more than seven years or by more than the governing statute of limitations, whichever is the longer period;

(c) Paid tax liens that, from the date of payment, predate the report by more than seven years;

(d) Accounts placed for collection or charged to profit and loss that predate the report by more than seven years;

(e) Records of arrest, indictment, or conviction of a crime that, from the date of disposition, release, or parole, predate the report by more than seven years;

(f) Any other adverse item of information that predates the report by more than seven years.

(2) The provisions of subsection (1) of this section do not apply to the case of any consumer report to be used in connection with:

(a) A credit transaction involving, or that may reasonably be expected to involve, a principal amount of one hundred fifty thousand dollars or more;

(b) The underwriting of life insurance involving, or that may reasonably be expected to involve, a face amount of one hundred fifty thousand dollars or more; or

(c) The employment of an individual at an annual salary that equals or is reasonably expected to equal seventy-five thousand dollars or more.

(3) A consumer reporting agency shall not furnish for employment purposes, or in connection with a credit or insurance transaction or a direct marketing transaction, a consumer report that contains medical information about a consumer unless the consumer consents to the furnishing of the report.

(4) A consumer reporting agency shall not include, in a consumer report made to a person requesting credit information pertaining to a consumer, the names of any other persons who have requested credit information pertaining to that consumer or the number of such inquiries made more than one year preceding the date of the consumer report; except that such information shall be retained for two years and provided to the consumer as provided in this article.

(5) Notwithstanding the provisions of subsection (4) of this section, a consumer reporting agency shall not furnish to any person, including a developer of credit scoring, a record of inquiries in connection with a credit or insurance transaction that is not initiated by the consumer. The term "credit or insurance transaction that is not initiated by the consumer" does not include inquiries resulting from the collection of an account or for purposes of reviewing an account.

12-14.3-106. Procedure for disputed information. (1) If the completeness or accuracy of any item of information contained in the consumer's file is disputed by the consumer and the consumer notifies the consumer reporting agency directly of such dispute, the agency shall reinvestigate the item free of charge and record the current status of the disputed information on or before thirty business days after the date the agency receives notice conveyed by the consumer. The consumer reporting agency shall provide the consumer with the option of speaking directly to a representative of the agency to notify the agency of disputed information contained in the consumer's file.

(2) On or before five business days after the date a consumer reporting agency receives notice of a dispute from a consumer in accordance with subsection (1) of this section, the agency shall provide notice of the dispute to all persons who provided any item of information in dispute.

(3) Notwithstanding subsection (1) of this section, a consumer reporting agency may terminate a reinvestigation of information disputed by a consumer under such subsection (1) if the agency reasonably determines that such dispute by the consumer is frivolous or irrelevant. Upon making such a determination, a consumer reporting agency shall promptly notify the consumer of such determination and the reasons therefor, by mail, or if authorized by the consumer for that purpose, by telephone. The presence of contradictory information in the consumer's file does not in and of itself constitute reasonable grounds for determining the dispute is frivolous or irrelevant.

(4) If, after a reinvestigation under subsection (1) of this section of any information disputed by a consumer, the information is found to be inaccurate or cannot be verified, the consumer reporting agency shall promptly delete such information from the consumer's file, revise the file, provide the consumer and, at the request of the consumer, any person that, within the last twelve months, requested the disputed information with a revised consumer report indicating that it is a revised consumer report, and refrain from reporting the information in subsequent reports. The consumer reporting agency shall advise the consumer that he or she has the right to have a copy of the revised consumer report sent by the consumer reporting agency to any person that requested the disputed information within the last twelve months.

(5) Information deleted pursuant to subsection (4) of this section may not be reinserted in the consumer's file unless the person who furnishes the information reinvestigates and states in writing or by electronic record to the consumer reporting agency that the information is complete and accurate.

(6) A consumer reporting agency shall provide written notice of the results of any reinvestigation or reinsertion made pursuant to this section within five business days of the completion of the reinvestigation or reinsertion. Such notice shall include:

- (a) A statement that the reinvestigation is complete;
- (b) A statement of the determination of the consumer reporting agency on the completeness or accuracy of the disputed information;
- (c) A copy of the consumer's file or consumer report and a description of the results of the reinvestigation;

(d) A notice that, if requested by the consumer, a description of the procedure used to determine the accuracy and completeness of the information shall be provided to the consumer by the consumer reporting agency, including the name, business address, and, if available, the telephone number of any person contacted in connection with such information;

(e) A notification that the consumer has the right, pursuant to the applicable provisions of the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681i, as amended, to add a statement to the consumer's file disputing the accuracy or completeness of the information; and

(f) A notification of the consumer's rights to dispute resolution under section 12-14.3-107, which are available after the consumer has followed all dispute procedures described in this section and has received the notice specified under this subsection (6).

(7) Nothing in this section shall be construed to require a person who obtains a consumer report for resale to alter or correct any inaccuracy in such consumer report if the consumer report was not assembled or prepared by such person.

(8) The consumer reporting agency shall provide a person who provides credit information to the agency with the option to speak directly with a representative of the agency or to submit corrections to previously reported information by facsimile or other automated means when inaccurate information that was reported by such credit information provider appears on a consumer's file. The consumer reporting agency shall, in a period not to exceed five business days from the receipt of such faxed or automated information regarding such corrections, correct such inaccuracies on the consumer's file and, upon request, communicate such corrections to the person who submitted the initial request for corrections. The credit information provider's communication shall include information established by the consumer reporting agency that identifies him or her as the credit information provider who provided the original inaccurate information. Nothing in this subsection (8) shall be construed to prohibit a consumer reporting agency from correcting inaccurate information in a consumer's file or a consumer report at any time.

12-14.3-106.5. Consumer report information block. (1) (a) A consumer reporting agency shall, within thirty days after the receipt of a police report or order pursuant to this paragraph (a), permanently block the reporting of any information that a consumer identifies on his or her consumer report as being subject to either a police report or a court order referenced in subparagraph (I) or (II) of this paragraph (a) if the consumer provides a consumer reporting agency with proof of the consumer's identification and a copy of:

(I) A police report that alleges that a person other than the consumer obtained or recorded, by means of fraud, theft, or other violation of the "Colorado Criminal Code", personal identifying information of the consumer without authorization from the consumer and that the person used the information to obtain, or attempt to obtain, credit, goods, services, or moneys in the name of the consumer without the consumer's consent; or

(II) A certified court order issued pursuant to section 18-1.3-603 (7), C.R.S.

(b) The consumer reporting agency shall promptly notify the person who furnished the information that a police report or court order has been filed, that a block has been requested, and of the effective date of the block.

(2) (a) A consumer reporting agency may decline to block or may rescind any block of consumer information if, in the exercise of good faith and reasonable judgment, the consumer reporting agency believes:

(I) The information was blocked due to a misrepresentation of fact by the consumer relevant to the request to block under this section;

(II) The consumer agrees that the blocked information or portions of the blocked information were blocked in error;

(III) The consumer knowingly obtained possession of goods, services, or moneys as a result of the blocked transaction or transactions or the consumer should have known that he or she obtained possession of goods, services, or moneys as a result of the blocked transaction or transactions; or

(IV) The consumer so requests in writing and presents proof of the consumer's identity.

(b) A consumer reporting agency shall decline to block or shall rescind any block of consumer information if, in the case of a block or block request based upon the filing of an order, the sentencing court amends, dismisses, or withdraws its prior order to correct records issued pursuant to section 18-1.3-603 (7), C.R.S., and the consumer provides such documentation from the court and proof of the consumer's identity.

(3) If a block of credit information is declined or rescinded pursuant to this section, the consumer reporting agency shall promptly notify the consumer in the same manner as consumers are notified of the reinsertion of information pursuant to section 12-14.3-106. The prior presence of the blocked information in the consumer reporting agency's file on the consumer is not evidence of whether the consumer knew or should have known that he or she obtained possession of any goods, services, or moneys.

(4) This section does not apply to a consumer reporting agency that acts as a reseller of information by assembling and merging information contained in the data base of one or more other consumer reporting agencies and that does not maintain a data base of the assembled or merged information from which new consumer reports are produced.

12-14.3-106.6. Security freeze - timing - covered entities - cost. (1) (a) A consumer may elect to place a security freeze on his or her consumer report by making a request in writing by certified mail to a consumer reporting agency.

(b) Except as provided in subsection (11) and paragraph (b) of subsection (6) of this section, if a security freeze is in place, information from a consumer report may not be released to a third party without prior, express authorization from the consumer.

(c) This section does not prevent a consumer reporting agency from advising a third party that a security freeze is in effect with respect to the consumer report.

(2) (a) A consumer reporting agency shall place a security freeze on a consumer report no later than five business days after receiving the request from the consumer.

(b) The consumer reporting agency shall send a written confirmation of the security freeze to the consumer within ten business days and, with the confirmation, shall provide the consumer with a unique personal identification number or password to be used by the consumer when providing authorization for the release of his or her consumer report to a specific party or

for a specific period of time.

(3) If a consumer wishes to allow his or her consumer report to be accessed by a specific party or for a specific period of time while a freeze is in place, he or she shall contact the consumer reporting agency, request that the freeze be temporarily lifted, and provide the following:

(a) Proper identification;

(b) The unique personal identification number or password provided by the consumer reporting agency pursuant to paragraph (b) of subsection (2) of this section; and

(c) The proper information regarding the third party who is to receive the consumer report or the time period that the report shall be available to users of the consumer report.

(4) A consumer reporting agency that receives a request from a consumer to temporarily lift a freeze on a consumer report pursuant to subsection (3) of this section, shall comply with the request no later than three business days after receiving the request.

(5) A consumer reporting agency may develop procedures involving the use of telephone, fax, internet, or other electronic media to receive and process a request from a consumer to place a freeze or to temporarily lift a freeze on a consumer report pursuant to subsection (3) of this section in an expedited manner.

(6) A consumer reporting agency shall remove or temporarily lift a freeze placed on a consumer report only in the following cases:

(a) Upon consumer request, pursuant to subsection (3) or (9) of this section; or

(b) If the consumer report was frozen due to a material misrepresentation of fact by the consumer or somebody purporting to be the consumer. If a consumer reporting agency intends to remove a freeze on a consumer report pursuant to this paragraph (b), the consumer reporting agency shall notify the consumer in writing prior to removing the freeze placed on the consumer report.

(7) If a third party requests access to a consumer report on which a security freeze is in effect, and the request is in connection with an application for credit or other use, and the consumer does not allow his or her consumer report to be accessed by that specific party or during that period of time, the third party may treat the application as incomplete.

(8) If a consumer requests a security freeze, the consumer reporting agency shall disclose the process of placing and temporarily lifting a freeze and the process for allowing access to information from the consumer report to a specific party or for a specific period of time while the freeze is in place.

(9) Except as otherwise provided pursuant to paragraph (b) of subsection (6) of this section, a security freeze shall remain in place until the consumer requests that the security freeze be removed. A consumer reporting agency shall remove a security freeze within three business days of receiving a request for removal from the consumer, who provides both of the following:

(a) Proper identification; and

(b) The unique personal identification number or password provided by the consumer reporting agency pursuant to paragraph (b) of subsection (2) of this section.

(10) A consumer reporting agency shall require proper identification of the person making a request to place a security freeze in a manner consistent with the requirements of this section.

(11) The provisions of this section shall not apply to the use of a consumer report by or for any of the following:

(a) A person or entity, or a subsidiary, affiliate, or agent of that person or entity that owns a financial obligation owing by the consumer to that person or entity, including a demand deposit account, or to whom the consumer issued a negotiable instrument, for the purposes of reviewing the account or collecting the financial obligation owing for the account, contract, debt, or negotiable instrument, and lawful associated costs;

(b) An assignee or a prospective assignee of a financial obligation owing by the consumer to a person or entity in paragraph (a) of this subsection (11);

(c) A subsidiary, affiliate, agent, assignee, or prospective assignee of a person to whom access has been granted under subsection (3) of this section for purposes of facilitating the extension of credit or other permissible use;

(d) A state or local agency, law enforcement agency, trial court, private collection agency, or person acting pursuant to a court order, warrant, or subpoena authorizing the use of the consumer report;

(e) A child support enforcement agency acting to enforce child support obligations;

(i) The use of credit information for the purposes of prescreening as provided for by the "Fair Credit Reporting Act", 15 U.S.C. sec. 1681 et seq.;

(j) Any person or entity administering a credit file monitoring subscription service to which the consumer has subscribed;

(k) Any person or entity for the purpose of providing a consumer with a copy of his or her consumer report upon the consumer's request;

(l) Any person or entity for use in setting or adjusting a rate, adjusting a claim, or underwriting for insurance purposes;

(q) A law enforcement agency or its agents acting to investigate a crime or conducting a criminal background check.

(12) (a) Fees for requesting a security freeze, temporarily lifting a security freeze, and

permanently removing a security freeze from consumer reports may be charged only in accordance with this subsection (12).

(b) A consumer reporting agency may not charge a fee for a consumer's first request to place a security freeze on his or her consumer report.

(c) Except as provided for in paragraphs (a) and (b) of this subsection (12), a consumer reporting agency may charge a consumer a reasonable fee of no more than ten dollars for:

(I) A temporary lift for a period of time or permanent removal of a security freeze from the consumer report; or

(II) A subsequent request for a security freeze of the consumer report after the consumer's first request for a security freeze has been permanently removed from his or her consumer report.

(d) Except as provided for in paragraphs (a) and (b) of this subsection (12), a consumer reporting agency may charge a fee not to exceed twelve dollars for temporarily lifting a security freeze on the consumer report for a specific party.

12-14.3-106.7. Notice of rights. (1) At any time that a consumer is required to receive a summary of rights required under section 609 of the "Fair Credit Reporting Act" or under state law, the following notice shall be included:

State Consumers Have the Right to Obtain a Security Freeze

You may obtain a security freeze on your consumer report to protect your privacy and ensure that credit is not granted in your name without your knowledge, except as provided by law. You have a right to place a security freeze on your consumer report to prohibit a consumer reporting agency from releasing any information in your consumer report without your express authorization or approval, except as the law allows.

You will not be initially charged to place a security freeze on your consumer report. However, you will be charged a fee of no more than ten dollars to temporarily lift the freeze for a period of time, to permanently remove the freeze from your consumer report, or when you make a subsequent request for a freeze to be placed on your consumer report. As well, you may be charged a fee of no more than twelve dollars to temporarily lift the freeze for a specific party.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. When you place a security freeze on your consumer report, within five business days you will be provided procedures for the temporary release of your consumer report to a specific party or parties or for a period of time after the security freeze is in place. To provide that

authorization, you must contact the consumer reporting agency and provide the proper information regarding the third party or parties who are to receive the consumer report or the period of time for which the report shall be available to users of the consumer report.

A consumer reporting agency that receives a request from a consumer to temporarily lift a security freeze on a consumer report shall comply with the request no later than three business days after receiving the request.

A security freeze does not apply to circumstances where you have an existing account relationship, and a copy of your report is requested by your existing creditor or its agents or affiliates for certain types of account review, collection, fraud control, or similar activities.

You should be aware that using a security freeze to take control over who gains access to the personal and financial information in your consumer report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding new loans, credit, mortgage, insurance, government services or payments, rental housing, employment, investment, license, cellular phone, utilities, digital signature, internet credit card transaction, or other services, including an extension of credit at the point of sale. You should plan ahead and lift a security freeze either completely if you are shopping around, or specifically for a certain creditor a few days before actually applying for new credit.

You have the right to bring a civil action or submit to binding arbitration against a consumer reporting agency to enforce an obligation under the security freeze law after following specified dispute procedures and having received the necessary notice.

12-14.3-106.8. Security freeze - prohibition of changing official information in credit report. If a security freeze is in place, a consumer reporting agency shall not change any of the following official information in a consumer report without sending a written notice of the change to the consumer within thirty days of the change being posted to the consumer's file: Name, date of birth, social security number, and address. Written notice is not required for technical modifications of a consumer's official information, including name and street abbreviations, complete spellings, or transposition of numbers or letters. In the case of an address change, the written notice shall be sent to both the new address and the former address.

12-14.3-106.9. Security freeze - exemptions. (1) Sections 12-14.3-106.6 to 12-14.3-106.8 shall not apply to a consumer reporting agency that acts only as a reseller of credit

information by assembling and merging information contained in the database of another consumer reporting agency or multiple consumer reporting agencies, and that does not maintain a permanent database of credit information from which new consumer reports are produced. However, a consumer reporting agency shall honor any security freeze placed on a consumer report by another consumer reporting agency.

(2) The following entities are not required to place in a consumer report a security freeze:

(a) A check service or company or fraud prevention service or company that issues reports on incidents of fraud or authorizations for the purpose of approving or processing negotiable instruments, electronic funds transfers, or similar methods of payments;

(b) A deposit account information service or company that issues reports regarding account closures due to fraud, substantial overdrafts, or automatic teller machine abuse or similar negative information regarding a consumer to inquiring banks or other financial institutions for use only in reviewing a consumer request for a deposit account at the inquiring bank or financial institution;

(c) A fraud prevention service or company issuing reports to prevent or investigate fraud.

12-14.3-107. Consumer's right to file action in court or arbitrate disputes. An action to enforce any obligation of a consumer reporting agency to a consumer under this article may be brought in any court of competent jurisdiction as provided by the federal "Fair Credit Reporting Act" or submitted to binding arbitration after the consumer has followed all dispute procedures in section 12-14.3-106 and has received the notice specified in subsection (6) of said section, or has followed all of the block procedures in section 12-14.3-106.5, or has followed all of the freeze procedures in section 12-14.3-106.6, in the manner set forth in the rules of the American arbitration association to determine whether the consumer reporting agency met its obligations under this article. No decision by an arbitrator pursuant to this section shall affect the validity of any obligations or debts owed to any party. A successful party to any such arbitration proceeding shall be compensated for the costs and attorney fees of the proceeding as determined by the court or arbitration. No consumer may submit more than one action to arbitration against any consumer reporting agency during any one-hundred-twenty-day period. The results of an arbitration action brought against a consumer reporting agency doing business in this state shall be communicated in a timely manner with all other consumer reporting agencies doing business in this state. If, as a result of an arbitration a determination is made in favor of the consumer, any adverse information in such consumer's file or record shall be blocked, removed, or stricken in a timely manner, or the consumer report shall be frozen within five days of receipt of such determination by the consumer reporting agency. If such adverse information is not so blocked, removed, or stricken, or the file is not frozen, the consumer may bring an action against the noncomplying agency pursuant to this section notwithstanding the one-hundred-twenty-day waiting period.

12-14.3-108. Violations. (1) Any consumer reporting agency that willfully violates any provision of this article, or the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681c, as amended, shall be liable for three times the amount of actual damages or one thousand dollars for

a violation of section 12-14.3-106.6, or for each inaccurate or unblocked entry in the consumer's file that was disputed or alleged to be unauthorized in accordance with section 12-14.3-106.5 by the consumer, whichever is greater, reasonable attorney fees, and costs.

(2) (a) Any consumer reporting agency that negligently violates this article, or the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681c, as amended, shall be liable for the greater of actual damages or one thousand dollars for each violation of section 12-14.3-106.6, or for each inaccurate or unblocked entry in the consumer's file that was disputed or alleged to be unauthorized in accordance with section 12-14.3-106.5 by the consumer that affects the consumer's creditworthiness, as defined in section 12-14.3-102 (4.5), plus reasonable attorney fees, and costs, if within thirty days after receiving notice of dispute from a consumer, in accordance with section 12-14.3-106, the consumer reporting agency does not correct the complained of items or activities and does not send the consumer and, upon request of the consumer, any person who has requested the consumer information, written notification of such corrective action, in accordance with section 12-14.3-106 (6), or section 12-14.3-106.6 or if, within thirty days after receiving a copy of a police report alleging, or a certified court order finding, unauthorized activity, the consumer reporting agency does not block the information in accordance with section 12-14.3-106.5.

(b) Any consumer reporting agency that negligently violates this article, or the federal "Fair Credit Reporting Act", 15 U.S.C. sec. 1681c, as amended, shall be liable for the greater of actual damages or one thousand dollars for all violations of section 12-14.3-106.6 or all inaccurate or unblocked entries in the consumer's file that were disputed or alleged to be unauthorized in accordance with section 12-14.3-106.5 or section 12-14.3-106.6 by the consumer that did not affect the consumer's creditworthiness, plus reasonable attorney fees, and costs, if within thirty days after receiving notice of dispute from a consumer, in accordance with section 12-14.3-106, the consumer reporting agency does not correct the complained of items or activities and does not send the consumer and, if requested by the consumer, any person who has requested the consumer information, written notification of such corrective action, in accordance with section 12-14.3-106 (6) or section 12-14.3-106.6 or if, within thirty days after receiving a copy of a police report alleging, or a certified court order finding, unauthorized activity, the consumer reporting agency does not block the information in accordance with section 12-14.3-106.5.

(3) In addition to the damages assessed under subsections (1) and (2) of this section, if, ten days after the entry of any judgment for damages, the consumer's file is still not corrected, blocked, or frozen by the consumer reporting agency, such assessed damages shall be increased to one thousand dollars per day per unfrozen consumer report or inaccurate or unblocked entry that remains in the consumer's file until the inaccurate entry is corrected or blocked, or the consumer report is frozen.

12-14.3-109. Provisions of article cumulative. The provisions of this article are cumulative, and any action taken under the provisions of this article shall not constitute an election to take any such action to the exclusion of any other action authorized by law; except that a credit reporting agency shall not be subject to suit with respect to any issue that was the

subject of an arbitration proceeding brought pursuant to section 12-14.3-107.

12-14.5-102. Legislative declaration. (1) The general assembly finds and declares that:

(a) The ability to obtain and use credit has become of great importance to consumers, who have a vital interest in establishing and maintaining their creditworthiness and credit standing. The extension or receipt of credit has value and should be protected. As a result, consumers who have experienced credit problems may seek assistance from credit services organizations which offer to obtain credit or improve the credit standing of such consumers.

(b) Certain advertising and business practices of some credit services organizations have worked a financial hardship upon the people of this state, often those who are of limited economic means and inexperienced in credit matters. Credit services organizations have significant impact upon the economy and well-being of this state and its people.

(c) The purposes of this part 1 are to provide prospective buyers of services of credit services organizations with the information necessary to make an intelligent decision regarding the purchase of those services and to protect the public from unfair or deceptive advertising and business practices;

(d) This part 1 shall be construed liberally to achieve these purposes; and

(e) It is the intent of the general assembly to further regulate the conduct of persons who provide credit services in accordance with this part 1 by adopting the regulatory requirements contained in part 2 of this article.

The term "credit services organization" does not include the following:

12-14.5-104. Prohibited acts. (1) A credit services organization; its salespersons, agents, and representatives; and independent contractors who sell or attempt to sell the services of a credit services organization shall not:

(a) Charge or receive any money or other valuable consideration prior to full and complete performance of the services the credit services organization has agreed to perform for the buyer;

(b) Make, counsel, or advise any buyer to make any statement that is untrue or misleading to a credit reporting agency or to any person who has extended credit to a buyer or to whom a buyer is applying for an extension of credit with respect to a buyer's creditworthiness, credit standing, or credit capacity;

Subject to section 12-14.5-234, while the appeal is pending, the applicant shall continue to provide debt-management services to individuals with whom it has agreements. If the denial is affirmed, subject to the administrator's order and section 12-14.5-234, the applicant shall continue to provide debt-management services to individuals with whom it has agreements until, with the approval of the administrator, it transfers the agreements to another registered provider or returns to the individuals all unexpended money that is under the applicant's control.

(g) If a registered provider fails to file by July 1 a complete application for renewal of registration and the required renewal fee, the registration shall automatically expire on that date.

12-14.5-212. Registration in another state. If a provider holds a license or certificate of registration in another state authorizing it to provide debt-management services, the provider may submit a copy of that license or certificate and the application for it instead of an application in the form prescribed by section 12-14.5-205 (a), 12-14.5-206, or 12-14.5-211 (c). The administrator shall accept the application and the license or certificate from the other state as an application for registration as a provider or for renewal of registration as a provider, as appropriate, in this state if:

(2) The applicant provides the information required by section 12-14.5-206 (1), (3), (10), (12), and (13);

(3) The applicant, under penalty of false statement, certifies that the information contained in the application is current or, to the extent it is not current, supplements the application to make the information current; and

(2) Be issued by a bonding, surety, or insurance company authorized to do business in this state and rated at least A by a nationally recognized rating organization; and

(3) Have payment conditioned upon noncompliance of the provider or its agent with this part 2.

(c) If the principal amount of a surety bond is reduced by payment of a claim or a judgment, the provider and the surety shall notify the administrator immediately and, within thirty days after notice by the administrator, the provider shall file a new or additional surety bond in an amount set by the administrator. The amount of the new or additional bond shall be at least the amount of the bond immediately before payment of the claim or judgment. If for any reason a surety terminates a bond, the surety shall provide written notice of the termination to the administrator immediately, and the provider shall immediately file a new surety bond in the amount of fifty thousand dollars or other amount determined pursuant to subsection (b) of this section.

(d) The administrator or an individual may obtain satisfaction out of the surety bond procured pursuant to this section if:

(1) The administrator assesses expenses under section 12-14.5-232 (b) (1), issues a final order under section 12-14.5-233 (a) (2), or recovers a final judgment under section 12-14.5-233 (a) (4), (a) (5), or (d); or

(2) An individual recovers a final judgment pursuant to section 12-14.5-235 (a), (b), (c) (1), (c) (2), or (c) (4).

(e) If claims against a surety bond exceed or are reasonably expected to exceed the amount of the bond, the administrator, on the initiative of the administrator or on petition of the surety, shall, unless the proceeds are adequate to pay all costs, judgments, and claims, distribute the proceeds in the following order:

(1) To satisfaction of a final order or judgment under section 12-14.5-233 (a) (2), (a) (4), (a) (5), or (d);

(2) To final judgments recovered by individuals pursuant to section 12-14.5-235 (a), (b), (c) (1), (c) (2), or (c) (4), pro rata;

(3) To claims of individuals established to the satisfaction of the administrator, pro rata; and

To waive the right, the individual shall send or deliver a signed, dated statement in the individual's own words describing the circumstances that necessitate a waiver. 12-14.5-222. Trust account. (a) All money paid to a provider by or on behalf of an individual pursuant to a plan for distribution to creditors is held in trust. Within two business days after receipt, the provider shall deposit the money in a trust account established for the benefit of individuals to whom the provider is furnishing debt-management services.

(B) If a plan provides for regular periodic payments to creditors, the disbursement shall comply with the due dates established by each creditor; and

(3) Promptly correct any payments that are not made or that are misdirected as a result of an error by the provider or other person in control of the trust account and reimburse the individual for any costs or fees imposed by a creditor as a result of the failure to pay or misdirection.

If the provider or its designee has more than one trust account, each trust account shall be individually reconciled.

(g) If a provider discovers, or has a reasonable suspicion of, embezzlement or other unlawful appropriation of money held in trust, the provider immediately shall notify the administrator by a method approved by the administrator. Unless the administrator by rule provides otherwise, within five days thereafter, the provider shall give notice to the administrator describing the remedial action taken or to be taken.

(h) If an individual terminates an agreement or it becomes reasonably apparent to a provider that a plan has failed, the provider shall promptly refund to the individual all money paid by or on behalf of the individual that has not been paid to creditors, less fees that are payable to the provider under section 12-14.5-223.

(i) Before relocating a trust account from one bank to another, a provider shall inform the administrator of the name, business address, and telephone number of the new bank. As soon as practicable, the provider shall inform the administrator of the account number of the trust

account at the new bank.

(c) If an individual assents to an agreement, a provider may not impose a fee or other charge for educational or counseling services, or the like, except as otherwise provided in this subsection (c) and section 12-14.5-228 (d). The administrator may authorize a provider to charge a fee based on the nature and extent of the educational or counseling services furnished by the provider.

(d) The following rules apply:

(1) If an individual assents to a plan that contemplates that creditors will reduce finance charges or fees for late payment, default, or delinquency, the provider may charge:

(A) A fee not exceeding fifty dollars for consultation, obtaining a credit report, and setting up an account; and

(B) A monthly service fee, not to exceed ten dollars times the number of creditors remaining in a plan at the time the fee is assessed, but not more than fifty dollars in any month.

(2) If an individual assents to a plan that contemplates that creditors or debt collectors will settle debts for less than the principal amount of the debt:

(A) A provider may not request or receive payment of any fee or consideration until and unless:

(i) The provider has settled the terms of at least one debt pursuant to a settlement agreement or other valid contractual agreement executed by the individual;

(ii) The individual has made at least one payment pursuant to that settlement agreement or other valid contractual agreement between the individual and the creditor or debt collector; and

(iii) The fee or consideration either: Bears the same proportional relationship to the total fee for settling the terms of the entire debt balance as the individual debt amount bears to the entire debt amount, in which case the individual debt amount and the entire debt amount are those owed at the time the debt was enrolled in the service; or is a percentage of the amount saved as a result of the settlement. The percentage charged cannot change from one individual debt to another. The amount saved is the difference between the amount owed at the time the debt was enrolled in the plan and the amount actually paid to satisfy the debt.

(B) and (C) (Deleted by amendment, L. 2011, (HB 11-1206), ch. 113, p. 354, § 14, effective July 1, 2011.)

(D) Notwithstanding subparagraph (A) of this paragraph (2), no individual who completes all of his or her obligations under the agreement may be charged fees such that those fees, when added to the aggregate of offers of settlement obtained by the provider for the debtor, exceeds the principal amount of the debt.

(3) A provider may not impose or receive fees under both paragraphs (1) and (2) of this subsection (d).

(4) Except as otherwise provided in section 12-14.5-228 (d), if an individual does not assent to an agreement, a provider may receive for educational and counseling services it provides to the individual a fee not exceeding one hundred dollars or, with the approval of the administrator, a larger fee. The administrator may approve a fee larger than one hundred dollars if the nature and extent of the educational and counseling services warrant the larger fee.

(5) (Deleted by amendment, L. 2011, (HB 11-1206), ch. 113, p. 354, § 14, effective July 1, 2011.)

12-14.5-224. Voluntary contributions. A provider may not solicit a voluntary contribution from an individual or an affiliate of the individual for any service provided to the individual. A provider may accept voluntary contributions from an individual but, until thirty days after completion or termination of a plan, the aggregate amount of money received from or on behalf of the individual may not exceed the total amount the provider may charge the individual under section 12-14.5-223.

12-14.5-225. Voidable agreements. (a) If a provider imposes a fee or other charge or receives money or other payments not authorized by section 12-14.5-223 or 12-14.5-224, the individual may void the agreement and recover as provided in section 12-14.5-235.

(b) If a provider is not registered as required by this part 2 when an individual assents to an agreement, the agreement is voidable by the individual.

(c) If an individual voids an agreement under subsection (b) of this section, the provider does not have a claim against the individual for breach of contract or for restitution.

12-14.5-226. Termination of agreements. (a) If an individual who has entered into an agreement fails for sixty days to make payments required by the agreement, a provider may terminate the agreement.

(b) If a provider or an individual terminates an agreement, the provider shall immediately return to the individual:

(2) (Deleted by amendment, L. 2011, (HB 11-1206), ch. 113, p. 356, § 15, effective July 1, 2011.)

12-14.5-230. Advertising. A provider that advertises debt-management services shall disclose, in an easily comprehensible manner, the information specified in section 12-14.5-217

(d) (3) and (d) (4).

12-14.5-231. Liability for the conduct of other persons. If a provider delegates any of its duties or obligations under an agreement or this part 2 to another person, including an independent contractor, the provider is liable for conduct of the person that, if done by the provider, would violate the agreement or this part 2.

12-14.5-232. Powers of administrator - rules. (a) The administrator may act on its own initiative or in response to complaints and may receive complaints, take action to obtain voluntary compliance with this part 2, and seek or provide remedies as provided in this part 2.

(b) The administrator may investigate and examine, in this state or elsewhere, by subpoena or otherwise, the activities, books, accounts, and records of a person that provides or offers to provide debt-management services, or a person to which a provider has delegated its obligations under an agreement or this part 2, to determine compliance with this part 2. (b) If a person violates or knowingly authorizes, directs, or aids in the violation of a final order issued under paragraph (1) or (2) of subsection (a) of this section, the administrator or court may impose a civil penalty not exceeding twenty thousand dollars for each violation.

(c) The administrator may maintain an action to enforce this part 2 in any county.

(d) The administrator may recover the reasonable costs of enforcing this part 2 under subsections (a) to (c) of this section, including attorney fees based on the hours reasonably expended and the hourly rates for attorneys of comparable experience in the community.

(e) In determining the amount of a civil penalty to impose under subsection (a) or (b) of this section, the administrator or the court shall consider the seriousness of the violation, the good faith of the violator, any previous violations by the violator, the deleterious effect of the violation on the public, the net worth of the violator, and any other factor the administrator or the court considers relevant to the determination of the civil penalty.

12-14.5-234. Suspension, revocation, or nonrenewal of registration. (a) In this section, "insolvent" means:

(b) In addition to the remedies otherwise available under this article, the administrator may suspend, revoke, or deny renewal of a provider's registration if:

(1) A fact or condition exists that, if it had existed when the registrant applied for registration as a provider, would have been a reason for denying registration;

(2) The provider has committed a material violation of this part 2 or a rule or order of the administrator under this part 2;

(3) The provider is insolvent;

(4) The provider or an employee or affiliate of the provider has refused to permit the administrator to make an examination authorized by this part 2, failed to comply with section 12-14.5-232 (b) (2) within fifteen days after request, or made a material misrepresentation or omission in complying with section 12-14.5-232 (b) (2); or

(5) The provider has not responded within a reasonable time and in an appropriate manner to communications from the administrator.

(c) If a provider does not comply with section 12-14.5-222 (f) or if the administrator

otherwise finds that the public health, safety, or general welfare requires emergency action, the administrator may order a summary suspension of the provider's registration, effective on the date specified in the order.

(d) If the administrator suspends, revokes, or denies renewal of the registration of a provider, the administrator may seek a court order authorizing seizure of any or all of the money in a trust account required by section 12-14.5-222, books, records, accounts, and other property of the provider that are located in this state.

(e) If the administrator suspends or revokes a provider's registration, the provider may appeal and request a hearing pursuant to section 24-4-105, C.R.S.

12-14.5-235. Private enforcement. (c) Subject to subsection (d) of this section, an individual with respect to whom a provider violates this part 2 may recover in a civil action from the provider and any person that caused the violation:

(1) Compensatory damages for injury, including noneconomic injury, caused by the violation;

(2) Except as otherwise provided in subsection (d) of this section, with respect to a violation of section 12-14.5-217, 12-14.5-219 to 12-14.5-224, 12-14.5-227, or 12-14.5-228 (a), (b), or (d), the greater of the amount recoverable under paragraph (1) of this subsection (c) or five thousand dollars;

(3) Punitive damages; and

(4) Reasonable attorney fees and costs.

(d) In a class action, except for a violation of section 12-14.5-228 (a) (5), the minimum damages provided in paragraph (2) of subsection (c) of this section do not apply.

(e) In addition to the remedy available under subsection (c) of this section, if a provider violates an individual's rights under section 12-14.5-220, the individual may recover in a civil action all money paid or deposited by or on behalf of the individual pursuant to the agreement, except for amounts paid to creditors.

(f) A provider is not liable under this section for a violation of this part 2 if the provider proves that the violation was not intentional and resulted from a good-faith error notwithstanding the maintenance of procedures reasonably adapted to avoid the error. An error of legal judgment with respect to a provider's obligations under this part 2 is not a good-faith error. If, in connection with a violation, the provider has received more money than authorized by an agreement or this part 2, the defense provided by this subsection (f) is not available unless the provider refunds the excess within two business days after learning of the violation.

(g) The administrator shall assist an individual in enforcing a judgment against the surety bond or other security provided under section 12-14.5-213 or 12-14.5-214.

12-14.5-236. Violation of unfair or deceptive practices statute. If an act or practice of a provider violates both this part 2 and section 6-1-105, C.R.S., an individual may not recover under both for the same act or practice.

12-14.5-237. Statute of limitations. (a) An action or proceeding brought pursuant to section 12-14.5-233 (a), (b), or (c) shall be commenced within four years after the conduct that is the basis of the administrator's complaint.

(b) An action brought pursuant to section 12-14.5-235 shall be commenced within two years after the latest of:

(c) The period prescribed in paragraph (5) of subsection (b) of this section is tolled during any period during which the provider or, if different, the defendant has materially and willfully misrepresented information required by this part 2 to be disclosed to the individual, if the information so misrepresented is material to the establishment of the liability of the defendant under this part 2.

12-14.5-238. Uniformity of application and construction. In applying and construing this part 2, consideration shall be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

12-14.5-239. Relation to federal "Electronic Signatures in Global and National Commerce Act". This part 2 modifies, limits, and supersedes the federal "Electronic Signatures in Global and National Commerce Act", 15 U.S.C. sec. 7001 et seq., but does not modify, limit, or supersede section 101 (c) of that act, 15 U.S.C. sec. 7001 (c), or authorize electronic delivery of any of the notices described in section 103 (b) of that act, 15 U.S.C. sec. 7003 (b).

transactions. Transactions entered into before January 1, 2008, and the rights, duties, and interests resulting from them may be completed, terminated, or enforced as required or permitted by a law amended, repealed, or modified by this part 2 as though the amendment, repeal, or modification had not occurred.

12-14.5-241. Severability. If any provision of this part 2 or its application to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of this part 2 that can be given effect without the invalid provision or application, and to this end the provisions of this part 2 are severable.

12-14.5-242. Repeal of part. This part 2 is repealed, effective July 1, 2015. Prior to such repeal, the functions of the administrator pursuant to this part 2 and the registration of providers shall be reviewed as provided for in section 24-34-104, C.R.S.

The commissioner may also issue a license to each agent, with a separate agent's license being required for each principal. Any dealer, small-volume dealer, or agent shall show said license upon the request of any interested person. Each licensed dealer, small-volume dealer, or agent shall post such person's license or a copy thereof in the person's office or salesroom in plain view of the public.

(5) Fraud or misrepresentation in making any application shall ipso facto work a revocation of any license granted pursuant thereto. All indicia of the possession of a license shall be at all times the property of the state of Colorado, and each licensee is entitled to the possession thereof only for the duration of said license.

(6) Any person licensed under part 2 of this article may apply for a license as a dealer or small-volume dealer without paying the license fee otherwise required by section 12-16-105.

12-16-105. License fee - renewal - rules. (1) (a) For filing the application described in section 12-16-104, each applicant for a license in each of the following categories shall pay to the commissioner a fee as determined by the agricultural commission, which fee shall be transmitted to the state treasurer for credit to the inspection and consumer services cash fund created in section 35-1-106.5, C.R.S.:

(I) Dealers; except that a dealer who signs an affidavit stating that such dealer shall make payment in cash or by one of the other means specified in section 12-16-106 (1) (f) for each transaction for farm products shall pay the same application fee as a small-volume dealer;

(II) Agents; and

(III) Small-volume dealers.

(b) (I) For each fiscal year, commencing on July 1, twenty-five percent of the direct and indirect costs of administering and enforcing this article shall be funded from the general fund. The agricultural commission shall establish a fee schedule to cover any direct and indirect costs not funded from the general fund.

(II) Repealed.

(2) If any licensee fails for any reason to apply for the renewal of a license before an annual date specified by the commissioner by rule, such licensee shall, upon application for a renewal license and before such license is issued, pay a penalty as established by the agricultural commission, which shall be in addition to the license fee.

(3) Any person against whose surety a claim has been collected or any person against whom an irrevocable letter of credit has been drawn by the commissioner in accordance with the provisions of this part 1 shall not be licensed by the commissioner during the period of three years from the date of such collection; except that the commissioner may, in his discretion and consistent with the purpose of this part 1, issue a temporary license to such person for such period, subject to such restrictions as the commissioner deems reasonable and necessary.

(4) Any licensee who has a verified complaint pending against him with the commissioner shall not be issued a renewal license until the complaint has been settled to the satisfaction of the commissioner.

(5) Upon the failure of an applicant to file a bond or an irrevocable letter of credit meeting the requirements of section 11-35-101.5, C.R.S., within ninety days of the date of

application, the application will be rendered void, and the license fee will not be refunded. Any subsequent application for a license shall require a new license fee.

(6) Whenever the commissioner deems it appropriate, the commissioner may require of any applicant for an initial license, any applicant for a renewal of a license, or any licensee the submission of a financial statement or an audit, prepared by a certified public accountant, or any other information to determine whether such person is in an adequate financial position to carry out his or her duties as a licensee.

12-16-106. Bonds and irrevocable letters of credit - exemptions. (1) (a) Before any license is issued to any dealer, the applicant shall file with the commissioner a bond executed by the applicant as principal and by a surety company qualified and authorized to do business in this state as a surety or an irrevocable letter of credit meeting the requirements of section 11-35-101.5, C.R.S., in the sum of not less than two thousand dollars nor more than two hundred thousand dollars, at the discretion of the commissioner.

(b) Repealed.

(c) The bond or irrevocable letter of credit must be conditioned upon compliance with this part 1 and upon the faithful and honest handling of farm products in accordance with this part 1 and shall cover any fees due the department of agriculture by the dealer and all costs and reasonable attorney fees incident to any suit upon the bond or irrevocable letter of credit. The bond or irrevocable letter of credit must be to the department of agriculture in favor of every producer, dealer, small-volume dealer, or owner and, in the instance of a bond, must remain in full force and effect until cancelled by the surety upon thirty days' prior written notice to the commissioner.

(d) (I) Any producer, owner, small-volume dealer, or other dealer within the state of Colorado claiming to be injured by the fraud, deceit, or willful negligence of, or failure to comply with this part 1 by, any dealer may request the department of agriculture, as beneficiary, to demand payment on the irrevocable letter of credit or surety bond to recover the damages caused by the fraud, deceit, willful negligence, or failure to comply with this part 1.

(II) The surety on the bond or the issuer of the letter of credit is not liable to pay any claim pursuant to any action brought under this part 1 if the action is not commenced within one hundred eighty days after the date of the transaction, as that term is defined in section 12-16-215 (12), on which the claim is based, or the date of the loss, as that term is defined in section 12-16-202 (10), whichever is later.

(e) When any action is commenced on said bond or irrevocable letter of credit, the commissioner may require the filing of a new bond or irrevocable letter of credit, and failure of the licensee to file the new bond or irrevocable letter of credit within ten days after the commencement of said action constitutes grounds for the suspension or revocation of his license.

(f) No bond or irrevocable letter of credit shall be required of a dealer who pays for farm products in cash or with a bank-certified check, a bank cashier's check, an irrevocable electronic funds transfer, or a money order at the time the dealer obtains from the owner thereof possession or control of the farm products, or of an applicant for a license or a licensee operating under a bond required by the United States to secure the performance of his or her obligations; except

that the bond shall include all obligations pertaining to Colorado farm products, and documentary evidence shall be furnished to the commissioner that the bond required by the United States is in full force and effect.

(g) The bond or irrevocable letter of credit required by section 12-16-218 shall apply to the activities as a dealer of any person licensed pursuant to part 2 of this article. Such persons shall also be subject to the provisions of this section and section 12-16-107.

(2) Whenever the commissioner determines that a previously approved bond or irrevocable letter of credit is, or for any cause has become, insufficient, he may require an additional bond or irrevocable letter of credit or other evidence of financial responsibility to be given by a dealer to conform to the requirements of this part 1 or any rule or regulation promulgated pursuant to the provisions of this part 1. The failure of the dealer to comply with the commissioner's requirement within thirty days after written demand therefor constitutes grounds for the suspension or revocation of his license.

(3) Repealed.

12-16-107. Investigations, hearings, and examinations. (1) For the purpose of enforcing the provisions of this part 1, the commissioner may receive complaints from persons against any dealer, small-volume dealer, agent, or person assuming or attempting to act as such and, upon the receipt of such a complaint, may make any and all necessary investigations relative to said complaint.

(2) The commissioner upon his own motion may, and upon the verified complaint of any person shall, investigate any transactions involving any provisions of this part 1.

(3) (a) The commissioner, upon consent of the licensee or upon obtaining an administrative search warrant, shall have free and unimpeded access to all buildings, yards, warehouses, and storage facilities owned by a licensee in which any farm products are kept, stored, handled, processed, or transported.

(b) The commissioner, upon consent of the licensee or upon obtaining a search warrant, shall have free and unimpeded access to all records required to be kept and may make copies of such records.

(c) The commissioner shall have full authority to administer oaths and take statements, to issue subpoenas requiring the attendance of witnesses before him and the production of all books, memoranda, papers, and other documents, articles, or instruments, and to compel the disclosure by such witnesses of all facts known to them relative to the matters under investigation. Upon the failure or refusal of any witness to obey any subpoena, the commissioner may petition the district court, and, upon a proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey such an order of the court shall be punishable as a contempt of court.

(4) The commissioner may examine the ledgers, books, accounts, memoranda, and other documents and the farm products, scales, measures, and other items in connection with the business of any licensee relating to whatever transactions may be involved.

(5) The commissioner shall not be required to investigate or act upon complaints regarding transactions which occurred more than one hundred twenty days prior to the date upon

which the commissioner received the written complaint.

(6) If the investigation is against a licensee, the commissioner shall proceed to ascertain the names and addresses of all producers, dealers, small-volume dealers, or owners of farm products, together with the accounts unaccounted for or due and owing to them by said licensee, and shall request all such producers, dealers, small-volume dealers, or owners to file verified statements of their respective claims with the commissioner. If a producer, dealer, small-volume dealer, or owner so requested fails, refuses, or neglects to file a verified statement in the office of the commissioner within thirty days after the date of such request, the commissioner shall thereupon be relieved of any further duty or action under this part 1 on behalf of said producer, dealer, small-volume dealer, or owner.

(7) In the course of any investigation, the commissioner may attempt to effectuate a settlement between the respective parties.

(8) (a) If the commissioner determines, after concluding an investigation on any complaint, that reasonable grounds exist to believe that a licensee has violated any of the provisions of this part 1, he shall notify the licensee that such complaint is valid and shall inform the licensee of his opportunity to request a hearing, in writing, on such complaint within ten days after the date of such notice.

(b) Upon the receipt of a request for a hearing from a licensee or if the commissioner determines that a hearing concerning any licensee is necessary, he shall cause a copy of the complaint or the grounds specified in section 12-16-108, together with a notice of the time and place of the hearing, to be served personally or by mail upon such licensee. Service shall be made at least ten days before the hearing, which shall be held in the city or town in which the business location of the licensee is situated, or in which the transactions involved allegedly occurred, or at the location deemed by the commissioner to be most convenient.

(c) The commissioner shall conduct such hearing pursuant to the provisions of section 24-4-105, C.R.S. Thereafter, the commissioner shall enter in his office a decision specifying the relevant facts established at such hearing. If the commissioner determines from the facts specified that the licensee has not violated any of the provisions of this part 1, the complaint shall be dismissed. If the commissioner determines from the facts specified that the licensee has violated any of the provisions of this part 1, and that the licensee has not yet made complete restitution to the person complaining, he shall determine the amount of damages, if any, to which such person is entitled as the result of such violation, and he shall enter an order directing the offender to pay the person complaining such amount on or before the date fixed in the order. A copy of the decision shall be furnished to all the respective parties to the complaint.

(9) As a result of such hearing, the commissioner may also enter any order suspending or revoking the license of a licensee or may place the licensee on probation if the commissioner determines that the licensee has committed any of the unlawful acts specified in section 12-16-115 or that the licensee has violated any of the provisions of this part 1.

(10) (a) If a person against whom an order, as specified in paragraph (c) of subsection (8) of this section, is made and issued fails, neglects, or refuses to obey said order within the time specified in the order, the commissioner may thereupon issue a further order to that person directing him to show cause why his license should not be suspended or revoked for failure to comply with said order.

(b) In such case, a copy of said order to show cause, together with a notice of the time and place of the hearing thereupon, shall be served personally or by mail upon the person involved. Service shall be made at least ten days before the hearing, which shall be held in the city or town in which the business location of the licensee is situated or at any convenient place designated by the commissioner.

(c) The commissioner shall conduct such hearing pursuant to the provisions of section 24-4-105, C.R.S., and thereafter shall enter in his office an order and decision specifying the facts established at the hearing and either dismissing the order to show cause, or directing the suspension or revocation of the license held by the licensee, or making such other conditional or probationary orders as may be proper. A copy of said order and decision shall be furnished to the licensee.

(d) Nothing in this section shall be construed as limiting the power of the commissioner to revoke or suspend a license when he is satisfied of the existence of any of the facts specified in section 12-16-115.

(11) Whenever the absence of records or other circumstances makes it impossible or unreasonable for the commissioner to ascertain the names and addresses of all persons specified in subsection (6) of this section, the commissioner, after exercising due diligence and making a reasonable inquiry to secure said information from all reasonable and available sources, shall not be liable or responsible for the claims or the handling of claims which may subsequently appear or be discovered. After ascertaining all claims, assessments, and statements in the manner set forth in subsection (6) of this section, the commissioner may then demand payment on the bond or irrevocable letter of credit on behalf of those claimants whose claims have been determined by the commissioner as valid and, in the instance of a bond, may settle or compromise said claims with the surety company on the bond and execute and deliver a release and discharge of the bond involved. Upon the refusal of the surety company to pay the demand, the commissioner may bring an action on the bond on behalf of the producer, dealer, small-volume dealer, or owner.

(12) For the purpose of this section, a transaction is deemed to have occurred:

(a) On the date that possession of farm products is transferred by a claimant;

(b) On delayed payment transactions, on the contractual date of payment or, if there is no contractual date of payment, thirty days following the transfer of title.

(13) Complaints of record made to the commissioner and the results of his investigations may, in the discretion of the commissioner, be closed to public inspection during the investigatory period and until dismissed or until notice of hearing and charges is served on a licensee, unless otherwise provided by court order.

12-16-108. Disciplinary powers - licenses. (1) The commissioner may deny any application for a license, or may refuse to renew a license, or may revoke or suspend a license, or may place a licensee on probation, as the case may require, if the licensee or applicant has:

(a) Violated any of the provisions of this part 1 or violated any of the rules and regulations promulgated by the commissioner pursuant to this part 1;

(b) Been convicted of a felony under the laws of this state, or of any other state, or of the United States; except that, in considering a conviction of a felony, the commissioner shall be

governed by the provisions of section 24-5-101, C.R.S.;

(c) Committed fraud or deception in the procurement or attempted procurement of a license;

(d) Failed or refused to file with the commissioner a surety bond or an irrevocable letter of credit, as required by section 12-16-106;

(e) Been determined by the commissioner to be in an inadequate financial position to meet liability obligations;

(f) Failed to comply with any lawful order of the commissioner concerning the administration of this part 1;

(g) Had a license revoked, suspended, or not renewed or has been placed on probation in another state for cause, if such cause could be the basis for the same or similar disciplinary action in this state.

(2) All proceedings concerning the denial, refusal to renew, revocation, or suspension of a license or the placing of a licensee on probation shall be conducted pursuant to the provisions of section 12-16-107 and article 4 of title 24, C.R.S.

(3) Any previous violation of the provisions of this part 1 by the applicant or any person connected with him in the business for which he seeks to be licensed, or in the case of a partnership or corporation applicant any previous violations of the provisions of this part 1 by a partner, officer, director, or stockholder of more than thirty percent of the outstanding shares, is sufficient grounds for the denial of a license.

12-16-109. Cease-and-desist order - suit for restraining order. (1) If the commissioner determines that there exists a violation of any provision of this part 1 or of any rule or regulation promulgated under the authority of this part 1, the commissioner may issue a cease-and-desist order, which may require any person to cease functioning as a dealer or small-volume dealer, except for those functions necessary to prevent spoilage of products stored in such dealer's warehouse. Such order shall set forth the provisions alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all functions, except those necessary to prevent spoilage, be ceased forthwith. At any time after the date of the service of the order to cease and desist, the person may request a hearing on the question of whether or not any such violation has occurred. Such hearing shall be concluded in not more than ten days after such request and shall be conducted pursuant to the provisions of article 4 of title 24, C.R.S.

(2) In the event that any person fails to comply with a cease-and-desist order within twenty-four hours after service, the commissioner may bring a suit pursuant to section 12-16-114 (2) to prevent any further or continued violation of such order.

(3) No stay of a cease-and-desist order shall be issued before a hearing thereon involving both parties.

(4) Matters brought before a court pursuant to this section shall have preference over other matters on the court's calendar.

12-16-110. Appeal. Any action of the commissioner with reference to the administration

of this part 1 may be reviewed by any court of competent jurisdiction pursuant to the provisions of section 24-4-106, C.R.S., only after all administrative remedies have been exhausted.

12-16-110.5. Credit sale contracts. (1) When a dealer or small-volume dealer purchases farm products for which payment has not been made, the dealer or small-volume dealer, within thirty days after the receipt of the farm products, shall provide the producer or owner of the farm products with a credit sale contract. - (d) The contract number required pursuant to subsection (4) of this section; and
- (e) One or more statements specified by the commissioner by rule, including one that warns a producer that entering into a credit sale contract entails a risk that the bond may not completely protect the producer from loss in the event of a failure of the dealer or small-volume dealer.

(2) Records of a dealer or small-volume dealer shall be retained for a period of two years and shall reflect those credit sale contracts that have been cancelled and those that are still open. Such records shall be kept at the dealer's or small-volume dealer's place of business at all times.

(3) An annual report of the status of all of a dealer's or small-volume dealer's credit sale contracts may be required by the commissioner.

(h) A lot number or other identifying mark for each consignment, which number or mark shall appear on all sales tags or other essential records needed to show what the product actually sold for;

(i) Any claims which have been or may be filed by the dealer against any person for overcharges or for damages resulting from the injury or deterioration of such farm products by the act, neglect, or failure of such person; and such records shall be open to the inspection of the commissioner and the consignor for whom such claims are made.

12-16-111.5. Records of small-volume dealers. Each small-volume dealer shall maintain records of all aspects of each purchase of farm products in the form and manner required by the commissioner.

12-16-112. Daily reports and settlements. (1) When requested by his consignor, a dealer, before the close of the next business day following the sale of any farm products consigned to him, shall transmit or deliver to the owner or consignor a true written report of such sale, showing the amount sold and the selling price. Remittance in full of the amount realized from such sale, including all collections, overcharges, and damages, less the agreed commission and other charges together with a complete account of sales, shall be made to the consignor within ten days after the receipt of the moneys by the dealer unless otherwise agreed to in writing. In the account, the names and addresses of purchasers need not be given, except as required in section 12-16-111.

(2) Every dealer shall retain a copy of the record covering each consignment transaction for a period of one year after the date thereof, which copy shall, at all times, be available for, and open to, the inspection of the commissioner and the consignor or the authorized representative of either.

12-16-113. Pooled consignment. Local produce or fruit associations or other shippers located in the neighborhood where products are grown may receive a reasonable compensation for loading, shipping, and securing persons to handle the same on commission in markets away from the locality where grown. Dealers receiving consignments of farm products from a number of consignors under written agreements or under written authority from them to market such products in season and prorate the net proceeds of such consignments among all consignors or to market the same in connection with other products of the same class may withhold such proportion of the net returns of sales of the consignments as may be necessary to carry out the agreements pertaining to said consignments until final sales have been made. In every case, final settlement shall be made within fifteen days after the final sale of the consignment, unless

In any such action, the commissioner shall not be required to plead or prove irreparable injury or the inadequacy of a remedy at law. Under no circumstances shall the court require the commissioner to post a bond.

12-16-114.5. Civil penalties. (1) Any person who violates any provision of this part 1 or any regulation enacted pursuant to this part 1 is subject to a civil penalty as determined by the commissioner. The maximum penalty shall not exceed one thousand dollars per violation per day.

(2) No civil penalty may be imposed unless the person charged is given notice and an opportunity for a hearing pursuant to article 4 of title 24, C.R.S.

(3) If the commissioner is unable to collect a civil penalty or if any person fails to pay all or any portion of a civil penalty, the commissioner may recover such amount, plus costs and attorney fees, by action in any court of competent jurisdiction.

(4) Under circumstances where the commissioner did not have probable cause to impose a civil penalty, the person charged may recover his costs and attorney fees from the department of agriculture.

(5) All moneys collected from civil penalties pursuant to the provisions of this section shall be transmitted to the state treasurer and credited to the inspection and consumer services cash fund created in section 35-1-106.5, C.R.S.

(c) Keeps written evidence, as required by the department, which clearly shows that the

warehouse operator maintains the commodities for one or more of the purposes set forth in paragraph (a) or (b) of this subsection (1). The department shall consider a commodity left or deposited with a warehouse operator whose records do not include evidence that the commodity was left or deposited for one or more of the purposes set forth in paragraph (a) or (b) of this subsection (1) as a commodity deposited for storage and handling.

12-16-205. Commodity handler licenses - application requirements - fee. (1) (a) Each applicant for a commodity handler license shall pay, for each year in which such license is to be valid, a license fee established by the agricultural commission, which license fee the department shall collect and transmit to the state treasurer, who shall credit the same to the inspection and consumer services cash fund created in section 35-1-106.5, C.R.S.

(b) (I) Except as provided in subparagraph (II) of this paragraph (b), for each fiscal year, commencing on July 1, twenty-five percent of the direct and indirect costs of administering and enforcing this article shall be funded from the general fund. (3) Repealed.

(4) Fraud or misrepresentation in making any application shall in and of itself work a revocation of any license granted pursuant to such application. All indicia of the possession of a license shall at all times be the property of the state of Colorado, and each licensee is entitled to the possession of such indicia only while said license remains valid and current.

12-16-206. Licenses - requirements - rules. (1) To receive or maintain a license, each applicant or licensee shall satisfy the following requirements:

(a) The applicant or licensee shall furnish the commissioner with evidence of minimum provisional insurance coverage in an amount sufficient to protect the applicant's storage obligations. If, at any time, the commissioner evaluates an applicant's provisional insurance coverage to be insufficient, the commissioner may require such additional insurance as the commissioner considers sufficient. Failure to provide evidence of the additional insurance within thirty days after written notice from the commissioner constitutes grounds for the suspension or revocation of the license.

(b) The applicant or licensee shall furnish the commissioner with a financial statement that presents accurately his or her financial condition. The commissioner may promulgate rules that clearly state the information required from each applicant or licensee under this section. Any financial statement submitted to the commissioner in support of a license application made pursuant to the provisions of this part 2 shall be confidential. Whenever the commissioner deems it appropriate, he or she may require any applicant for an initial license, any applicant for a renewal of a license, or any licensee to submit a financial statement or an audit, prepared by a certified public accountant, or any other information the commissioner deems necessary to determine whether such person is in an adequate financial position to carry out his or her duties as a licensee.

(2) If any licensee fails to apply for license renewal before an annual date specified by the commissioner by rule, such licensee shall, upon application for a renewal license and before such license is issued, pay a penalty fee as established by the agricultural commission. Such penalty fee shall be in addition to the license fee.

12-16-206.5. Disciplinary powers - licenses. (1) The commissioner may deny any application for a license, or may refuse to renew a license, or may revoke or suspend a license, or may place a licensee on probation, as the case may require, if the licensee or applicant has:

(a) Violated any of the provisions of this part 2 or violated any of the rules and regulations promulgated by the commissioner pursuant to this part 2;

(b) Failed to place and keep the premises where he conducts the licensed business in the manner required under this part 2;

(c) Been convicted of a felony under the laws of this state, or of any other state, or of the United States; except that, in consideration of the conviction of a felony, the commissioner shall be governed by the provisions of section 24-5-101, C.R.S.;

(d) Committed fraud or deception in the procurement or attempted procurement of a license;

(e) Failed or refused to execute and deliver to the commissioner a surety bond as required by section 12-16-218;

(f) Been determined by the commissioner to be in an inadequate financial position to meet liability obligations;

(g) Failed to comply with any lawful order of the commissioner concerning the

administration of this part 2;

(h) Had a license revoked, suspended, or not renewed or has been placed on probation in another state for cause, if such cause could be the basis for similar disciplinary action in this state.

(2) All proceedings concerning the denial, refusal to renew, revocation, or suspension of a license or the placing of a licensee on probation shall be conducted pursuant to the provisions of article 4 of title 24, C.R.S.

(3) Any previous violation of the provisions of this part 2 by the applicant or any person connected with him in the business for which he seeks to be licensed, or in the case of a partnership or corporation applicant any previous violations of the provisions of this part 2 by a partner, officer, director, or stockholder of more than thirty percent of the outstanding shares, is sufficient grounds for the denial of a license.

12-16-207. Bailment of commodities. (1) Acceptance of commodities for storage by a warehouse operator shall constitute a bailment and not a sale. Stored commodities shall not be liable to seizure upon process of a court in an action against the bailee, except upon action by owners of the stored commodities or the commissioner to enforce the terms thereof; but, in the event of the failure or insolvency of a bailee, commodities shall be first applied exclusively to the settlement on an equal basis of all outstanding negotiable warehouse receipts and other open storage obligations for commodities so stored with the bailee.

(2) Forwarded commodities shall be used only to meet the storage obligation to the forwarding warehouse operator.

(3) The purchase of a commodity does not constitute a bailment.

12-16-208. Credit sale contracts - rules. (1) When a commodity handler purchases commodities for which payment has not been made, the commodity handler, within thirty days after the receipt of the commodities, shall provide the producer or owner of the commodities with the credit sale contract. The credit sale contract must contain the following information:

(a) The class, grade, and quantity of the commodities purchased, and the date of the purchase;

(b) The charges for handling, if any;

(c) The name and address of the producer or owner and the signature of the commodity handler;

(d) The contract number;

(e) The words "not a storage contract" printed in block capital letters in bold-faced type, conspicuously on the first page of the contract;

(f) One or more statements specified by the commissioner by rule, including one that warns a producer that entering into a credit sale contract entails a risk that the bond may not completely protect the producer from loss in the event of a failure of the commodity handler.

(2) A commodity handler's records shall be retained for a period of two years and shall reflect those credit sale contracts that have been cancelled and those that are still open. Such

records shall be kept at the commodity handler's place of business at all times.

(3) An annual report of the status of the credit sale contracts may be required by the commissioner along with the financial statement required in section 12-16-206.

(4) All credit sale contracts entered into by a commodity handler shall be consecutively numbered by such commodity handler, and copies thereof shall be made available by the commodity handler for inspection and examination by the commissioner or his authorized agents.

(5) A commodity handler issuing credit sale contracts shall maintain allowable net assets of not less than twenty-five thousand dollars and shall maintain reserves in an amount equaling or exceeding fifty percent of the value of all of that commodity handler's open credit sale contracts, which value shall be determined with reference to the daily bid price. Such reserves may be in the form of any one or a combination of the following:

(a) Cash;

(b) Commodity assets, including commodities and warehouse receipts or other evidences of storage of commodities;

(c) Credit sale contracts with other commodity handlers licensed by the department of agriculture;

(d) An irrevocable letter of credit in favor of the commissioner, which letter of credit shall be subject to the provisions of section 12-16-218; or

(e) Net worth of the commodity handler of at least four times the value of the open credit sale contracts.

12-16-209. Commodity grades established. The department may promulgate rules and regulations concerning commodity grades in accordance with the standards established by the United States department of agriculture as the official grain standards of the United States government.

12-16-210. Commissioner - rules - delegation of powers and duties. (1) The commissioner may promulgate such rules and regulations in accordance with article 4 of title 24, C.R.S., as are necessary for the administration of this part 2.

(2) The commissioner shall be the enforcing authority of this part 2, and the commissioner or the commissioner's authorized representative shall have free and unimpeded access to all places of business and all business records of the licensee pertinent to any proper inquiry in the administration of this part 2. Any person in whom the enforcement of any provision of this part 2 is vested has the power of a peace officer as to such enforcement.

(3) The powers and duties of the commissioner set forth in this part 2 may be delegated to qualified employees of the department.

12-16-211. Negotiable warehouse receipts - rules. (1) A negotiable warehouse receipt must be either a paper or an electronic document. At no time may a paper receipt and an electronic receipt represent the same lot of the commodity. A licensee may issue warehouse

receipts by use of a written warehouse receipt system, an electronic warehouse receipt system, or both.

(2) The department is the sole source of paper negotiable warehouse receipts and shall furnish those receipts at cost.

(3) Instead of a paper document, a licensee may issue an electronic negotiable version of a warehouse receipt generated by a vendor licensed and approved by the United States department of agriculture if the receipt contains the same information as the paper version of a warehouse receipt. The electronic version of a warehouse receipt carries the same rights and obligations as the paper version. A holder of an electronic version of a warehouse receipt may redeem the warehouse receipt by applying an electronic signature registered and authenticated by a vendor credited by the United States department of agriculture.

(4) The commissioner may promulgate rules regarding the issuance, use, and records requirements of negotiable warehouse receipts.

12-16-212. Use of scale tickets and negotiable warehouse receipts. (1) It is unlawful to issue paper negotiable warehouse receipts other than those furnished by the department. The licensee shall issue these receipts consecutively, as numbered, and each receipt must state the date on which it is actually issued.

(2) Nothing in this part 2 shall be construed to prevent the issuance of nonnegotiable scale tickets or other nonnegotiable evidences of a similar nature showing the date on which the commodities were received, the quantities received, and the condition of such commodities upon their delivery.

(3) When partial withdrawal of a commodity is made by an owner, the warehouse operator shall make an appropriate notation thereof on the depositor's nonnegotiable warehouse receipt or on such other records as may be prescribed by the department. If the warehouse operator has theretofore issued a negotiable warehouse receipt to the owner, the warehouse operator shall claim, cancel, and replace it with a new negotiable warehouse receipt, showing the amount of such owner's commodity remaining in the public warehouse.

(4) Every commodity handler receiving commodities for storage or handling shall immediately, upon receipt of each load, issue to every person delivering the commodity a scale ticket, which shall contain the net weight of each separate draft or load of the commodity and the dockage, if any, to be levied at the time of delivery, and such other information as may be required by the department.

(5) Acceptance of commodities for storage by a warehouse operator for which a negotiable warehouse receipt is issued shall constitute a bailment process and not a sale. If a warehouse operator fails to claim and cancel a negotiable warehouse receipt issued on delivery for commodities stored in the warehouse operator's public warehouse and the negotiation of which would transfer the right of possession of that commodity, the warehouse operator shall be liable, to a good faith purchaser for value, for his failure to deliver to the purchaser all the commodities specified in the receipt. This liability shall apply whether the purchaser acquired title to the negotiable warehouse receipt before, on, or after the delivery of any part of the commodity by the warehouse operator.

12-16-213. Commodity handler records - separate and distinct - time of maintenance. (1) A commodity handler operating another business in conjunction with, or in proximity to, the handler's commodity handling business shall keep a complete set of records for the commodity handling business, entirely separate and distinct from the accounts and records of that other business. The deposits of commodities for the account of another business or for commodities owned by the commodity handler shall be entered in the books of the commodity handler in the same manner as those of other depositors. For the purpose of this section, "other business" shall mean any other separate and legally established enterprise which is distinct and separate from the legal and financial transactions of the commodity handling business.

(2) Commodity handlers shall maintain adequate records and systems for the filing and accounting of negotiable warehouse receipts, cancelled negotiable warehouse receipts, scale tickets, and other documents and transactions necessary or common to the commodity handling industry. Cancelled negotiable warehouse receipts, copies of scale tickets, and copies of other documents evidencing ownership or ownership liability shall be retained by the commodity handler for a period of at least three years after the date of cancellation.

(3) A position report shall be posted daily by the commodity handler; however, if a daily position report poses a substantial hardship, the commissioner may authorize, in writing, a weekly position report. The position report shall include, but need not be limited to, total stocks by commodities received or loaded out, forwardings of commodities to terminal storage, conversions of whole commodities to feed, negotiable warehouse receipt obligations, open storage obligations, credit sale contracts, and public warehouse-owned commodities.

(4) A scale ticket shall be issued for each receipt of commodities. A copy of the scale ticket shall be given to the owner. The commodity handler's copy shall be filed with all other such copies in numerical sequence. Voided scale tickets shall be filed and retained at the commodity handler's place of business. Scale tickets shall be issued in numerical sequence. An issued scale ticket shall contain the following: Sequential number; date; owner's name; commodity handler's name; commodity; test weight with dockage, if applicable; grade, if assigned; gross weight; tare weight; and net weights, in the case of weights from hopper scales.

(5) A settlement sheet shall be maintained for each owner and shall contain the following: Owner's name, scale ticket numbers, total receipts, total withdrawals, test weight, and grade if assigned. A copy of a current settlement sheet shall be provided the owner upon request.

12-16-214. Warehouse operator's liability for disposal of tainted commodities. (1) A warehouse operator shall be liable for any loss or deterioration of commodities in a public warehouse caused by the warehouse operator's failure to exercise reasonable care of the commodities.

(2) If a warehouse operator discovers that, as a result of a condition of a commodity placed in the warehouse operator's public warehouse of which he or she had no notice at the time of deposit, such commodity is a hazard to other commodities or to persons or to the public warehouse and if such commodity is not immediately removed by the owner upon the warehouse

operator's request, the warehouse operator may sell the commodity after reasonable notice to all persons known to claim an interest in the commodity. If the warehouse operator is unable to sell the commodity after a reasonable effort, the warehouse operator may dispose of it in any other lawful manner and shall incur no liability to the owner for such disposition.

(3) At any time before the sale or disposition authorized in this section, the warehouse operator shall deliver the commodity to any person entitled to it upon proper demand and payment of all charges incurred for the specific lot of that commodity.

(4) The commissioner may reject as unsuitable for storage any area of the warehouse operator's premises, unless that area is used for storing the warehouse operator's own commodities.

12-16-215. Enforcement - inspection of commodity handlers' property - confidentiality. (1) The department has the power to inspect commodity handlers' places of business. The department shall investigate any complaint concerning the operation of any commodity handler, or any person attempting or offering to act as such, subject to the provisions of this part 2.

(1.5) Complaints of record made to the commissioner and the results of his investigations may, in the discretion of the commissioner, be closed to public inspection during the investigatory period and until dismissed or until notice of hearing and charges is served on a licensee, unless otherwise provided by court order.

(2) The commissioner, upon consent of the licensee or upon obtaining an administrative search warrant, has the right to inspect any commodity handler's place of business where commodities are stored, handled, or received and any records pertaining to storage obligations and commodity positions kept by the commodity handler that pertain to the operation thereof. The property, books, records, accounts, and papers pertaining to storage obligations and commodity positions of every commodity handler shall be subject to inspection and copying by the commissioner.

(3) The commissioner shall have full authority to administer oaths and take statements, to issue subpoenas requiring the attendance of witnesses before him and the production of all books, memoranda, papers, and other documents, articles, or instruments, and to compel the disclosure by such witnesses of all facts known to them relative to the matters under investigation. Upon the failure or refusal of any witness to obey any subpoena, the commissioner may petition the district court, and, upon a proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey such an order of the court shall be punishable as a contempt of court.

(4) The commissioner may examine the ledgers, books, accounts, memoranda, and other documents and the commodities, scales, measures, and other items in connection with the business of any licensee relating to whatever transactions may be involved.

(5) The commissioner shall not be required to investigate or act upon complaints regarding transactions which occurred more than one hundred twenty days prior to the date upon which the commissioner received the written complaint.

(6) If the investigation is against a licensee, the commissioner shall proceed to ascertain

the names and addresses of all producers, dealers, or owners of commodities, together with the accounts unaccounted for or due and owing to them by said licensee, and shall request all such producers, dealers, or owners to file verified statements of their respective claims with the commissioner. If a producer, dealer, or owner so requested fails, refuses, or neglects to file a verified statement in the office of the commissioner within thirty days after the date of such request, the commissioner shall thereupon be relieved of any further duty or action under this part 2 on behalf of said producer, dealer, or owner.

(7) In the course of any investigation, the commissioner may attempt to effectuate a settlement between the respective parties.

(8) (a) If the commissioner determines, after concluding an investigation on any complaint, that reasonable grounds exist to believe that a licensee has violated any of the provisions of this part 2, he shall notify the licensee that such complaint is valid and shall inform the licensee of his opportunity to request a hearing, in writing, on such complaint within ten days after the date of such notice.

(b) Upon the receipt of a request for a hearing from a licensee or if the commissioner determines that a hearing concerning any licensee is necessary, he shall cause a copy of the complaint or the grounds specified in section 12-16-206.5, together with a notice of the time and place of the hearing, to be served personally or by mail upon such licensee. Service shall be made at least ten days before the hearing, which shall be held in the city or town in which the business location of the licensee is situated, or in which the transactions involved allegedly occurred, or at any convenient place designated by the commissioner.

(c) The commissioner shall conduct such hearing pursuant to the provisions of section 24-4-105, C.R.S. Thereafter, the commissioner shall enter a decision specifying the relevant facts established at such hearing. If the commissioner determines from the facts specified that the licensee has not violated any of the provisions of this part 2, the complaint shall be dismissed. If the commissioner determines from the facts specified that the licensee has violated any of the provisions of this part 2, and that the licensee has not yet made complete restitution to the person complaining, he shall determine the amount of damages, if any, to which such person is entitled as the result of such violation, and he shall enter an order directing the offender to pay such amount to the person complaining on or before the date fixed in the order. A copy of the decision shall be furnished to all the respective parties to the complaint.

(9) As a result of such hearing, the commissioner may also enter any order suspending or revoking the license of a licensee or may place the licensee on probation if the commissioner determines that the licensee has committed any of the unlawful acts specified in section 12-16-221 or that the licensee has violated any of the provisions of this part 2.

(10) (a) If a person against whom an order, as specified in paragraph (c) of subsection (8) of this section, is made and issued fails, neglects, or refuses to obey said order within the time specified in the order, the commissioner may thereupon issue a further order to that person directing the person to show cause why his or her license should not be suspended or revoked for failure to comply with said order.

(b) In such case, a copy of said order to show cause, together with a notice of the time and place of the hearing thereupon, shall be served personally or by mail upon the person involved. Service shall be made at least ten days before the hearing, which shall be held in the

city or town in which the business location of the licensee is situated or at any convenient place designated by the commissioner.

(c) The commissioner shall conduct such hearing pursuant to the provisions of section 24-4-105, C.R.S., and thereafter shall enter an order and decision specifying the facts established at the hearing and either dismissing the order to show cause, or directing the suspension or revocation of the license held by the licensee, or making such other conditional or probationary orders as may be proper. A copy of said order and decision shall be furnished to the licensee.

(d) Nothing in this section shall be construed as limiting the power of the commissioner to revoke or suspend a license when he is satisfied of the existence of any of the facts specified in section 12-16-221.

(11) Whenever the absence of records or other circumstances makes it impossible or unreasonable for the commissioner to ascertain the names and addresses of all persons specified in subsection (6) of this section, the commissioner, after exercising due diligence and making a reasonable inquiry to secure said information from all reasonable and available sources, shall not be liable or responsible for the claims or the handling of claims which may subsequently appear or be discovered. After ascertaining all claims, assessments, and statements in the manner set forth in subsection (6) of this section, the commissioner may then demand payment on the bond or irrevocable letter of credit on behalf of those claimants whose claims have been determined by the commissioner as valid and, in the instance of a bond, may settle or compromise said claims with the surety company on the bond and execute and deliver a release and discharge of the bond involved. Upon the refusal of the surety company to pay the demand, the commissioner may bring an action on the bond on behalf of the producer, dealer, or owner.

(12) For the purpose of this section, a transaction is deemed to have occurred:

(a) On the date that possession of commodities is transferred by a claimant; or
(b) In the case of delayed payment transactions, on the contractual date of payment or, if there is no contractual date of payment, thirty days following the transfer of title.

(13) A public warehouse shall be maintained by the commodity handler in a manner adequate to provide a convenient and safe means of ingress and egress to the various storage bins and compartments by those persons authorized to make inspections.

(14) (a) Each warehouse shall be kept open for the purpose of receiving commodities for storage and delivering commodities out of storage every business day for a period of not less than six hours between the hours of 8 a.m. and 6 p.m. except as provided in paragraph (b) of this subsection (14). The commodity handler shall post conspicuously on the door of the public entrance to his office and to his licensed warehouse a notice showing the hours during which the warehouse will be kept open; except that such notice is not necessary when a warehouse is kept open continuously from 8 a.m. to 6 p.m.

(b) Whenever a warehouse is not to be kept open as required by paragraph (a) of this subsection (14), the notice posted as prescribed in said paragraph (a) shall state the period during which the warehouse is to be closed and the name, address, and telephone number, if any, of the person who shall be authorized to deliver commodities stored in such warehouse upon lawful demand by the depositor thereof or the holder of the receipt thereof, as the case may be.

12-16-216. Procedure on shortage - refusal to submit to inspection. (1) Whenever it appears probable after investigation that a licensed warehouse operator does not possess sufficient commodities to cover the outstanding negotiable warehouse receipts, scale tickets, or other evidences of storage liability issued or assumed by the warehouse operator, the department may give notice to the warehouse operator that he or she is required to do all or any of the following:

- (a) Cover such shortage;
- (b) Give an additional bond or irrevocable letter of credit;
- (c) Submit to such inspection as the department may deem necessary.

(2) If the warehouse operator fails to comply with the terms of the notice within twenty-four hours after the date of its issuance or within such further time as the department may allow, the department may do all or any of the following:

- (a) Issue a cease-and-desist order pursuant to section 12-16-219;
- (b) Take possession of all commodities in the public warehouse owned, operated, or controlled by the warehouse operator and of all books, papers, records, and property of all kinds used in connection with the conduct or operation of the warehouse operator's public warehouse business, whether such books, papers, records, and property pertain specifically, exclusively, directly, or indirectly to that business or are related to his or her handling, storage, or use of commodities in any other business;

(c) Apply to any court of competent jurisdiction for an order to enjoin the warehouse operator from interfering with the department in the discharge of its duties as required by this section;

(d) Petition any court of competent jurisdiction for an order requiring the warehouse operator or any person who has possession of any commodities, books, papers, records, or property of any kind used in connection with the conduct or operation of the public warehouse business who has refused to surrender possession to the department to surrender possession of the same to the department.

(3) Upon its taking possession of the commodities, the department may give written notice of its action to the holders of all negotiable warehouse receipts or other evidences of deposits issued for commodities to present their negotiable warehouse receipts or other evidences of deposits for inspection or to account for the same. Thereupon, the department shall cause an audit to be made of the affairs of such public warehouse with respect to any commodity in which there is an apparent shortage, determine the amount of such shortage, and compute the shortage as to each owner of the commodity. The department shall attempt to notify the warehouse operator of the amount of such shortage and attempt to notify each owner thereby affected. If the owner cannot be notified after a reasonable attempt by the department, the department shall not be held liable for any losses incurred by such owner.

(4) The department shall retain possession of the commodity in the public warehouse and of the books, papers, records, and property of the warehouse operator until such time as the warehouse operator or the warehouse operator's bond or irrevocable letter of credit has satisfied the claims of all holders of negotiable warehouse receipts or other evidences of deposits. In case the shortage exceeds the amount of the bond or irrevocable letter of credit, the warehouse operator's bond or irrevocable letter of credit shall satisfy such claims pro rata. Nothing in this

section shall be construed to prevent the department from complying with an order of a court of competent jurisdiction to surrender possession.

(5) If during or after the audit provided for in this section or at any other time the department is of the opinion that the warehouse operator is insolvent or in danger of becoming so or is unable to satisfy the claims of all holders of negotiable warehouse receipts or other evidences of deposits, the department may petition a court of competent jurisdiction in such county for the appointment of a receiver to operate or liquidate the business of the warehouse operator in accordance with applicable law.

(6) At any time within ten days after the department takes possession of any commodities or the books, papers, records, and property of any public warehouse, the warehouse operator may apply to a court of competent jurisdiction for an order requiring the department to show cause why such commodities, books, papers, records, and property should not be restored to the warehouse operator's possession. Upon its being served notice, the department shall have not more than ten days to respond.

(6.1) (a) If a court of competent jurisdiction determines that all or any part of the commodities, books, papers, records, and property should not be restored to the possession of the warehouse operator, the court may:

(b) Pending determination of the ownership of the commodities, any funds received from the disposition of the commodities shall be placed in an interest-bearing escrow account.

(6.5) If the warehouse operator does not apply to a court of competent jurisdiction for a show-cause order under subsection (6) of this section, the department's action is presumed valid, and the commissioner may determine the disposition of the commodities, books, papers, records, and property that were in the public warehouse and seized pursuant to this part 2. Pending determination of the ownership of the commodities, any funds received from the disposition of the commodities shall be placed in an interest-bearing escrow account.

(7) All expenses incurred by the department in carrying out the provisions of this section shall be a first charge and lien upon the assets of the warehouse operator; and such expenses may be recovered in a separate civil action brought by the department, represented by the attorney general, in a court in the county in which the public warehouse is located, or they may be recovered at the same time and as a part of an action filed under subsection (5) of this section.

(d) When any action is commenced on said bond or irrevocable letter of credit, the commissioner may require the filing of a new bond or irrevocable letter of credit, and the commodity handler's failure to file the new bond or irrevocable letter of credit within ten days after the commencement of said action constitutes grounds for the suspension or revocation of his license.

No license for such firm or corporation, nor inspection by the board or its inspectors, nor the payment of any fees thereon shall be required, with the exception of inspection by the board or its inspectors when performed by written request. Nothing contained in this article shall be construed to require any license, any inspection by the board or its inspectors, or the payment of any fees for any electrical work performed for maintenance, repair, or alteration of existing facilities which shall be exempt as provided in this section.

(4) If the property of any person, firm, or corporation is rental property or is developed for sale, lease, or rental, or is occupied or is to be occupied by tenants for lodging, either transient or permanent, or is generally open to the public, then such property of any such person, firm, or corporation shall be subject to all the provisions of this article pertaining to inspection and licensing, except for the maintenance, repair, or alteration of existing facilities which shall be

(b) Nothing in this article shall be construed to require any firm or corporation or its regular employees to be required to hold a license before doing maintenance or repair of existing facilities on the property of said firm or corporation, whether or not the property is generally open to the public; nor shall inspection by the board or its inspectors or the payment of any fees connected therewith be required.

(11) Any person who plugs in any electrical appliance where approved electrical outlet is already installed shall not be considered an installer.

(12) No provision of this article shall in any manner interfere with, hamper, preclude, or prohibit any vendor of any electrical appliance from selling, delivering, and connecting any electrical appliance, if the connection of said appliance does not necessitate the installation of electrical wiring of the structure where said appliance is connected.

(13) The provisions of this article shall not be applicable to the installation or laying of metal or plastic electrical conduits in bridge or highway projects where such conduits must be laid according to specifications complying with applicable electrical codes.

(13.5) Repealed.

However, no fees or charges may be charged for any such inspection except as set forth in this article, unless request for inspection has been made to the board or its inspectors in writing, in which case, unless otherwise covered in this article, the actual expenses of the board and its inspectors of the inspection involved shall be charged by and be paid to the board. The board is directed to make available and mail minimum standards pertaining to

specific electrical installations on request and to charge a fee for the same, such fee not to exceed the actual cost involved, and in no case more than one dollar. Requests for copies of the national electrical code shall be filled when available, costs thereof not to exceed the actual cost to the board.

(15) Inasmuch as electrical licensing and the examination of persons performing electrical work is a matter of statewide concern, no examination, certification, licensing, or registration of electrical contractors, master electricians, journeymen electricians, residential wiremen, or apprentices who are licensed, registered, or certified under this article shall be required by any city, town, county, city and county, or qualified state institution of higher education; however, any such local governmental authority or qualified state institution of higher education may impose reasonable registration requirements on any electrical contractor as a condition of performing services within the jurisdiction of such authority or within the buildings of such qualified state institution of higher education. The contractor will notify appropriate local authorities that the work has been completed in order that an inspection may be made at the expense of the utility company. The applicable permit fee imposed by the local authorities shall not exceed ten dollars.

(b) This subsection (17) does not exempt any premises wiring on buildings, structures, or other premises not owned by or under the exclusive control of the utility nor wiring in buildings used by the utility for purposes other than those listed in this subsection (17), such as office buildings, garages, warehouses, machine shops, and recreation buildings. This subsection (17) exempts all of the facilities, buildings, and the like inside the security fence of a generating station, substation, control center, or communication facility.

A qualified state institution of higher education with a building department that meets or exceeds the minimum standards adopted by the board under this article shall process applications for permits and inspections only from the institution and from contractors working for the institution, and shall conduct inspections only of work performed for the benefit of the institution.

(7) Notwithstanding the fact that any incorporated town or city, any county, or any city and county in which a public school is located or is to be located has its own electrical code and inspection authority, any electrical installation in any new construction or remodeling or repair of a public school shall be inspected by a state electrical inspector.

(8) In the event that any incorporated town or city, county, city and county, or qualified state institution of higher education intends to commence or cease performing electrical inspections in its respective jurisdiction or, in the case of a qualified state institution of higher education, for its buildings, such public entity or institution shall commence or cease the same only as of July 1 of any year, and written notice of such intent shall be given to the board on or before October 1 of the preceding calendar year. If such notice is not given and the use of state electrical inspectors is required within such notice requirement, the respective local government or qualified state institution of higher education of the respective jurisdiction or building requiring such inspections shall reimburse the state electrical board for any expenses incurred in performing such inspections, in addition to transmitting the required permit fees.

(9) (a) A person claiming to be aggrieved by the failure of a state electrical inspector to inspect property after proper application or by notice of disapproval without setting forth the reasons for rejecting the inspection may request the program director to review the actions of the state electrical inspector or the manner of the inspection. The request may be made by an authorized representative and shall be in writing.

(b) Upon the filing of such a request, the program director shall cause a copy to be served upon the state electrical inspector complained of, together with an order requiring the inspector to answer the allegations of said request within a time fixed by the program director.

(c) If the request is not granted within ten days after it is filed, it may be treated as

rejected. Any person aggrieved by the action of the program director in refusing the review requested or in failing or refusing to grant all or part of the relief requested may file a written complaint and request for a hearing with the board, specifying the grounds relied upon.

(d) Any hearing before the board shall be held pursuant to the provisions of section 24-4-105, C.R.S.

(10) An inspector performing an inspection for the state, an incorporated town or city, a county, a city and county, or a qualified state institution of higher education may verify compliance with any provision of this article and may file a complaint with the board for a violation of this article.

12-23-117. Permit fees. (1) As established pursuant to section 24-34-105, C.R.S., inspection fees shall be charged by the board and shall be set and categorized based upon the actual expense of inspecting each type of electrical installation.

(2) Because electrical inspections are matters of statewide concern, the maximum fees, established annually, chargeable for electrical inspections by any city, town, county, city and county, or qualified state institution of higher education shall not be more than fifteen percent above those provided for in this section, and no such local government or qualified state institution of higher education shall impose or collect any other fee or charge related to electrical inspections or permits. A qualified state institution of higher education may choose not to require fees as part of the permitting process. A documented permitting and inspection system must be instituted by each qualified state institution of higher education as a tracking system that is available to the board for the purpose of investigating any alleged violation of this article. The permitting and inspection system must include information specifying the project, the name of the inspector, the date of the inspection, the job site address, the scope of the project, the type of the inspection, the result of the inspection, the reason and applicable code sections for partially passed or failed inspections, and the names of the contractors on the project who are subject to inspection.

(3) If an application is not filed in advance of the commencement of an installation, the inspection fee shall be twice the amount of the inspection fee set by the board pursuant to subsection (1) of this section.

12-23-118. Violations - citations - settlement agreements - hearings - fines. (1) The board may deny, suspend, revoke, refuse to renew, or issue a letter of admonition in regard to any license or registration issued or applied for under the provisions of this article, may place a licensee or registrant on probation, or may issue a citation to a licensee, registrant, or applicant for licensure for any of the following reasons:

(a) Violation of or aiding or abetting in the violation of any of the provisions of this article;

(b) Violation of the rules and regulations or orders promulgated by the board in conformity with the provisions of this article or aiding or abetting in such violation;

(c) Failure or refusal to remove within a reasonable time the cause of the disapproval of

any electrical installation as reported on the notice of disapproval, but such reasonable time shall include time for appeal to and a hearing before the board;

(d) Failure or refusal to maintain or adhere to the minimum standards set forth in rules and regulations adopted by the board pursuant to section 12-23-104 (2) (a);

(e) Any cause for which the issuance of the license could have been refused had it then existed and been known to the board;

(f) Commitment of one or more acts or omissions that do not meet generally accepted standards of electrical practice;

(g) Conviction of or acceptance of a plea of guilty or nolo contendere by a court to a felony. In considering the disciplinary action, the board shall be governed by the provisions of section 24-5-101, C.R.S.

(h) Advertising by any licensee or registrant which is false or misleading;

(i) Deception, misrepresentation, or fraud in obtaining or attempting to obtain a license;

(j) Failure of a master electrician who is charged with supervising all electrical work performed by a contractor pursuant to section 12-23-106 (5) (c) to adequately supervise such work or failure of any licensee to adequately supervise an apprentice who is working at the trade pursuant to section 12-23-110.5;

(k) Employment of any person required by this article to be licensed or registered or to obtain a permit who has not obtained such license, registration, or permit;

(l) Disciplinary action against an electrician's license or registration in another jurisdiction. Evidence of such disciplinary action shall be prima facie evidence for denial of licensure or registration or other disciplinary action if the violation would be grounds for such disciplinary action in this state.

(m) Providing false information to the board during an investigation with the intent to deceive or mislead the board;

(n) Practicing as a residential wireman, journeyman, master, contractor, or apprentice during a period when the licensee's license or the registrant's registration has been suspended or revoked;

(o) Selling or fraudulently obtaining or furnishing a license to practice as a residential wireman, journeyman, or master or aiding or abetting therein;

(p) In conjunction with any construction or building project requiring the services of any person regulated by this article, willfully disregarding or violating:

(I) Any building or construction law of this state or any of its political subdivisions;

(II) Any safety or labor law;

(III) Any health law;

(IV) Any workers' compensation insurance law;

(V) Any state or federal law governing withholdings from employee income, including but not limited to income taxes, unemployment taxes, or social security taxes; or

(VI) Any reporting, notification, or filing law of this state or the federal government.

(2) and (3) (Deleted by amendment, L. 94, p. 36, § 3, effective July 1, 1994.)

(4) (a) If, pursuant to an inspection or investigation by a state electrical inspector, the board concludes that any licensee, registrant, or applicant for licensure has violated any provision of subsection (1) of this section and that disciplinary action is appropriate, the program director

or the program director's designee may issue a citation in accordance with subsection (6) of this section to such licensee, registrant, or applicant.

(b) (I) The licensee, registrant, or applicant to whom a citation has been issued may make a request to negotiate a stipulated settlement agreement with the program director or the program director's designee, if such request is made in writing within ten working days after issuance of the citation that is the subject of the settlement agreement.

(II) All stipulated settlement agreements shall be conducted pursuant to rules adopted by the board pursuant to section 12-23-104 (2) (a). The board shall adopt a rule to allow any licensee, registrant, or applicant unable, in good faith, to settle with the program director to request an administrative hearing pursuant to paragraph (c) of this subsection (4).

(III) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(c) (I) The licensee, registrant, or applicant to whom a citation has been issued may request an administrative hearing to determine the propriety of such citation if such request is made in writing within ten working days after issuance of the citation that is the subject of the hearing or within a reasonable period after negotiations for a stipulated settlement agreement pursuant to paragraph (b) of this subsection (4) have been deemed futile by the program director.

(II) For good cause the board may extend the period of time in which a person who has been cited may request a hearing.

(III) All hearings conducted pursuant to subparagraph (I) of this paragraph (c) shall be conducted in compliance with section 24-4-105, C.R.S.

(d) Any action taken by the board pursuant to this section shall be deemed final after the period of time extended to the licensee, registrant, or applicant to contest such action pursuant to this subsection (4) has expired.

(5) (a) The board shall adopt a schedule of fines pursuant to paragraph (b) of this subsection (5) as penalties for violating subsection (1) of this section. Such fines shall be assessed in conjunction with the issuance of a citation, pursuant to a stipulated settlement agreement, or following an administrative hearing. Such schedule shall be adopted by rule in accordance with section 12-23-104 (2) (a).

(b) In developing the schedule of fines, the board shall:

(I) Provide that a first offense may carry a fine of up to one thousand dollars;

(II) Provide that a second offense may carry a fine of up to two thousand dollars;

(III) Provide that any subsequent offense may carry a fine of up to two thousand dollars for each day that subsection (1) of this section is violated;

(IV) Consider how the violation impacts the public, including any health and safety considerations;

(V) Consider whether to provide for a range of fines for any particular violation or type of violation; and

(VI) Provide uniformity in the fine schedule.

(c) Repealed.

(6) (a) (I) Any citation issued pursuant to this section shall be in writing, shall adequately

describe the nature of the violation, and shall reference the statutory or regulatory provision or order alleged to have been violated.

(II) Any citation issued pursuant to this section shall clearly state whether a fine is imposed, the amount of such fine, and that payment for such fine must be remitted within the time specified in such citation if such citation is not contested pursuant to subsection (4) of this section.

(III) Any citation issued pursuant to this section shall clearly set forth how such citation may be contested pursuant to subsection (4) of this section, including any time limitations.

(b) A citation or copy of a citation issued pursuant to this section may be served by certified mail or in person by a state electrical inspector or the program director's designee upon a person or the person's agent in accordance with rule 4 of the Colorado rules of civil procedure.

(c) If the recipient fails to give written notice to the board that the recipient intends to contest such citation or to negotiate a stipulated settlement agreement within ten working days after service of a citation by the board, such citation shall be deemed a final order of the board.

(d) (I) The board may suspend or revoke a license or registration or may refuse to renew any license or registration issued or may place on probation any licensee or registrant if the licensee or registrant fails to comply with the requirements set forth in a citation deemed final pursuant to paragraph (c) of this subsection (6).

(II) Upon completing an investigation, the board shall make one of the following findings:

(A) The complaint is without merit and no further action need be taken.

(B) There is no reasonable cause to warrant further action.

(C) The investigation discloses an instance of conduct that does not warrant formal action and should be dismissed, but the investigation also discloses indications of possible errant conduct that could lead to serious consequences if not corrected. If this finding is made, the board shall send a confidential letter of concern to the licensee or registrant.

(D) The investigation discloses an instance of conduct that does not warrant formal action but should not be dismissed as being without merit. If this finding is made, the board may send a letter of admonition to the licensee or registrant by certified mail.

(E) The investigation discloses facts that warrant further proceedings by formal complaint. If this finding is made, the board shall refer the complaint to the attorney general for preparation and filing of a formal complaint.

(III) (A) When a letter of admonition is sent by certified mail to a licensee or registrant, the board shall include in the letter a notice that the licensee or registrant has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(B) If the request for adjudication is timely made, the letter of admonition is vacated and the board shall proceed by means of formal disciplinary proceedings.

(IV) (Deleted by amendment, L. 2010, (HB 10-1225), ch. 198, p. 866, § 18, effective July 1, 2010.)

(V) The board shall conduct all proceedings pursuant to this subsection (6) expeditiously and informally so that no licensee or registrant is subjected to unfair and unjust charges and that no complainant is deprived of the right to a timely, fair, and proper investigation of a complaint.

(e) The failure of an applicant for licensure to comply with a citation deemed final pursuant to paragraph (c) of this subsection (6) is grounds for denial of a license.

(f) No citation may be issued under this section unless the citation is issued within the six-month period following the occurrence of the violation.

(7) (a) Any fine collected pursuant to this section shall be transmitted to the state treasurer, who shall credit one-half of the amount of any such fine to the general fund, and one-half of the amount of any such fine shall be shared with the appropriate city, town, county, or city and county, which amounts shall be transmitted to any such entity on an annual basis.

(b) Any fine assessed in a citation or an administrative hearing or any amount due pursuant to a stipulated settlement agreement that is not paid may be collected by the program director through a collection agency or in an action in the district court of the county in which the person against whom the fine is imposed resides or in the county in which the office of the program director is located.

(c) The attorney general shall provide legal assistance and advice to the program director in any action to collect an unpaid fine.

(d) In any action brought to enforce this subsection (7), reasonable attorney fees and costs shall be awarded.

(8) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (8), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(9) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (9) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (9) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (9). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter,

and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (9) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (9) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (9), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(10) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the board may enter into a stipulation with such person.

(11) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(12) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order in a court of competent jurisdiction.

12-23-118.1. Reapplication after revocation of licensure. No person whose license has been revoked shall be allowed to reapply for licensure earlier than two years from the effective date of the revocation.

12-23-118.2. Reconsideration and review of board action. (Repealed)

12-23-118.3. Immunity. Any member of the board, any member of the board's staff, any person acting as a witness or consultant to the board, any witness testifying in a proceeding

authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board member, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in lodging a complaint or participating in any investigative or administrative proceeding pursuant to this article shall be immune from any civil or criminal liability that may result from such participation.

12-23-119. Unauthorized practice - penalties.

(1) Repealed.

(2) Any person who practices or offers or attempts to practice the profession of an electrician without an active license issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense, and, for the second or any subsequent offense, the person commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

12-23-120. Judicial review. The court of appeals shall have initial jurisdiction to review all final actions and orders of the board that are subject to judicial review. Such proceedings shall be conducted in accordance with section 24-4-106 (11), C.R.S.

ARTICLE 25

Engineers, Surveyors, and Architects

PART 1

ENGINEERS

12-25-101. General provisions. In order to safeguard life, health, and property and to promote the public welfare, the practice of engineering is declared to be subject to regulation in the public interest. It shall be deemed that the right to engage in the practice of engineering is a privilege granted by the state through the state board of licensure for architects, professional engineers, and professional land surveyors, created in section 12-25-106; that the profession involves personal skill and presupposes a period of intensive preparation, internship, due examination, and admission; and that a professional engineer's license is solely such professional engineer's own and is nontransferable.

12-25-102. Definitions. As used in this part 1, unless the context otherwise requires:

(1) "Board" means the state board of licensure for architects, professional engineers, and professional land surveyors, created in section 12-25-106.

(2) "Certificate" means the media issued by the board to evidence licensing of a professional engineer.

(3) "Engineer" means a person who, by reason of intensive preparation in the use of mathematics, chemistry, physics, and engineering sciences, including the principles and methods of engineering analysis and design, is qualified to perform engineering work as defined in this part 1.

(4) "Engineering" means analysis or design work requiring intensive preparation and experience in the use of mathematics, chemistry, and physics and the engineering sciences.

(5) "Engineering experience", in addition to the practice of engineering as defined in subsection (10) of this section, may include:

(a) Up to four years of undergraduate engineering study, as approved by the board, in mathematics, basic science, engineering science, engineering design, and engineering practice;

(b) Up to two years of graduate engineering study as approved by the board if the study results in the award of an advanced degree;

(c) Teaching at the instructor level, or at a higher level, of courses in engineering science, design, or engineering practice at a college or university offering an engineering curriculum of four or more years which is approved by the board or at a college offering courses transferable to a board-approved college. This experience must result from a full-time position in teaching or teaching and research.

(d) Engineering research, including that performed by a teacher at the instructor level or at a higher level. The research done by the teacher must be part of his assigned duties in a full-time position in teaching and research.

(6) "Engineer-intern" means a person who has complied with the requirements of sections 12-25-111 and 12-25-112 and is duly enrolled as an "engineer-intern".

(7) (Deleted by amendment, L. 2004, p. 1293, § 8, effective May 28, 2004.)

(8) "License" means the formal legal permission to practice engineering granted by the board.

(9) Repealed.

(10) (a) "Practice of engineering" means the performance for others of any professional service or creative work requiring engineering education, training, and experience and the application of special knowledge of the mathematical and engineering sciences to such professional services or creative work, including consultation, investigation, evaluation, planning, design, and the observation of construction to evaluate compliance with plans and specifications in connection with the utilization of the forces, energies, and materials of nature in the development, production, and functioning of engineering processes, apparatus, machines, equipment, facilities, structures, buildings, works, or utilities, or any combination or aggregations thereof, employed in or devoted to public or private enterprise or uses.

(b) An individual practices or offers to practice "professional engineering" within the meaning and intent of this section if the individual, by oral claim, sign, advertisement, letterhead, card, or in any other way, represents himself or herself to be a professional engineer, through the use of any other means implies that the individual is licensed under this part 1, or performs engineering services.

(14) "Responsible charge" means personal responsibility for the control and direction of engineering work within a professional engineer's scope of competence. Experience may only be classified as "responsible charge" if the engineer is licensed pursuant to this part 1, unless the work involves an activity exempted pursuant to section 12-25-103.

12-25-103. Exemptions. (1) This part 1 does not affect any of the following:

12-25-104. Forms of organizations permitted to practice. A partnership, corporation, limited liability company, joint stock association, or other entity is not eligible for licensure under this part 1. An entity may practice or offer to practice engineering in Colorado only if the individual in responsible charge of the entity's engineering activities performed in Colorado is a professional engineer licensed in Colorado. All engineering documents, plats, and reports issued by or for the entity in connection with engineering work performed in this state must bear the seal and signature of the Colorado-licensed professional engineer who is in responsible charge of and directly responsible for the engineering work.

(l) Failing to pay any fine assessed pursuant to this article;

(m) Violating any law or regulation governing the practice of engineering in another state or jurisdiction. class mail to the professional engineer or engineer-intern at his or her last-known address.

(b) When the board sends a letter of admonition to a professional engineer or engineer-intern, the board shall advise the professional engineer or engineer-intern that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

Letters of concern shall be confidential and shall not be disclosed to members of the public or in any court action unless the board is a party.

12-25-109. Disciplinary proceedings - injunctive relief procedure. (1) The board upon its own motion may, and upon the receipt of a signed complaint in writing from any person shall, investigate the activities of any professional engineer, engineer-intern, or other person who presents grounds for disciplinary action as specified in this part 1.

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may

issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(8) (a) The board is authorized to apply for injunctive relief, in the manner provided by the Colorado rules of civil procedure, to enforce the provisions of this part 1 or to restrain any violation thereof. In such proceedings, it shall not be necessary to allege or prove either that an adequate remedy at law does not exist or that substantial or irreparable damage would result from the continued violation thereof. The members of the board, its staff, and the attorney general shall not be held personally liable in any such proceeding.

(b) (I) If the board has reason to believe that any individual has engaged in, or is engaging in, any act or practice which constitutes a violation of any provision of this article, the board may initiate proceedings to determine if such a violation has occurred. Hearings shall be conducted in accordance with the provisions of article 4 of title 24, C.R.S.

(II) (Deleted by amendment, L. 2006, p. 782, § 17, effective July 1, 2006.)

(8.2) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (8.2), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(8.4) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (8.4) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (8.4) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification

by the board as provided in paragraph (b) of this subsection (8.4). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (8.4) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (8.4) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practice.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (8.4), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of paragraph (c) of this subsection (8.4) shall be effective when issued and shall be a final order for purposes of judicial review.

(8.5) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(8.7) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(8.9) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in subsection (10) of this section.

(9) Repealed.

(10) The court of appeals shall have initial jurisdiction to review all final actions and orders that are subject to judicial review of the board. Such proceedings shall be conducted in accordance with section 24-4-106 (11), C.R.S.

(11) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(12) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the board and, in the opinion of the board, the complaint should be

dismissed, but the board has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the licensee.

12-25-109.5. Reconsideration and review of board action. The board, on its own motion or upon application, at any time after the imposition of any discipline as provided in section 12-25-109, may reconsider its prior action and reinstate or restore such license or terminate probation or reduce the severity of its prior disciplinary action. The taking of any such further action, or the holding of a hearing with respect thereto, shall rest in the sole discretion of the board.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (5), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. 12-29.3-106. Recognition of volunteer health practitioners licensed in other states. (a) While an emergency declaration is in effect, a volunteer health practitioner, registered with a registration system that complies with section 12-29.3-105 and licensed and in good standing in the state upon which the practitioner's registration is based, may practice in this state to the extent authorized by this article as if the practitioner were licensed in this state.

(b) A volunteer health practitioner qualified under subsection (a) of this section is not entitled to the protections of this article if the practitioner is licensed in more than one state and any license of the practitioner is suspended, revoked, or subject to an agency order limiting or restricting practice privileges, or has been voluntarily terminated under threat of sanction.

12-29.3-107. No effect on credentialing and privileging. (a) In this section:

subject to limits based on factors that include license, education, training, experience, competence, health status, and specialized skill.

(b) This article does not affect credentialing or privileging standards of a health facility and does not preclude a health facility from waiving or modifying those standards while an emergency declaration is in effect.

12-29.3-108. Provision of volunteer health or veterinary services - administrative sanctions. (a) Subject to subsections (b) and (c) of this section, a volunteer health practitioner shall adhere to the scope of practice for a similarly licensed practitioner established by the licensing provisions, practice acts, or other laws of this state.

(b) Except as otherwise provided in subsection (c) of this section, this article does not authorize a volunteer health practitioner to provide services that are outside the practitioner's scope of practice, even if a similarly licensed practitioner in this state would be permitted to provide the services.

(c) The disaster management agency may modify or restrict the health or veterinary services that volunteer health practitioners may provide pursuant to this article, and, with regard to emergencies that require only veterinary services, the department of agriculture may modify or restrict the veterinary services that volunteer health practitioners may provide pursuant to this article. An order under this subsection (c) may take effect immediately, without prior notice or comment, and is not a rule within the meaning of the "State Administrative Procedure Act", article 4 of title 24, C.R.S.

(d) A host entity may restrict the health or veterinary services that a volunteer health practitioner may provide pursuant to this article.

(e) A volunteer health practitioner does not engage in unauthorized practice unless the practitioner has reason to know of any limitation, modification, or restriction under this section or that a similarly licensed practitioner in this state would not be permitted to provide the services. A volunteer health practitioner has reason to know of a limitation, modification, or restriction or that a similarly licensed practitioner in this state would not be permitted to provide a service if:

(1) The practitioner knows the limitation, modification, or restriction exists or that a similarly licensed practitioner in this state would not be permitted to provide the service; or

(2) From all the facts and circumstances known to the practitioner at the relevant time, a reasonable person would conclude that the limitation, modification, or restriction exists or that a similarly licensed practitioner in this state would not be permitted to provide the service.

(f) In addition to the authority granted by law of this state other than this article to regulate the conduct of health practitioners, a licensing board or other disciplinary authority in this state:

(1) May impose administrative sanctions upon a health practitioner licensed in this state for conduct outside of this state in response to an out-of-state emergency;

(3) Shall report any administrative sanctions imposed upon a practitioner licensed in

another state to the appropriate licensing board or other disciplinary authority in any other state in which the practitioner is known to be licensed.

(g) In determining whether to impose administrative sanctions under subsection (f) of this section, a licensing board or other disciplinary authority shall consider the circumstances in which the conduct took place, including any exigent circumstances, and the practitioner's scope of practice, education, training, experience, and specialized skill.

12-29.3-109. Relation to other laws. (a) This article does not limit rights, privileges, or immunities provided to volunteer health practitioners by laws other than this article. Except as otherwise provided in subsection (b) of this section, this article does not affect requirements for the use of health practitioners pursuant to the emergency management assistance compact.

(b) The office of emergency management created in section 24-33.5-705, C.R.S., pursuant to the emergency management assistance compact, may incorporate into the emergency forces of this state volunteer health practitioners who are not officers or employees of this state, a political subdivision of this state, or a municipality or other local government within this state.

In doing so, the executive director shall consult with and consider the recommendations of the department of agriculture with regard to veterinary services and the entity established to coordinate the implementation of the emergency management assistance compact and shall also consult with and consider rules promulgated by similarly empowered agencies in other states to promote uniformity of application of this article and make the emergency response systems in the various states reasonably compatible.

Failure to obey the order of the court may be punished by the court as a contempt of court.

12-29.5-107. Disciplinary authority and proceedings. (1) A proceeding for discipline of a licensee may be commenced by the director when the director has reasonable grounds to believe that a licensee has committed any act prohibited by section 12-29.5-106 (1).

- (2) Disciplinary actions may consist of the following:
 - (a) Revocation or suspension of licensure;
 - (b) Placement of the licensee on probation and setting the terms of that probation; and
 - (c) (I) Issuance of letters of admonition. When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, does not warrant formal action by the director but that should not be dismissed as being without merit, the director may issue and send a letter of admonition by first-class mail, to the licensee.
 - (II) When the director sends a letter of admonition to a licensee, the director shall advise the licensee that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.
 - (III) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(2.5) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the director and, in the opinion of the director, the complaint should be dismissed, but the director has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, a confidential letter of concern may be issued and sent to the licensee.

(3) Complaints of record on file with the director and the results of investigations shall be closed to public inspection during the investigatory period and until dismissed or until notice of hearing and charges are served on a licensee. The director's records and papers shall be subject to the provisions of sections 24-72-203 and 24-72-204, C.R.S.

(4) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(5) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the director may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (5), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(6) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to such person an order to show cause as to why the director should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (6) shall be promptly notified by the director of the issuance of the order,

along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (6) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (6). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (6) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (6) and such other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (6), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(7) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with such person.

(8) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(9) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order in a court of competent jurisdiction.

12-29.5-108. Unauthorized practice - penalties. (1) Any person who practices or

offers or attempts to practice acupuncture without an active license issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense, and, for the second or any subsequent offense, the person commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(3) Any person who violates the provisions of section 12-29.5-106 (1) (j) by engaging in sexual intrusion or sexual penetration with a patient during the course of patient care commits a class 4 felony and shall be referred for criminal prosecution.

12-29.5-108.5. Examinations - notice - confidential agreements. (1) If an acupuncturist suffers from a physical or mental illness or condition rendering the licensee unable to practice acupuncture or practice as an acupuncturist with reasonable skill and patient safety, the acupuncturist shall notify the director of the illness or condition in a manner and within a period of time determined by the director. The director may require the licensee to submit to an examination or to evaluate the extent of the illness or condition and its impact on the licensee's ability to practice with reasonable skill and safety to patients.

(2) (a) Upon determining that an acupuncturist with a physical or mental illness or condition is able to render limited acupuncture treatment with reasonable skill and patient safety, the director may enter into a confidential agreement with the acupuncturist in which the acupuncturist agrees to limit his or her practice based on the restrictions imposed by the illness or condition, as determined by the director.

(b) The agreement must specify that the licensee is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

(d) By entering into an agreement with the director under this subsection (2) to limit his or her practice, the licensee is not engaging in unprofessional conduct. The agreement is an administrative action and does not constitute a restriction or discipline by the director. However, if the licensee fails to comply with an agreement entered into pursuant to this subsection (2), the failure constitutes grounds for disciplinary action under section 12-29.5-106 (1) (l) and the licensee is subject to discipline in accordance with section 12-29.5-107.

(3) This section does not apply to a licensee subject to discipline under section 12-29.5-106 (1) (m).

12-29.5-109. Civil penalties. (1) No action may be maintained against a recipient of acupuncture services for breach of a contract involving the rendering of acupuncture services provided under such contract by an acupuncturist who has committed, with respect to such recipient, any act prohibited by section 12-29.5-106 (1).

(2) When a patient, his insurer, or his legal guardian or representative has paid for

acupuncture services rendered by an acupuncturist who has committed, with respect to such patient, any act prohibited by section 12-29.5-106 (1), whether or not said patient knew that said act or acts were illegal, he, his insurer, or his legal guardian or representative may recover, in an action at law, the amount of any fees paid for the acupuncture services and reasonable attorney fees.

(3) The criminal and civil penalties specified under this article are not exclusive but cumulative and in addition to any other causes of action, rights, or remedies a patient may have under law.

12-29.5-109.5. Immunity. (4) (a) The director may commence a proceeding to discipline a registrant when the director has reasonable grounds to believe that the registrant has committed an act enumerated in this section.

(b) In any proceeding held under this section, the director may accept as evidence of grounds for disciplinary action any disciplinary action taken against a registrant in another jurisdiction if the violation that prompted the disciplinary action in the other jurisdiction would be grounds for disciplinary action under this article.

(5) Disciplinary proceedings shall be conducted in accordance with article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to that article by the director or by an administrative law judge, at the director's discretion. The director has the authority to exercise all powers and duties conferred by this article during the disciplinary proceedings.

(6) (a) The director may request the attorney general to seek an injunction, in any court of competent jurisdiction, to enjoin a person from committing an act prohibited by this article. When seeking an injunction under this paragraph (a), the attorney general shall not be required to allege or prove the inadequacy of any remedy at law or that substantial or irreparable damage is likely to result from a continued violation of this article.

(b) (I) The director is authorized to investigate, hold hearings, and gather evidence in all matters related to the exercise and performance of the powers and duties of the director.

(II) In order to aid the director in any hearing or investigation instituted pursuant to this section, the director or an administrative law judge appointed pursuant to paragraph (c) of this subsection (6) is authorized to administer oaths, take affirmations of witnesses, and issue subpoenas compelling the attendance of witnesses and the production of all relevant records, papers, books, documentary evidence, and materials in any hearing, investigation, accusation, or other matter before the director or an administrative law judge.

(III) Upon failure of any witness or registrant to comply with a subpoena or process, the district court of the county in which the subpoenaed person or registrant resides or conducts business, upon application by the director with notice to the subpoenaed person or registrant, may issue to the person or registrant an order requiring the person or registrant to appear before the director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. If the person or registrant fails to obey the order of the court, the person or registrant may be held in contempt of court.

(c) The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to conduct hearings, take evidence, make findings, and report such findings to the director.

(7) (a) The director, the director's staff, any person acting as a witness or consultant to the director, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action

brought against him or her for acts occurring while acting in his or her capacity as director, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts.

(b) A person participating in good faith in making a complaint or report or in an investigative or administrative proceeding pursuant to this section shall be immune from any civil or criminal liability that otherwise might result by reason of the participation.

(8) A final action of the director is subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S. A judicial proceeding to enforce an order of the director may be instituted in accordance with section 24-4-106, C.R.S.

(9) An employer of an athletic trainer shall report to the director any disciplinary action taken against the athletic trainer or the resignation of the athletic trainer in lieu of disciplinary action for conduct that violates this article.

(10) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(11) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a registrant is acting in a manner that is an imminent threat to the health and safety of the public, or a person is acting or has acted without the required registration, the director may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (11), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. The hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(12) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, in addition to any specific powers granted pursuant to this article, the director may issue to the person an order to show cause as to why the director should not issue a final order directing the person to cease and desist from the unlawful act or unregistered practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (12) shall be notified promptly by the director of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. The notice may be served on the person against whom the order has been issued by personal service, by first-class, postage-prepaid United States mail, or in another manner as may be practicable. Personal service or mailing of an order or document pursuant to this paragraph (b) shall constitute notice of the order to the person.

(c) (I) The hearing on an order to show cause shall be held no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (12). The hearing may be continued

by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing be held later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (12) does not appear at the hearing, the director may present evidence that notification was properly sent or served on the person pursuant to paragraph (b) of this subsection (12) and such other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required registration, or has or is about to engage in acts or practices constituting violations of this article, a final cease-and-desist order may be issued, directing the person to cease and desist from further unlawful acts or unregistered practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (12), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(13) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged or is about to engage in an unregistered act or practice; an act or practice constituting a violation of this article, a rule promulgated pursuant to this article, or an order issued pursuant to this article; or an act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with the person.

(14) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(15) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order as provided in subsection (8) of this section.

12-29.7-110. Mental or physical examination of registrants. (1) If the director has reasonable cause to believe that a person registered under this article is unable to practice with reasonable skill and safety, the director may order the person to take a mental or physical examination administered by a physician or other licensed health care professional designated by the director. Unless due to circumstances beyond the registrant's control, if the registrant refuses to undergo a mental or physical examination, the director may suspend the person's registration until the results of the examination are known and the director has made a determination of the

registrant's fitness to practice. The director shall proceed with an order for examination and shall make his or her determination in a timely manner.

(2) An order requiring a registrant to undergo a mental or physical examination shall contain the basis of the director's reasonable cause to believe that the registrant is unable to practice with reasonable skill and safety. For purposes of a disciplinary proceeding authorized under this article, the registrant shall be deemed to have waived all objections to the admissibility of the examining physician's or licensed health care professional's testimony or examination reports on the ground that they are privileged communications.

(3) The registrant may submit to the director testimony or examination reports from a physician chosen by the registrant and pertaining to any condition that the director has alleged may preclude the registrant from practicing with reasonable skill and safety. The testimony and reports submitted by the registrant may be considered by the director in conjunction with, but not in lieu of, testimony and examination reports of the physician designated by the director.

(4) The results of a mental or physical examination ordered by the director shall not be used as evidence in any proceeding other than one before the director and shall not be deemed a public record or made available to the public.

12-29.7-111. Unauthorized practice - penalties. A person who practices or offers or attempts to practice athletic training without an active registration issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense. For the second or any subsequent offense, the person commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

12-29.7-112. Rule-making authority. The director shall promulgate rules that may be necessary for the administration of this article.

12-29.7-113. Severability. If any provision of this article is held to be invalid, such invalidity shall not affect other provisions of this article that can be given effect without the invalid provision.

12-29.7-114. Repeal of article - review of functions. This article is repealed, effective July 1, 2015, and the powers, duties, and functions of the director specified in this article are repealed on said date. Prior to the repeal, such powers, duties, and functions shall be reviewed as provided in section 24-34-104, C.R.S.

- (4) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the director shall not resolve the complaint by a

deferred settlement, action, judgment, or prosecution.

(5) A person whose license to practice under this article is revoked, or who surrenders his or her license to avoid discipline, is ineligible to apply for a new license under this article for two years after the date of revocation or surrender.

(6) Any disciplinary action taken by another state, local jurisdiction, or the federal government against an applicant or licensee constitutes prima facie evidence of grounds for disciplinary action, including denial of a license under this article; except that this subsection (6) applies only to discipline for acts or omissions that are substantially similar to those set out as grounds for disciplinary action under this article.

(7) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, does not warrant formal action by the director but should not be dismissed as being without merit, the director may issue and send to the licensee a letter of admonition.

(b) (I) When the director sends a letter of admonition to a licensee pursuant to paragraph (a) of this subsection (7), the director shall also advise the licensee that he or she has the right to request in writing, within twenty days after receipt of the letter, that the director initiate formal disciplinary proceedings to adjudicate the propriety of the conduct upon which the letter of admonition is based.

Upon a showing that a person is engaging in or intends to engage in the act or practice, the court shall grant an injunction, restraining order, or other appropriate order, regardless of the existence of another remedy. The Colorado rules of civil procedure govern all proceedings related to such court orders.

(3) (a) The director or an administrative law judge may administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the director pursuant to this article. The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the director.

(b) Upon the failure of any witness to comply with a subpoena or process, the director may apply to the district court of the county in which the subpoenaed person or licensee resides or conducts business, and after notice of the application by the director to the subpoenaed person or licensee, the district court may issue to the person or licensee an order requiring that the

person or licensee appear before the director; produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or give evidence relevant to the matter under investigation or in question. If the person or licensee fails to obey the order of the court, the court may hold the person or licensee in contempt of court.

Licensees shall maintain the records for at least seven years after the last transaction.

12-29.9-110. Cease-and-desist orders - unauthorized practice - penalties. (1) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the director may issue an order to cease and desist the activity. The director must set forth in the order the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. The director shall conduct the hearing pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any provision of this article, then, in addition to any other powers granted pursuant to this article, the director may issue to the person an order to show cause as to why the director should not issue a final order directing the person to cease and desist from the unlawful act or practice.

(b) The director shall promptly notify a person against whom he or she has issued an order to show cause pursuant to paragraph (a) of this subsection (2) of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. The director may serve the notice by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom the order is issued. Personal service or mailing of an order or document pursuant to this subsection (2) constitutes notice to the person of the existence and contents of the order or document.

(c) (I) The director must commence the hearing on an order to show cause no sooner than ten, and no later than forty-five, calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (2). The director may continue the hearing by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event may the director commence the hearing later than sixty calendar days after the date of transmission or service of

the notification.

(II) If a person to whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon the person pursuant to paragraph (b) of this subsection (2) and any other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order becomes final as to that person by operation of law. The conduct of the hearing is governed by sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this article, the director may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the director has issued the final order. The final order issued pursuant to subparagraph (III) of this paragraph (c) is effective when issued and constitutes a final order for purposes of judicial review.

(3) The director may enter into a stipulation with a person if it appears to the director, based upon credible evidence presented to the director, that the person has engaged in or is about to engage in:

- (a) An unlicensed act or practice;
- (b) An act or practice constituting a violation of this article, a rule promulgated pursuant to this article, or an order issued pursuant to this article; or
- (c) An act or practice constituting grounds for administrative sanction pursuant to this article.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested the attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by a final cease-and-desist order may seek judicial review of the director's determination or of the director's final order in a court of competent jurisdiction.

(6) A person who practices or offers or attempts to practice audiology services without an active audiologist license issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense, and, for the second or any subsequent offense, the person commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

12-29.9-111. Immunity. The director, the director's staff, any person acting as a witness or consultant to the director, any witness testifying in a proceeding authorized under this article,

and any person who lodges a complaint pursuant to this article is immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as director, staff, consultant, or witness, respectively, if the individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in lodging a complaint or participating in any investigative or administrative proceeding pursuant to this article is immune from any civil or criminal liability that may result from that participation.

12-29.9-112. Professional liability insurance required - rules. (1) (a) Except as provided in paragraph (b) of this subsection (1), an audiologist shall not practice audiology unless the audiologist purchases and maintains or is covered by professional liability insurance in the form and amount determined by the director by rule.

(b) The director, by rule, may exempt or establish lesser liability insurance requirements for a class of audiologists whose practice does not require the level of public protection the director establishes pursuant to this paragraph (b) for all other audiologists.

(2) The professional liability insurance required by this section must cover all acts with the scope of practice of an audiologist as defined in this article.

12-29.9-113. Confidential agreements to limit practice - violation grounds for discipline. (1) If an audiologist suffers from a physical or mental illness or condition that renders the licensee unable to practice audiology with reasonable skill and safety to patients, the audiologist shall notify the director of the illness or condition in a manner and within a period of time determined by the director. The director may require the licensee to submit to an examination to evaluate the extent of the illness or condition and its impact on the licensee's ability to practice audiology with reasonable skill and safety to patients.

(2) (a) Upon determining that an audiologist with a physical or mental illness or condition is able to render limited audiology services with reasonable skill and safety to patients, the director may enter into a confidential agreement with the audiologist in which the audiologist agrees to limit his or her practice based on the restrictions imposed by the illness or condition, as determined by the director.

(b) As part of the agreement, the audiologist is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or monitoring.

(d) By entering into an agreement with the director under this subsection (2) to limit his or her practice, an audiologist is not engaging in conduct that is grounds for discipline under section 12-29.9-108 (2). The agreement does not constitute a restriction or discipline by the director. However, if the audiologist fails to comply with the terms of an agreement entered into pursuant to this subsection (2), the failure constitutes grounds for disciplinary action under section 12-29.9-108 (2) (r), and the licensee is subject to discipline in accordance with section

12-29.9-108.

(3) This section does not apply to an audiologist subject to discipline under section 12-29.9-108 (2) (q).

12-29.9-114. Mental and physical examination of licensees. (1) If the director has reasonable cause to believe that a licensee is unable to practice with reasonable skill and safety, the director may require the licensee to take a mental or physical examination by a health care provider designated by the director. If the licensee refuses to undergo a mental or physical examination, unless due to circumstances beyond the licensee's control, the director may suspend the licensee's license until the results of the examination are known and the director has made a determination of the licensee's fitness to practice. The director shall proceed with an order for examination and determination in a timely manner.

(2) The director shall include in an order issued to a licensee under subsection (1) of this section the basis of the director's reasonable cause to believe that the licensee is unable to practice with reasonable skill and safety. For the purposes of a disciplinary proceeding authorized by this article, the licensee is deemed to have waived all objections to the admissibility of the examining health care provider's testimony or examination reports on the ground that they are privileged communications.

(3) The licensee may submit to the director testimony or examination reports from a health care provider chosen by the licensee pertaining to the condition that the director alleges may preclude the licensee from practicing with reasonable skill and safety. The director may consider testimony and reports submitted by the licensee in conjunction with, but not in lieu of, testimony and examination reports of the health care provider designated by the director.

(4) A person shall not use the results of any mental or physical examination ordered by the director as evidence in any proceeding other than one before the director. The examination results are not public records and are not available to the public.

12-29.9-115. Protection of medical records - licensee's obligations - verification of compliance - noncompliance grounds for discipline - rules. (1) Each licensee shall develop a written plan to ensure the security of patient medical records. The plan must address at least the following:

(a) The storage and proper disposal of patient medical records;

(b) The disposition of patient medical records in the event the licensee dies, retires, or otherwise ceases to practice or provide audiology services to patients; and

(c) The method by which patients may access or obtain their medical records promptly if any of the events described in paragraph (b) of this subsection (1) occurs.

(2) Upon initial licensure under this article, the licensee shall attest to the director that he or she has developed a plan in compliance with this section.

(3) A licensee shall inform each patient, in writing, of the method by which the patient may access or obtain his or her medical records if an event described in paragraph (b) of subsection (1) of this section occurs.

(4) A licensee who fails to comply with this section is subject to discipline in accordance with section 12-29.9-108.

(5) The director may adopt rules as necessary to implement this section.

Any person who is convicted of a third or any subsequent violation of this article commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

12-30-108. Findings - cease-and-desist order. (1) Following an investigation or testing of the content or composition of any drug, medicine, compound, or device held out either expressly or impliedly by any individual, person, firm, association, or other entity to be of value in the diagnosis, treatment, alleviation, or cure of cancer and after a hearing as provided in section 12-30-103, the department may direct that any such individual, person, firm, association, or other entity shall cease and desist any further holding out, either expressly or impliedly, that any such drug, medicine, compound, or device, or any substantially similar drug, medicine, compound, or device, is of value in the diagnosis or treatment of cancer.

(2) In the investigation or testing required by this article to determine the value or lack of value of any drug, medicine, compound, or device in the diagnosis, treatment, or cure of cancer, the department, as it deems necessary or advisable, shall utilize the facilities and findings of its own laboratories or other appropriate laboratories, clinics, hospitals, and nonprofit cancer research institutes recognized by the national cancer institute within this state or the facilities and findings of the federal government or of the national cancer institute. The department may arrange, by contract, for investigation by and submission to it of findings, conclusions, or opinions of trained scientists in the appropriate departments of universities, medical schools, clinics, hospitals, and nonprofit cancer research institutes recognized by the national cancer institute and the submission to it of findings, conclusions, or opinions of other qualified scientists. Prior to the issuance of a cease-and-desist order under this section, the department shall make a written finding of fact based on such investigation that the drug, medicine, compound, or device so investigated has been found to be either definitely harmful or of no value in the diagnosis, treatment, alleviation, or cure of cancer, and the department shall be satisfied beyond a reasonable doubt that the written findings of fact are true.

12-30-109. Injunction. (1) If an individual, person, firm, association, or other entity, after service upon him or it of a cease-and-desist order issued by the department under section 12-30-108, persists in prescribing, recommending, or using the drug, medicine, compound, or device described in said cease-and-desist order, or a substantially similar drug, medicine, compound, or device, the district court in any county, on application of the department and when satisfied by a preponderance of the evidence that the written findings of fact required of the department by section 12-30-108 are true, may issue an order to show cause why there should not be issued an injunction or other appropriate order restraining such individual, person, firm, association, or other entity from holding out either expressly or impliedly such drug, medicine,

compound, or device, or any substantially similar drug, medicine, compound, or device, as being of a value in the treatment, diagnosis, alleviation, or cure of cancer. After a hearing on such order to show cause, an injunction or other appropriate restraining order may be issued.

(2) Any person against whom an injunction has been issued, under subsection (1) of this section, may not undertake to use in the diagnosis, treatment, or cure of cancer any new, experimental, untested, or secret drug, medicine, compound, or device without first submitting it to the department for investigation and testing.

12-30-110. Investigation by executive director. (1) The executive director shall investigate possible violations of this article and report violations to the appropriate enforcement authority.

(2) County or district health officers, district attorneys, and the attorney general shall cooperate with the executive director in the enforcement of this article.

12-30-111. Reports of investigation. The department, in accordance with the provisions of section 24-1-136, C.R.S., may publish reports based on its investigation or testing of any drug, medicine, compound, or device prescribed, recommended, or used by any individual, person, firm, association, or other entity; and, when the use of any drug, medicine, compound, or device constitutes an imminent danger to health or a gross deception of the public, the department may take appropriate steps to publicize the same.

12-30-112. Investigation not an endorsement. The investigation or testing of any product shall not be deemed to imply or indicate any endorsement of the qualifications or value of any such product. No person shall make any representation that investigation or testing under this article constitutes any approval or endorsement of his, or its, activities by the department. The investigation or testing of any product shall not be deemed to imply or indicate that such product is useless or harmful, and during testing no person shall make any representation, except to the department, that the product under test is discredited or that it has been found useless or harmful.

12-30-113. Exceptions. (1) This article shall not apply to the use of any drug, medicine, compound, or device intended solely for legitimate and bona fide investigational purposes by experts qualified by scientific training and experience to investigate the safety and therapeutic value thereof unless the department finds that such drug, medicine, compound, or device is being used in diagnosis or treatment for compensation and profit.

(2) The provisions of this article shall not apply to any person who depends exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization, nor practitioner thereof.

(3) The provisions of this article shall except any drug which is being clinically

investigated as a cure, treatment, or as an aid to the diagnosis of cancer according to the regulations of the "Federal Food, Drug, and Cosmetic Act".

(4) (a) (I) The provisions of this article shall not apply to the compound known as laetrile when manufactured in Colorado and prescribed by a licensed physician after fully disclosing to his patient the known adverse effects and reactions and the known reliability or unreliability in cancer treatment of such compound.

(II) In prescribing the use of laetrile, the licensed physician shall do so only upon a request by the patient.

(III) In complying with a patient's request concerning the use of laetrile, a licensed physician, pharmacist, hospital, or health care facility shall be immune from any civil or criminal liability for prescribing or administering laetrile as provided for in this subsection (4), but nothing in this subparagraph (III) shall preclude any cause of action brought by a patient against a licensed physician, pharmacist, hospital, or health care facility which does not arise from the prescription or administration of laetrile in accordance with the provisions of this subsection (4).

(b) It is the intent of the general assembly that the exception granted by this subsection (4) does not constitute an endorsement of the use of laetrile nor does it in any way encourage its use.

(III) An instance of a malpractice settlement or judgment against a podiatrist reported to the board pursuant to section 10-1-124, C.R.S.; or

(IV) Podiatrists who have been allowed to resign from hospitals for unprofessional conduct. Such hospitals shall report to the board.

(c) On completion of an investigation, the board shall make a finding that:

(I) The complaint is without merit and no further action need be taken with reference thereto;

(II) There is no reasonable cause to warrant further action with reference thereto;

(III) (A) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be

dismissed as being without merit, a letter of admonition may be issued and sent, by certified mail, to the licensee.

(B) When a letter of admonition is sent by the board, by certified mail, to a licensee, such licensee shall be advised that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(C) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(IV) (A) The investigation discloses facts that warrant further proceedings by formal complaint, as provided in subsection (3) of this section, in which event the complaint shall be referred to the attorney general for preparation and filing of a formal complaint;

(B) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(V) The investigation discloses an instance of conduct which, in the opinion of the board, does not warrant formal action but in which the board has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected, in which case, a confidential letter of concern shall be sent to the podiatrist against whom a complaint was made. If the board learns of second or subsequent actions of the same or similar nature by the licensee, the board shall not issue a confidential letter of concern but shall take such other course of action as it deems appropriate.

(d) Repealed.

(3) (a) All formal complaints seeking disciplinary action against a podiatrist shall be filed with the Colorado podiatry board. A formal complaint shall set forth the charges with sufficient particularity as to inform the podiatrist clearly and specifically of the acts of unprofessional conduct with which he or she is charged.

(b) The board may include in any disciplinary order placing a podiatrist on probation such conditions as the board may deem appropriate to assure that the podiatrist is physically, mentally, and otherwise qualified to practice podiatry in accordance with generally accepted professional standards of practice, including any or all of the following:

(I) Submission by the podiatrist to such examinations as the board may order to determine his or her physical or mental condition or his or her professional qualifications;

(II) The taking by him or her of such therapy or courses of training or education as may be needed to correct deficiencies found either in the hearing or by such examinations;

(III) The review or supervision of his or her practice as may be necessary to determine the quality of his or her practice and to correct deficiencies therein; and

(IV) The imposition of restrictions upon the nature of his or her practice to assure that he or she does not practice beyond the limits of his or her capabilities.

(c) Upon the failure of a licensee to comply with any conditions imposed by the Colorado podiatry board pursuant to paragraph (b) of this subsection (3), unless compliance is beyond the control of the licensee, the board may suspend the license of the licensee until the licensee complies with the conditions of the board.

(4) The board, through the department of regulatory agencies, may employ administrative law judges, on a full-time or part-time basis, to conduct hearings as provided by this article or on any matter within the board's jurisdiction upon such conditions and terms as the board may determine.

(5) The attendance of witnesses and the production of books, patient records, papers, and other pertinent documents at the hearing may be summoned by subpoenas issued by the board, which shall be served in the manner provided by the Colorado rules of civil procedure for service of subpoenas.

(6) Disciplinary proceedings and hearings shall be conducted in the manner prescribed by article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to said article by the board or an administrative law judge at the board's discretion.

(7) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board. The person providing such copies shall prepare them from the original record and shall delete from the copy provided pursuant to the subpoena the name of the patient, but shall identify the patient by a numbered code, to be retained by the custodian of the records from which the copies were made. Upon certification of the custodian that the copies are true and complete except for the patient's name, they shall be deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. No privilege of confidentiality shall exist with respect to such copies, and no liability shall lie against the board or the custodian or his or her authorized employee for furnishing or using such copies in accordance with this subsection (7).

(b) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(8) (Deleted by amendment, L. 2010, (HB 10-1224), ch. 420, p. 2154, § 13, effective July 1, 2010.)

(9) Upon the expiration of the term of suspension, the license shall be reinstated by the Colorado podiatry board if the holder of the license furnishes the board with evidence that he or she has complied with all terms of the suspension. If the evidence shows he or she has not complied with all terms of the suspension, the board shall continue the suspension or revoke the license at a hearing, notice of which and the procedure at which shall be as provided in this section.

(10) If a person holding a license to practice podiatry in this state is determined to be mentally incompetent or insane by a court of competent jurisdiction and a court enters, pursuant

to part 3 or 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, C.R.S., an order specifically finding that the mental incompetency or insanity is of such a degree that the person holding a license is incapable of continuing to practice podiatry, his or her license shall automatically be suspended by the board, and, anything in this article to the contrary notwithstanding, the suspension shall continue until the licensee is found by such court to be competent to practice podiatry.

(11) (a) If the Colorado podiatry board has reasonable cause to believe that a person licensed to practice podiatry in this state is unable to practice podiatry with reasonable skill and safety to patients because of a condition described in section 12-32-107 (3) (f) or (3) (p), it may require the licensee to submit to mental or physical examinations by physicians designated by the board. Upon the failure of the licensee to submit to the mental or physical examinations, unless due to circumstances beyond his or her control, the board may suspend the licensee's license to practice podiatry in this state until such time as he or she submits to the required examinations and the board has made a determination on the ability of the licensee based on the results of the examinations. The board shall ensure that all examinations are conducted and evaluated in a timely manner.

(b) Every person licensed to practice podiatry in this state shall be deemed, by so practicing or by applying for registration of his or her license to practice podiatry in this state, to have given his or her consent to submit to mental or physical examinations when directed in writing by the board and, further, to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground of privileged communication.

(c) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than before the Colorado podiatry board.

(12) Investigations and examinations of the Colorado podiatry board conducted pursuant to the provisions of this section shall be exempt from the provisions of any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to the provisions of this subsection (12) be open to public inspection. Any proceedings with regard to a licensee who is in violation of section 12-32-107 (3) (f) and who is participating in good faith in a rehabilitation program designed to alleviate the conditions specified in section 12-32-107 (3) (f) which has been approved by the board are also exempt from any such requirements of law.

(13) A person licensed to practice podiatry or medicine who, at the request of the Colorado podiatry board, examines another person licensed to practice podiatry shall be immune from suit for damages by the person examined if the examining person conducted the examination and made his or her findings or diagnosis in good faith.

(14) Repealed.

(15) (a) If it appears to the Colorado podiatry board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices

immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (15), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(16) (a) If it appears to the Colorado podiatry board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (16) shall be promptly notified by the Colorado podiatry board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (16) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the Colorado podiatry board as provided in paragraph (b) of this subsection (16). The hearing may be continued by agreement of the parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (16) does not appear at the hearing, the Colorado podiatry board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (16) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the Colorado podiatry board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The Colorado podiatry board shall provide notice, in the manner set forth in paragraph (b) of this subsection (16), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(17) If it appears to the Colorado podiatry board, based upon credible evidence presented

to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(18) If any person fails to comply with a final cease-and-desist order or a stipulation, the Colorado podiatry board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(19) A person aggrieved by the final cease-and-desist order may seek judicial review of the Colorado podiatry board's determination or of the board's final order as provided in section 12-32-108.7.

(20) The Colorado podiatry board may impose a fine, not to exceed five thousand dollars, for a violation of this article. All fines collected pursuant to this subsection (20) shall be transferred to the state treasurer, who shall credit the moneys to the general fund.

12-32-108.5. Reconsideration and review of action of board. (1) The Colorado podiatry board, on its own motion or upon application in accordance with subsection (3) of this section, at any time after the refusal to grant a license, the imposition of any discipline as provided in section 12-32-108.3, or the ordering of probation, as provided in section 12-32-107 (2), may reconsider its prior action and grant, reinstate, or restore such license or terminate probation or reduce the severity of its prior disciplinary action. The taking of any such further action, or the holding of a hearing with respect thereto, shall rest in the sole discretion of the board.

(2) Upon the receipt of the application, it may be forwarded to the attorney general for such investigation as may be deemed necessary. A copy of the application and the report of investigation shall be forwarded to the board, which shall consider the same and report its findings and conclusions. The proceedings shall be governed by the applicable provisions governing formal hearings in disciplinary proceedings. The attorney general may present evidence bearing upon the matters in issue, and the burden shall be upon the applicant seeking reinstatement to establish the averments of his or her application as specified in section 24-4-105 (7), C.R.S. No application for reinstatement or for modification of a prior order shall be accepted unless the applicant deposits with the board all amounts unpaid under any prior order of the board.

(3) No licensee whose license is revoked shall be allowed to apply for reinstatement of such license earlier than two years after the effective date of the revocation.

12-32-108.7. Judicial review. The court of appeals shall have initial jurisdiction to review all final actions and orders that are subject to judicial review of the Colorado podiatry board. Such proceedings shall be conducted in accordance with section 24-4-106 (11), C.R.S.

12-32-109. Unauthorized practice - penalties. (1) Any person who practices or offers or attempts to practice podiatry within this state without an active license issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense, and, for the second or any subsequent offense, the person commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(1.5) Any person who presents as his or her own the diploma, license, certificate, or credentials of another, or who gives either false or forged evidence of any kind to the Colorado podiatry board, or any member thereof, in connection with an application for a license to practice podiatry, or who practices podiatry under a false or assumed name, or who falsely impersonates another licensee of a like or different name commits a class 6 felony and shall be punished as provided in section 18-1.3-401, C.R.S.

(2) No person shall advertise in any form or hold himself or herself out to the public as a podiatrist, or, in any sign or any advertisement, use the word "podiatrist", "foot specialist", "foot correctionist", "foot expert", "practipedist", "podologist", or any other terms or letters indicating or implying that he or she is a podiatrist or that he or she practices or holds himself or herself out as practicing podiatry or foot correction in any manner, without having, at the time of so doing, a valid, unsuspended, and unrevoked license as required by this article.

(3) No podiatrist shall willfully cause the public to believe that he or she has qualifications extending beyond the limits of this article, and no podiatrist shall willfully sign his or her name using the prefix "Doctor" or "Dr." without following his or her name with "podiatrist", "Doctor of Podiatric Medicine", or "D.P.M.". No podiatrist shall use the title "podiatric physician" unless such title is followed by the words "practice limited to treatment of the foot and ankle".

(4) The conduct of the practice of podiatry in a corporate capacity is hereby prohibited, but such prohibition shall not be construed to prevent the practice of podiatry by a professional service corporation whose stockholders are restricted solely to licensed podiatrists. Any such professional service corporation may exercise such powers and shall be subject to such limitations and requirements, insofar as applicable, as are provided in section 12-32-109.5, relating to professional service corporations for the practice of podiatry.

(5) The provisions of this article shall not apply to any physician licensed to practice medicine or surgery, any regularly commissioned surgeon of the United States armed forces or United States public health service, or any licensed osteopath.

(6) The provisions of this article shall not be construed to prohibit the recommending, advertising, fitting, adjusting, or sale of corrective shoes, arch supports, or similar mechanical appliances and foot remedies by retail dealers and manufacturers.

(7) The provisions of this article shall not be construed to prohibit, or to require a license for, the rendering of services under the personal and responsible direction and supervision of a person licensed to practice podiatry, and this exemption shall not apply to persons otherwise qualified to practice podiatry but not licensed to practice in this state.

(8) The provisions of this article shall not be construed to prohibit, or to require a license for, the rendering of nursing services by registered or other nurses in the lawful discharge of their

duties pursuant to article 38 of this title.

12-32-109.3. Use of physician assistants. (1) A person licensed under the laws of this state to practice podiatry may delegate to a physician assistant licensed by the Colorado medical board pursuant to section 12-36-107.4 the authority to perform acts that constitute the practice of podiatry to the extent and in the manner authorized by rules promulgated by the Colorado podiatry board. Such acts shall be consistent with sound practices of podiatry. Each prescription issued by a physician assistant shall have the name of his or her supervising podiatrist printed on the prescription. Nothing in this section shall limit the ability of otherwise licensed health personnel to perform delegated acts. The dispensing of prescription medication by a physician assistant shall be subject to section 12-42.5-118 (6).

(2) If the authority to perform an act is delegated pursuant to subsection (1) of this section, the act shall not be performed except under the personal and responsible direction and supervision of a person licensed under the laws of this state to practice podiatry, and said person shall not be responsible for the direction and supervision of more than two physician assistants at any one time without specific approval of the board. The board may define appropriate direction and supervision pursuant to rules and regulations.

(3) The provisions of sections 12-36-106 (5) and 12-36-107.4 governing physician assistants under the "Colorado Medical Practice Act" shall apply to physician assistants under this section.

12-32-109.5. Professional service corporations, limited liability companies, and registered limited liability partnerships for the practice of podiatry - definitions. (1) Persons licensed to practice podiatry by the Colorado podiatry board may form professional service corporations for the practice of podiatry under the "Colorado Corporation Code", if such corporations are organized and operated in accordance with the provisions of this section. The articles of incorporation of such corporations shall contain provisions complying with the following requirements:

(a) The name of the corporation shall contain the words "professional company" or "professional corporation" or abbreviations thereof.

(b) The corporation shall be organized solely for the purposes of conducting the practice of podiatry only through persons licensed by the Colorado podiatry board to practice podiatry in the state of Colorado.

(c) The corporation may exercise the powers and privileges conferred upon corporations by the laws of Colorado only in furtherance of and subject to its corporate purpose.

(d) All shareholders of the corporation shall be persons licensed by the Colorado podiatry board to practice podiatry in the state of Colorado, and who at all times own their shares in their own right. They shall be individuals who, except for illness, accident, time spent in the armed services, on vacations, and on leaves of absence not to exceed one year, are actively engaged in the practice of podiatry in the offices of the corporation.

(e) Provisions shall be made requiring any shareholder who ceases to be or for any reason is ineligible to be a shareholder to dispose of all his or her shares immediately, either to the corporation or to any person having the qualifications described in paragraph (d) of this subsection (1).

(f) The president shall be a shareholder and a director and, to the extent possible, all other directors and officers shall be persons having the qualifications described in paragraph (d) of this subsection (1). Lay directors and officers shall not exercise any authority whatsoever over professional matters. Notwithstanding sections 7-108-103 to 7-108-106, C.R.S., relating to the terms of office of directors, a professional service corporation for the practice of podiatry may provide in the articles of incorporation or the bylaws that the directors may have terms of office of up to six years and that the directors may be divided into either two or three classes, each class to be as nearly equal in number as possible, with the terms of each class staggered to provide for the periodic, but not annual, election of less than all the directors.

(g) The articles of incorporation shall provide and all shareholders of the corporation shall agree that all shareholders of the corporation shall be jointly and severally liable for all acts, errors, and omissions of the employees of the corporation or that all shareholders of the corporation shall be jointly and severally liable for all acts, errors, and omissions of the employees of the corporation except during periods of time when each person licensed by the Colorado podiatry board to practice podiatry in Colorado who is a shareholder or any employee of the corporation has a professional liability policy insuring himself or herself and all employees who are not licensed to practice podiatry who act at his or her direction in the amount of fifty thousand dollars for each claim and an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars or the corporation maintains in good standing professional liability insurance, which shall meet the following minimum standards:

(I) The insurance shall insure the corporation against liability imposed upon the corporation by law for damages resulting from any claim made against the corporation arising out of the performance of professional services for others by those officers and employees of the corporation who are licensed by the Colorado podiatry board to practice podiatry.

(II) Such policies shall insure the corporation against liability imposed upon it by law for damages arising out of the acts, errors, and omissions of all nonprofessional employees.

(III) The insurance shall be in an amount for each claim of at least fifty thousand dollars multiplied by the number of persons licensed to practice podiatry employed by the corporation. The policy may provide for an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars also multiplied by the number of persons licensed to practice podiatry employed by the corporation, but no firm shall be required to carry insurance in excess of three hundred thousand dollars for each claim with an aggregate top limit of liability for all claims during the year of nine hundred thousand dollars.

(IV) The policy may provide that it does not apply to: Any dishonest, fraudulent, criminal, or malicious act or omission of the insured corporation or any stockholder or employee thereof; the conduct of any business enterprise, as distinguished from the practice of podiatry, in which the insured corporation under this section is not permitted to engage but which nevertheless may be owned by the insured corporation or in which the insured corporation may be a partner or which may be controlled, operated, or managed by the insured corporation in its

own or in a fiduciary capacity, including the ownership, maintenance, or use of any property in connection therewith; when not resulting from breach of professional duty, bodily injury to, or sickness, disease, or death of any person, or to injury to or destruction of any tangible property, including the loss of use thereof; and such policy may contain reasonable provisions with respect to policy periods, territory, claims, conditions, and other usual matters.

(2) (a) The corporation shall do nothing which, if done by a person licensed to practice podiatry in the state of Colorado employed by it, would violate the standards of professional conduct as provided for in section 12-32-107 (3). Any violation by the corporation of this section shall be grounds for the Colorado podiatry board to terminate or suspend its right to practice podiatry.

(b) The provisions of paragraph (b) of subsection (5) of this section shall apply to the employment of a podiatrist by a professional service corporation, limited liability company, or registered limited liability partnership formed for the practice of podiatry in accordance with this section regardless of the date of formation of the entity.

(3) Nothing in this section shall be deemed to diminish or change the obligation of each person licensed to practice podiatry employed by the corporation to conduct his or her practice in accordance with the standards of professional conduct provided for in section 12-32-107 (3). Any person licensed by the Colorado podiatry board to practice podiatry who by act or omission causes the corporation to act or fail to act in a way that violates such standards of professional conduct, including any provision of this section, shall be deemed personally responsible for the act or omission and shall be subject to discipline for the act or omission.

(4) A professional service corporation may adopt a pension, profit-sharing (whether cash or deferred), health and accident, insurance, or welfare plan for all or part of its employees including lay employees if such plan does not require or result in the sharing of specific or identifiable fees with lay employees, and if any payments made to lay employees, or into any such plan in behalf of lay employees, are based upon their compensation or length of service, or both, rather than the amount of fees or income received.

(5) (a) Except as provided in this section, corporations shall not practice podiatry.

(b) Employment of a podiatrist by a certified or licensed hospital, licensed skilled nursing facility, certified home health agency, licensed hospice, certified comprehensive outpatient rehabilitation facility, certified rehabilitation agency, authorized health maintenance organization, accredited educational entity, or other entity wholly owned and operated by any governmental unit or agency shall not be considered the corporate practice of podiatry if:

(I) The relationship created by the employment does not affect the ability of the podiatrist to exercise his or her independent judgment in the practice of the profession;

(II) The podiatrist's independent judgment in the practice of the profession is in fact unaffected by the relationship;

(III) The policies of the entity employing the podiatrist contain a procedure by which complaints by a podiatrist alleging a violation of this paragraph (b) may be heard and resolved;

(IV) The podiatrist is not required to exclusively refer any patient to a particular provider or supplier; except that nothing in this subparagraph (IV) shall invalidate the policy provisions of a contract between a podiatrist and his or her intermediary or the managed care provisions of a health coverage plan; and

(V) The podiatrist is not required to take any other action he or she determines not to be in the patient's best interest.

(c) A podiatrist employed by an entity described in paragraph (b) of this subsection (5) shall be an employee of the entity for purposes of liability for all acts, errors, and omissions of the employee.

(6) As used in this section, unless the context otherwise requires:

(a) "Articles of incorporation" includes operating agreements of limited liability companies and partnership agreements of registered limited liability partnerships.

(f) "Shareholder" includes a member of a limited liability company and a partner in a registered limited liability partnership.

12-32-110. Penalties for practicing without license. (Repealed)

12-32-111. Renewal of license. (1) (a) The Colorado podiatry board shall set reasonable continuing education requirements for renewal of license, but in no event shall the board require more than fourteen hours' credit of continuing education per year. A podiatrist desiring to renew his or her license to practice podiatry shall submit to the Colorado podiatry board the information the board believes necessary to show that he or she has fulfilled the board's continuing education requirements and a fee to be determined and collected pursuant to section 24-34-105, C.R.S.

(b) On or before the 2013 podiatrist license renewal cycle, the Colorado podiatry board shall promulgate rules and implement an ongoing professional development program that shall be developed in conjunction with statewide professional associations that represent podiatrists. The professional development program may include the continuing education requirements in paragraph (a) of this subsection (1).

(1.5) The board shall establish a questionnaire to accompany the renewal form. The questionnaire shall be designed to determine if the licensee has acted in violation of, or has been disciplined for actions that might be construed as violations of, this article or that may make the licensee unfit to practice podiatry with reasonable care and safety. The failure of an applicant to answer the questionnaire accurately shall constitute unprofessional conduct pursuant to section 12-32-107.

(2) No license to practice podiatry that has been delinquent for more than two years shall be renewed unless the applicant demonstrates to the Colorado podiatry board his or her continued professional competence.

(3) (Deleted by amendment, L. 2010, (HB 10-1224), ch. 420, p. 2158, § 19, effective July 1, 2010.)

(4) Renewal or reinstatement of a license shall be pursuant to a schedule established by the director of the division of professions and occupations within the department of regulatory agencies, and a license shall be renewed or reinstated pursuant to section 24-34-102 (8), C.R.S. The director may establish renewal fees and delinquency fees for reinstatement pursuant to section 24-34-105, C.R.S. If a person fails to renew his or her license pursuant to the schedule established by the director, the license shall expire. A person whose license has expired shall be subject to the penalties provided in this article or in section 24-34-102 (8), C.R.S. The board shall establish the criteria for reinstatement of a license.

12-32-112. Existing licenses and proceedings. (Repealed)

12-32-113. Injunctive proceedings. The Colorado podiatry board, in the name of the people of the state of Colorado, may apply for injunctive relief through the attorney general in any court of competent jurisdiction to enjoin any person who does not possess a currently valid or active podiatry license from committing any act declared to be unlawful or prohibited by this article. If it is established that the defendant has been or is committing an act declared to be unlawful or prohibited by this article, the court or any judge thereof shall enter a decree perpetually enjoining said defendant from further committing such act. PART 2

SAFETY TRAINING FOR UNLICENSED X-RAY TECHNICIANS

12-32-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any podiatric physician or podiatrist to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer such radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that podiatric physicians or podiatrists utilizing unlicensed persons in their practices provide those persons with a minimum level of education

and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the Colorado podiatry board pursuant to this part 2.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules and regulations authorized by this part 2, the Colorado podiatry board will make every effort, consistent with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-32-202. Board authorized to issue rules. (1) (a) The Colorado podiatry board shall adopt rules and regulations prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients for diagnostic podiatric use. No podiatric physician nor podiatrist shall allow any unlicensed person to operate a machine source of ionizing radiation or to administer such radiation to any patient unless such person has met the standards then in effect under rules and regulations adopted pursuant to this section. The board may adopt rules and regulations allowing a grace period in which newly hired operators of machine sources of ionizing radiation shall receive the training required pursuant to this section.

(b) For purposes of this part 2, "unlicensed person" means any person who does not hold a current and active license entitling the person to practice podiatry under the provisions of this article.

(2) The Colorado podiatry board shall seek the assistance of licensed podiatrists in developing and formulating the rules and regulations promulgated pursuant to this section.

(3) The required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients shall be established by the board by rule on or before July 1, 1992. This standard shall apply to all persons in podiatric settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103, C.R.S. Such training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience including on-the-job training as determined by the board.

A license to practice chiropractic entitles the holder to use the title "Doctor" or "Dr." when accompanied by the word "Chiropractor" or the letters "D.C.", and to use the title of "Doctor of Chiropractic". Such license shall not confer upon the licensee the right to practice surgery or obstetrics or to prescribe, compound, or administer drugs, or to administer anesthetics. Nothing in this article shall be construed to prohibit or to require a license for bona fide chiropractic students or interns in attendance upon a regular course of instruction in a lawfully operated chiropractic school or hospital with respect to performing chiropractic services within such school or hospital while under the direct supervision of a licensed chiropractor.

12-33-119. Disciplinary proceedings. (1) The board, through the department of regulatory agencies, may employ administrative law judges, on a full-time or part-time basis, to conduct hearings as provided by this article or on any matter within the board's jurisdiction upon such conditions and terms as the board may determine.

(2) A proceeding for the discipline of a licensee may be commenced when the board has reasonable grounds to believe that a licensee under the board's jurisdiction has committed an act that may violate section 12-33-117.

(3) The attendance of witnesses and the production of books, patient records, papers, and other pertinent documents at the hearing may be summoned by subpoenas issued by the board, which shall be served in the manner provided by the Colorado rules of civil procedure for service of subpoenas.

(3.5) (Deleted by amendment, L. 2004, p. 1825, § 65, effective August 4, 2004.)

(4) Disciplinary proceedings and hearings shall be conducted in the manner prescribed by article 4 of title 24, C.R.S.

(5) A previously issued license to engage in the practice of chiropractic shall not be revoked or suspended until after a hearing conducted pursuant to section 24-4-105, C.R.S., except in the case of a deliberate and willful violation of this article or if the public health, safety, and welfare require emergency action under section 24-4-104 (4), C.R.S. The denial of an application to renew an existing license shall be treated in all respects as a revocation. If an application for a new license is denied, the applicant, within sixty days after the giving of notice

of such action, may request a hearing as provided in section 24-4-105, C.R.S.

(6) Repealed.

(7) (a) The board or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the board. The board may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the board. The person providing such copies shall prepare them from the original record and shall delete from the copy provided pursuant to the subpoena the name of the patient, but he or she shall identify the patient by a numbered code, to be retained by the custodian of the records from which the copies were made.

(b) Upon certification of the custodian that the copies are true and complete except for the patient's name, they shall be deemed authentic, subject to the right to subpoena the originals for the limited purpose of ascertaining the accuracy of the copies. The originals shall remain confidential and be returned to the custodian as soon as the accuracy of the copy is ascertained or as soon as the case is concluded if the original is needed as evidence of falsification. No privilege of confidentiality shall exist with respect to such copies, and no liability shall lie against the board or the custodian for furnishing or using such copies in accordance with this subsection (7).

(c) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the board or director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the board or director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. Failure to obey the order of the court may be punished by the court as a contempt of court.

(8) If a licensee has committed an act which violates section 12-33-117, the board shall withhold, revoke, or suspend an existing license, issue a letter of admonition, or grant probation on terms and conditions set by the board, or otherwise discipline a licensee as provided for in this article. A revoked or suspended license may thereafter be reissued by the board. The board may dismiss or terminate probation prior to the completion of the probationary period.

(9) (a) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, a letter of admonition may be sent by certified mail to the chiropractor against whom the complaint was made and a copy also sent to the person making the complaint. When a letter of admonition is sent by certified mail by the board to a chiropractor complained against, such chiropractor shall be advised that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based. If such request is timely made, the letter of admonition shall be deemed vacated, and the matter shall be processed by means of formal disciplinary proceedings.

(b) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred

settlement, action, judgment, or prosecution.

(10) Notwithstanding other laws to the contrary, investigations, examinations, meetings, and other proceedings of the board conducted pursuant to this section are not required to be conducted publically and minutes of the board need not be open to public inspection; except that final action of the board taken pursuant to this section shall be open to the public.

12-33-119.1. Immunity in professional review. (1) If a professional review committee is established pursuant to this section to investigate the quality of care, including utilization review, being given by a person licensed pursuant to this article, it shall include in its membership at least three persons licensed under this article, but such committee may be authorized to act only by:

(a) The board; or

(b) A society or an association of persons licensed pursuant to this article whose membership includes not less than one-third of the persons licensed pursuant to this article residing in this state if the licensee whose services are the subject of review is a member of such society or association.

(2) Any member of the board or professional review committee, the board's or professional review committee's staff, any person acting as a witness or consultant to the board or committee, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board or professional review committee member, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in lodging a complaint or participating in any investigative or administrative proceeding pursuant to this article shall be immune from any civil or criminal liability that may result from such participation.

12-33-119.2. Cease-and-desist orders. (1) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the board, based upon credible evidence as presented in a written

complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (2) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (2). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (2) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(3) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation

of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-33-121.

12-33-120. Unauthorized practice - penalties - exemption. PART 2

SAFETY TRAINING FOR UNLICENSED X-RAY TECHNICIANS

12-33-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any licensed chiropractor to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer such radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that licensed chiropractors utilizing unlicensed persons in their practices provide those persons with a minimum level of education and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the Colorado state board of chiropractic examiners pursuant to this part 2.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules and regulations authorized by this part 2, the board will make every effort,

consistent with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-33-202. Board authorized to issue rules. (1) (a) The Colorado state board of chiropractic examiners shall adopt rules and regulations prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients for diagnostic chiropractic use. No licensed chiropractor shall allow any unlicensed person to operate any machine source of ionizing radiation or to administer such radiation to any patient unless such person has met the standards then in effect under rules and regulations adopted pursuant to this section. The board may adopt rules and regulations allowing a grace period in which newly hired operators of machine sources of ionizing radiation shall receive the training required pursuant to this section.

(b) For purposes of this part 2, "unlicensed person" means any person who does not hold a current and active license entitling the person to practice chiropractic under the provisions of this article.

(2) The board shall seek the assistance of licensed chiropractors in developing and formulating the rules and regulations promulgated pursuant to this section.

(3) The required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients shall be established by the board by rule on or before July 1, 1992. This standard shall apply to all persons in chiropractic settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103, C.R.S. Such training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience including on-the-job training as determined by the board.

12-34-106. Amending or revoking anatomical gift before donor's death. (a) Subject to section 12-34-108, a donor or other person authorized to make an anatomical gift under section 12-34-104 may amend or revoke an anatomical gift by:

(d) Except as otherwise provided in section 12-34-108 (h), in the absence of an express, contrary indication by the individual set forth in the refusal, an individual's unrevoked refusal to make an anatomical gift of the individual's body or part bars all other persons from making an anatomical gift of the individual's body or part.

12-34-108. Preclusive effect of anatomical gift, amendment, or revocation. (a) Except as otherwise provided in subsection (g) of this section and subject to subsection (f) of this section, in the absence of an express, contrary indication by the donor, a person other than the donor is barred from making, amending, or revoking an anatomical gift of a donor's body or part if the donor made an anatomical gift of the donor's body or part under section 12-34-105 or an amendment to an anatomical gift of the donor's body or part under section 12-34-106.

(b) A donor's revocation of an anatomical gift of the donor's body or part under section 12-34-106 is not a refusal and does not bar another person specified in section 12-34-104 or 12-34-109 from making an anatomical gift of the donor's body or part under section 12-34-105 or 12-34-110.

(d) A revocation of an anatomical gift of a donor's body or part under section 12-34-106 by a person other than the donor does not bar another person from making an anatomical gift of the body or part under section 12-34-105 or 12-34-110.

(e) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under section 12-34-104, an anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person.

(f) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under section 12-34-104, an anatomical gift of a part for one or more of the purposes set forth in section 12-34-104 is not a limitation on the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under section 12-34-105 or 12-34-110.

(b) If there is more than one member of a class listed in paragraph (1), (3), (4), (5), (6), (7), or (9) of subsection (a) of this section entitled to make an anatomical gift, an anatomical gift may be made by a member of the class unless that member or a person to which the gift may pass under section 12-34-111 knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available.

(c) A person may not make an anatomical gift if, at the time of the decedent's death, a person in a prior class under subsection (a) of this section is reasonably available to make or to object to the making of an anatomical gift.

12-34-110. Manner of making, amending, or revoking anatomical gift of decedent's body or part. (a) A person authorized to make an anatomical gift under section 12-34-109 may make an anatomical gift by a document of gift signed by the person making the gift or by that person's oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the individual receiving the oral communication.

(b) Subject to subsection (c) of this section, an anatomical gift by a person authorized under section 12-34-109 may be amended or revoked orally or in a record by any member of a prior class who is reasonably available. If more than one member of the prior class is reasonably available, the gift made by a person authorized under section 12-34-109 may be:

(1) Amended only if a majority of the reasonably available members agree to the amending of the gift; or

(2) Revoked only if a majority of the reasonably available members agree to the revoking

of the gift or if they are equally divided as to whether to revoke the gift.

(c) A revocation under subsection (b) of this section is effective only if, before an incision has been made to remove a part from the donor's body or before invasive procedures have begun to prepare the recipient, the procurement organization, transplant hospital, or physician or technician knows of the revocation.

(1) A hospital; accredited medical school, dental school, college, or university; organ procurement organization; or other appropriate person, for research or education;

(3) An eye bank or tissue bank.

(b) If an anatomical gift to an individual under paragraph (2) of subsection (a) of this section cannot be transplanted into the individual, the part passes in accordance with subsection (g) of this section in the absence of an express, contrary indication by the person making the anatomical gift.

(c) If an anatomical gift of one or more specific parts or of all parts is made in a document of gift that does not name a person described in subsection (a) of this section but identifies the purpose for which an anatomical gift may be used, the following rules apply:

(1) If the part is an eye and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate eye bank.

(2) If the part is tissue and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate tissue bank.

(3) If the part is an organ and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate organ procurement organization as custodian of the organ.

(4) If the part is an organ, an eye, or tissue and the gift is for the purpose of research or education, the gift passes to the appropriate procurement organization.

(d) For the purpose of subsection (c) of this section, if there is more than one purpose of an anatomical gift set forth in the document of gift but the purposes are not set forth in any priority, the gift must be used for transplantation or therapy, if suitable. If the gift cannot be used for transplantation or therapy, the gift may be used for research or education.

(e) If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in subsection (a) of this section and does not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection (g) of this section.

(f) If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor", "organ donor", or "body donor", or by a symbol or statement of similar import, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection (g) of this section.

(g) For purposes of subsections (b), (e), and (f) of this section the following rules apply:

- (j) A person may not accept an anatomical gift if the person knows that the gift was not effectively made under section 12-34-105 or 12-34-110 or if the person knows that the decedent made a refusal under section 12-34-107 that was not revoked. For purposes of this subsection (j), if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.
- (k) Except as otherwise provided in paragraph (2) of subsection (a) of this section, nothing in this part 1 affects the allocation of organs for transplantation or therapy.

12-34-114. Rights and duties of procurement organization and others. (a) When a hospital refers an individual at or near death to a procurement organization, the organization shall make a reasonable search of the records of the department of revenue and any donor registry that it knows exists for the geographical area in which the individual resides to ascertain whether the individual has made an anatomical gift.

(b) A procurement organization must be allowed reasonable access to information in the records of the department of revenue to ascertain whether an individual at or near death is a donor.

(c) When a hospital refers an individual at or near death to a procurement organization, the organization may conduct any reasonable examination necessary to ensure the medical

suitability of a part that is or could be the subject of an anatomical gift for transplantation, therapy, research, or education from a donor or a prospective donor. During the examination period, measures necessary to ensure the medical suitability of the part may not be withdrawn unless the hospital or procurement organization knows that the individual expressed a contrary intent.

(d) Unless prohibited by law other than this part 1, at any time after a donor's death, the person to which a part passes under section 12-34-111 may conduct any reasonable examination necessary to ensure the medical suitability of the body or part for its intended purpose.

(e) Unless prohibited by law other than this part 1, an examination under subsection (c) or (d) of this section may include an examination of all medical and dental records of the donor or prospective donor.

(f) Upon the death of a minor who was a donor or had signed a refusal, unless a procurement organization knows the minor is emancipated, the procurement organization shall conduct a reasonable search for the parents of the minor and provide the parents with an opportunity to revoke or amend the anatomical gift or revoke the refusal.

(g) Upon referral by a hospital under subsection (a) of this section, a procurement organization shall make a reasonable search for any person listed in section 12-34-109 having priority to make an anatomical gift on behalf of a prospective donor. If a procurement organization receives information that an anatomical gift to any other person was made, amended, or revoked, it shall promptly advise the other person of all relevant information.

(h) Subject to sections 12-34-111 (i) and 12-34-123, the rights of the person to which a part passes under section 12-34-111 are superior to the rights of all others with respect to the part. The person may accept or reject an anatomical gift in whole or in part. Subject to the terms of the document of gift and this part 1, a person that accepts an anatomical gift of an entire body may allow embalming, burial or cremation, and use of remains in a funeral service. If the gift is of a part, the person to which the part passes under section 12-34-111, upon the death of the donor and before embalming, burial, or cremation, shall cause the part to be removed without unnecessary mutilation.

(i) Neither the physician who attends the decedent at death nor the physician who determines the time of the decedent's death may participate in the procedures for removing or transplanting a part from the decedent.

(j) A physician or technician may remove a donated part from the body of a donor that the physician or technician is qualified to remove.

12-34-117. Other prohibited acts. A person that, in order to obtain a financial gain, intentionally falsifies, forges, conceals, defaces, or obliterates a document of gift, an amendment or revocation of a document of gift, or a refusal commits a class 1 misdemeanor as specified in section 18-1.3-501, C.R.S.

12-34-118. Immunity. (a) A person that acts in accordance with this part 1 or with the applicable anatomical gift law of another state, or attempts in good faith to do so, is not liable for the act in a civil action, criminal prosecution, or administrative proceeding.

(b) Neither the person making an anatomical gift nor the donor's estate is liable for any injury or damage that results from the making or use of the gift.

(c) In determining whether an anatomical gift has been made, amended, or revoked under this part 1, a person may rely upon representations of an individual listed in section 12-34-109 (a) (2), (a) (3), (a) (4), (a) (5), (a) (6), (a) (7), or (a) (8) relating to the individual's relationship to the donor or prospective donor unless the person knows that the representation is untrue.

12-34-119. Law governing validity - choice of law as to execution of document of gift - presumption of validity. (a) A document of gift is valid if executed in accordance with:

- (1) This part 1;
- (2) The laws of the state or country where it was executed; or
- (3) The laws of the state or country where the person making the anatomical gift was domiciled, has a place of residence, or was a national at the time the document of gift was executed.

(b) If a document of gift is valid under this section, the law of this state governs the interpretation of the document of gift.

(c) A person may presume that a document of gift or amendment of an anatomical gift is valid unless that person knows that it was not validly executed or was revoked.

12-34-120. Donor registry. (a) The department of revenue may establish or contract for the establishment of a donor registry.

(b) The department of revenue shall cooperate with a person that administers any donor registry that this state establishes, contracts for, or recognizes for the purpose of transferring to the donor registry all relevant information regarding a donor's making, amendment to, or revocation of an anatomical gift.

(c) A donor registry must:

- (1) Allow a donor or other person authorized under section 12-34-104 to include on the

donor registry a statement or symbol that the donor has made, amended, or revoked an anatomical gift;

(2) Be accessible to a procurement organization to allow it to obtain relevant information on the donor registry to determine, at or near death of the donor or a prospective donor, whether the donor or prospective donor has made, amended, or revoked an anatomical gift; and

(3) Be accessible for purposes of paragraphs (1) and (2) of this subsection (c) seven days a week on a twenty-four-hour basis.

(d) Personally identifiable information on a donor registry about a donor or prospective donor may not be used or disclosed without the express consent of the donor, prospective donor, or person that made the anatomical gift for any purpose other than to determine, at or near death of the donor or prospective donor, whether the donor or prospective donor has made, amended, or revoked an anatomical gift.

(e) This section does not prohibit any person from creating or maintaining a donor registry that is not established by or under contract with the state. Any such registry must comply with subsections (c) and (d) of this section.

12-34-121. Effect of anatomical gift on advance health-care directive. (a) In this section:

(1) "Advance health-care directive" means a power of attorney for health care or a record signed or authorized by a prospective donor containing the prospective donor's direction concerning a health-care decision for the prospective donor.

(2) "Declaration" means a record signed by a prospective donor specifying the circumstances under which a life support system may be withheld or withdrawn from the prospective donor.

(3) "Health-care decision" means any decision regarding the health care of the prospective donor.

(b) If a prospective donor has a declaration or health-care directive, and the terms of the declaration or directive and the express or implied terms of a potential anatomical gift are in conflict with regard to the administration of measures necessary to ensure the medical suitability of a part for transplantation or therapy, the prospective donor's attending physician and prospective donor shall confer to resolve the conflict. If the prospective donor is incapable of resolving the conflict, an agent acting under the prospective donor's declaration or directive, or, if none or the agent is not reasonably available, another person authorized by law other than this article to make health-care decisions on behalf of the prospective donor, shall act for the donor to resolve the conflict. The conflict must be resolved as expeditiously as possible. Information relevant to the resolution of the conflict may be obtained from the appropriate procurement organization and any other person authorized to make an anatomical gift for the prospective donor under section 12-34-109. Before resolution of the conflict, measures necessary to ensure the medical suitability of the part may not be withheld or withdrawn from the prospective donor if withholding or withdrawing the measures is not contraindicated by appropriate end-of-life care.

12-34-122. Cooperation between coroner and procurement organization. (a) A coroner shall cooperate with procurement organizations to maximize the opportunity to recover anatomical gifts for the purpose of transplantation or therapy.

(b) Subject to section 12-34-123, if a coroner receives notice from a procurement organization that an anatomical gift might be available or was made with respect to a decedent whose body is under the jurisdiction of the coroner and a post-mortem examination is going to be performed, the coroner or designee shall make every reasonable effort to conduct a post-mortem examination of the body or the part in a manner and within a period compatible with its preservation for the purposes of the gift and the medicolegal death investigation.

(c) A part may not be removed from the body of a decedent under the jurisdiction of a coroner for transplantation, therapy, research, or education unless the part is the subject of an anatomical gift. The body of a decedent under the jurisdiction of the coroner may not be delivered to a person for research or education unless the body is the subject of an anatomical gift. This subsection (c) does not preclude a coroner from performing the medicolegal investigation upon the body or parts of a decedent under the jurisdiction of the coroner.

12-34-123. Facilitation of anatomical gift from decedent whose body is under jurisdiction of coroner. (a) Upon request of a procurement organization, a coroner shall release to the procurement organization the name, contact information, and available medical and social history of a decedent whose body is under the jurisdiction of the coroner. If the decedent's body or part is medically suitable for transplantation or therapy, the coroner shall release post-mortem examination results to the procurement organization. The procurement organization may make a subsequent disclosure of the post-mortem examination results or other information received from the coroner only if relevant to transplantation or therapy.

(b) The coroner may conduct a medicolegal examination by reviewing all medical records, laboratory test results, X-rays, other diagnostic results, and other information that any person possesses about a donor or prospective donor whose body is under the jurisdiction of the coroner which the coroner determines may be relevant to the investigation.

(c) A person that has any information requested by a coroner pursuant to subsection (b) of this section shall provide that information as expeditiously as possible to allow the coroner to conduct the medicolegal investigation within a period compatible with the preservation of parts for the purpose of transplantation or therapy.

(d) If an anatomical gift has been or might be made of a part of a decedent whose body is under the jurisdiction of the coroner and a post-mortem examination is not required, or the coroner determines that a post-mortem examination is required but that the recovery of the part that is the subject of an anatomical gift will not interfere with the examination, the coroner and procurement organization shall cooperate in the timely removal of the part from the decedent for the purpose of transplantation or therapy.

(e) If an anatomical gift of a part from the decedent under the jurisdiction of the coroner has been or might be made, but the coroner initially believes that the recovery of the part could

interfere with the post-mortem investigation into the decedent's cause or manner of death or preservation or collection of evidence, the coroner shall consult with the procurement organization or physician or technician designated by the procurement organization about the proposed recovery. The procurement organization shall obtain and provide the coroner with all available information which could relate to the cause or manner of the decedent's death. After consultation, the coroner may allow the recovery, or may deny or delay the recovery as provided in subsection (f), (g), or (h) of this section.

(f) The coroner, district attorney, and a procurement organization shall enter into an agreement establishing protocols and procedures governing the relations between them when an anatomical gift of a part from a decedent whose body is under the jurisdiction of the coroner has been or might be made but the coroner or the district attorney believes that the recovery of the part could interfere with the post-mortem investigation into the decedent's cause or manner of death or the documentation or preservation of evidence. Decisions regarding the recovery of the part from the decedent shall be made in accordance with the agreement. The coroner, district attorney, and procurement organization shall evaluate the effectiveness of the agreement at regular intervals but no less frequently than every two years.

(g) In the absence of an agreement as provided in subsection (f) of this section that establishes protocols and procedures governing the relations between the coroner, district attorney, and procurement organization when an anatomical gift of an organ from a decedent whose body is under the jurisdiction of the coroner has been or might be made, and following the consultation under subsection (e) of this section, if the coroner intends to deny recovery of the organ, the coroner or designee, at the request of the procurement organization, shall view the body either at the hospital or recovery location or by electronic means, prior to making a decision whether or not to allow the procurement organization to recover the organ. After viewing the body, the coroner or designee may allow recovery by the procurement organization to proceed, or, if the coroner or designee reasonably believes that the part may be involved in determining the decedent's cause or manner of death or preservation or collection of evidence, deny recovery by the procurement organization. The coroner or designee shall comply with all the requirements of this section in a manner and within a time period compatible with the preservation and purposes of the organ.

(h) In the absence of an agreement establishing protocols and procedures governing the relations between the coroner, district attorney, and procurement organization when an anatomical gift of an eye or tissues from a decedent whose body is under the jurisdiction of the coroner has been or might be made, and following the consultation under subsection (e) of this section, the coroner may allow, deny, or delay the recovery of the eye or tissues until after the collection of evidence or autopsy, in order to preserve and collect evidence, to maintain a proper chain-of-custody, or to allow an accurate determination of the decedent's cause of death. When a determination to delay the recovery of the eye or tissues is made, every effort possible shall be made by the coroner to complete the collection of evidence or autopsy in a timely manner compatible with the preservation of the eye or tissues for the purpose of transplantation or therapy.

(i) If the coroner or designee denies or delays recovery under subsection (f), (g), or (h) of this section, the coroner or designee shall:

(1) State in a record the specific reasons for not allowing recovery of the part;
(2) Include the specific reasons in the records of the coroner; and
(3) Upon request by a procurement organization, provide a record within two weeks of the date of the request with the specific reasons for not allowing recovery of the part.

(j) If the coroner or designee allows recovery of a part, in addition to any information required pursuant to the protocol under subsection (f) of this section, the procurement organization shall cooperate with the coroner in any documentation of injuries and the preservation and collection of evidence prior to and during the recovery of the part and, upon the coroner's request, shall cause the physician or technician who removes the part to provide the coroner, as soon as practicable, with a record that includes: The names of all personnel participating in the removal of the part; a report documenting any internal or external injuries observed, any evidence observed, and describing the condition of the part; photographs or other documentation of evidence as identified in the protocol; and any other information and observations that would assist in the post mortem.

(k) If a coroner or designee is required to be present to view the body at the hospital or recovery location under subsection (g) of this section, upon request the procurement organization requesting the recovery of the part shall reimburse the coroner or designee for the reasonable additional cost of travel incurred in complying with subsection (g) of this section.

12-34-124. Uniformity of application and construction. In applying and construing this part 1, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

12-34-125. Relation to "Electronic Signatures in Global and National Commerce Act". This act modifies, limits, and supersedes the "Electronic Signatures in Global and National Commerce Act", 15 U.S.C. sec. 7001 et seq., but does not modify, limit, or supersede section 101 (a) of that act, 15 U.S.C. sec. 7001, or authorize electronic delivery of any of the notices described in section 103 (b) of that act, 15 U.S.C. sec. 7003 (b).

PART 2

UNCLAIMED HUMAN BODIES

12-34-201. Board for distribution of unclaimed human bodies. (1) The deans and the heads of the departments of anatomy and surgery of the accredited medical and dental schools of this state are constituted a board for the distribution and delivery of unclaimed dead human bodies, described in this part 2, to and among such institutions which, under the provisions of this part 2, are entitled to distribution. The board has full power to establish rules and regulations for its government, and to appoint and remove officers, and shall keep full and complete minutes of its transactions. Records shall also be kept, under its direction, of all bodies received and

distributed by said board, and of the institutions to which the same may be distributed, which minutes and records shall be open at all times to the inspection of each member of said board and of any district attorney of any county within this state. The name of said board of distribution shall be the anatomical board of the state of Colorado, called, in this part 2, the "anatomical board". The anatomical board, in its discretion, may exempt any counties or other districts from the provisions of this part 2 for any calendar year by the regulations of the board issued for such year.

(2) Repealed.

12-34-202. Duty of public officers as to unclaimed bodies. (1) All public officers, agents, and servants, and all officers, agents, and servants of every county, city, township, borough, district, and other municipality, and every almshouse, prison, morgue, hospital, or other municipal or other public institution, and all other persons having charge or control over unclaimed dead human bodies required to be buried at public expense shall use reasonable effort to ascertain if said deceased person has any relative, friend, or other representative who will assume charge of said body for burial at his expense. If such effort does not result in the discovery of a claimant within twenty-four hours after death, such officers, agents, or other persons shall immediately notify the anatomical board or such person as may from time to time be designated by said board as its duly authorized officer or agent, when such unclaimed body or bodies come into his possession, charge, or control. In any county which is entirely located more than one hundred fifty miles from any accredited medical or dental school, the minimum period of notification shall be extended to forty-eight hours. Such officers, agents, or other persons, without fee or reward, shall deliver such unclaimed body to the anatomical board and permit the board or its agents to take and remove all such unclaimed bodies to be used for the advancement of medical and anatomical sciences.

(2) Such notices shall be given to the anatomical board in all cases, but no such body shall be delivered if any relative, by blood or marriage, shall previously claim the body for burial at the expense of such relative, but the body shall be surrendered to said claimant for interment; nor shall any such body be delivered if any representative of a fraternal society of which the deceased was a member, or a representative of any charitable organization, or if any friend of the deceased shall claim the body for burial prior to delivery to the board, said burial to be at the expense of such fraternal society, charitable organization, or friend. In the case of death of any person whose body is required to be buried at public expense and the duly authorized officer or agent of the anatomical board deems such body unfit for anatomical purposes, he shall notify the board of county commissioners or such other agency as may be in charge of the county paupers of the county in which such person dies, in writing, and the board of county commissioners or other agency shall direct some person to take charge of the body of such deceased indigent person, and cause it to be buried, and draw warrants upon the treasurer of said county for the payment of such expenses.

(3) No warrants for the payment of the expenses of the burial of any person whose body is required to be buried at public expense shall be drawn or paid except upon the certificate of the duly authorized officer or agent of the anatomical board to the effect that such unclaimed body is

unfit for anatomical purposes, by reason of decomposition or contagious disease, and that the provisions of this part 2 have been complied with. If, through the failure of any person to deliver the body of a deceased indigent as required by this part 2, such unclaimed body becomes unfit for anatomical purposes, and is so certified by the duly authorized officer or agent of said anatomical board, such body shall be buried in accordance with the provisions of this part 2, and the person so failing to deliver such unclaimed body shall pay to the county treasurer the expense so incurred. Upon the refusal or failure of such person, on demand, to pay such expense, the board of county commissioners, or such other agency as may be in charge of the county paupers, may bring suit to recover the expenses, and the same may be recovered as debts of like amount are collectible by law.

12-34-203. Claiming of body - publication of notice. After an unclaimed body has been received by the anatomical board or its duly authorized agent, and has been preserved and stored, said body may be claimed within twenty days after death by relatives, friends, or fraternal or charitable organizations for burial or cremation at the expense of said claimant, and the body shall be surrendered to such claimant without charge of any character. During the twenty-day period the board shall publish at least two notices in some newspaper of general circulation, published in the county in which the death occurred or in which the body was first discovered, stating that the body is unclaimed and giving the name of the deceased if it is known. Such notice shall be published in the name of the coroner of such county.

12-34-204. Disposition of all or any portion of body after death - nonliability. (1) A person has a right during his lifetime to provide for the disposition of all or any portion of his body upon his death.

(2) No cause of action for damages shall accrue to any person arising out of the removal of all or any portion of the body of any deceased person if such deceased person has, prior to the time of his death, executed a written consent to such removal, and the person against whom such cause of action is alleged had no actual knowledge of any revocation of such consent.

(3) The anatomical board, or its duly authorized agent, is authorized to receive and distribute dead human bodies or parts thereof bequeathed or donated to it for the advancement of medical and anatomical sciences in the same manner as is now provided by law for the receipt and distribution of unclaimed dead human bodies; except that no publication of notice as required by section 12-34-203 shall be required.

12-34-205. Unlawful to hold autopsy - when. It is unlawful for any person to hold an autopsy on any dead human body mentioned in this part 2, except on the request of the district attorney of the district where such body is located, without the written, telegraphic, or telephonic consent of the secretary of the anatomical board, such telegraphic or telephonic consent to be verified by written consent.

12-34-206. Holding of body for twenty days. The anatomical board, or its duly authorized agent, shall take and receive any unclaimed bodies so delivered, and, after holding said bodies for a period of twenty days to determine if said bodies are claimed, shall distribute and deliver said unclaimed bodies on requisition to and among the institutions mentioned in this part 2, to be used for anatomical purposes as such institutions shall determine.

12-34-207. Disposition of remains. After the institutions to which said unclaimed bodies have been distributed by the anatomical board have completed the scientific study of such unclaimed bodies, the remains thereof shall in every case be disposed of by burial or cremation.

12-34-208. Expense to be borne by institutions. Neither the county, municipality, nor any officer, agent, or servant thereof shall incur any expense by reason of the delivery or distribution of any such unclaimed body, but all the expenses thereof and of the anatomical board shall be borne by those institutions receiving said unclaimed bodies in the manner determined by the board.

12-34-209. Penalty. Any person having duties enjoined upon him by the provisions of this part 2, who neglects, refuses, or omits to perform the same as required in this part 2, upon conviction thereof, shall be punished by a fine of not less than fifty dollars nor more than five hundred dollars for each offense.

(b) When the board sends a letter of admonition to a licensee pursuant to paragraph (a) of this subsection (2), the board shall also advise the licensee that he or she has the right to request in writing, within twenty days after receipt of the letter, that the board initiate formal disciplinary proceedings to adjudicate the propriety of the conduct upon which the letter of admonition is based. If the licensee makes the request for adjudication in a timely manner, the board shall vacate the letter of admonition and shall process the matter by means of formal disciplinary proceedings.

(3) If an investigation discloses an instance of conduct that, in the opinion of the board, does not warrant formal board action and should be dismissed, but in which the board has noticed indications of possible errant conduct that could lead to serious consequences if not corrected, the board shall send a confidential letter of concern to the licensee against whom the complaint was made. The board shall send the person making the complaint a notice that the board has issued a letter of concern to the licensee.

(4) The board may include, in any disciplinary order that allows a dentist or dental hygienist to continue to practice, conditions the board deems appropriate to assure that the dentist or dental hygienist is physically, mentally, and otherwise qualified to practice dentistry or dental hygiene in accordance with generally accepted professional standards of practice. (8) Any person whose license to practice is revoked is ineligible to apply for any license under this article for at least two years after the date of revocation or surrender of the license. Any subsequent application for licensure is an application for a new license.

(2) (a) Except as provided in paragraph (b) of this subsection (2), investigations, examinations, hearings, meetings, and other proceedings of the board conducted pursuant to this section or section 12-35-129.1, 12-35-129.3, 12-35-129.4, or 12-35-129.5 are exempt from the provisions of any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to this section are open to public inspection.

(b) The final action of the board taken pursuant to this section is open to the public.

(3) When a complaint or an investigation discloses an instance of misconduct that, in the

opinion of the board, warrants formal action, the board shall not resolve the complaint by a deferred settlement, action, judgment, or prosecution.

(4) Any member of the board or professional review committee authorized by the board, any member of the board's or professional review committee's staff, any person acting as a witness or consultant to the board or committee, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article is immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board or committee member, staff, consultant, or witness, respectively, if the individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that his or her action was warranted by the facts. Any person participating in good faith in lodging a complaint or participating in any investigative or administrative proceeding pursuant to this article is immune from any civil or criminal liability that may result from the participation.

(5) The discipline of a licensee by another state, territory, or country is deemed the equivalent of unprofessional conduct under this article; except that this subsection (5) applies only to discipline that is based upon an act or omission in the other state, territory, or country that is defined substantially the same as unprofessional conduct pursuant to this article.

(6) (a) Nothing in this section:

(I) Deprives a dental patient of the right to choose or replace any professionally recognized restorative material;

(II) Permits disciplinary action against a dentist solely for removing or placing any professionally recognized restorative material.

(b) Nothing in paragraph (a) of this subsection (6) prevents disciplinary action against a dentist for practicing dentistry in violation of this article.

(7) (a) If a professional review committee is established pursuant to this section to investigate complaints against a person licensed to practice dentistry under this article, the committee must include in its membership at least three persons licensed to practice dentistry under this article. The committee may be authorized to act only by:

(I) The board; or

(II) A society or an association of persons licensed to practice dentistry under this article whose membership includes not less than one-third of the persons licensed to practice dentistry under this article residing in this state, if the licensee whose services are the subject of review is a member of the society or association.

(b) Any member of the board or a professional review committee authorized by the board and any witness or consultant appearing before the board or professional review committee is immune from suit in any civil action brought by a licensee who is the subject of a professional review proceeding if the member, witness, or consultant acts in good faith within the scope of the function of the board or committee, has made a reasonable effort to obtain the facts of the matter as to which the member, witness, or consultant acts, and acts in the reasonable belief that his or her action is warranted by the facts. The immunity provided by this paragraph (b) extends to the members of an authorized professional review committee of a society or an association of persons licensed pursuant to this article and witnesses or consultants appearing before the

committee if the committee is authorized to act as provided in subparagraph (II) of paragraph (a) of this subsection (7).

(c) A professional review committee of a society or an association of persons licensed pursuant to this article shall:

(I) Notify the board within sixty days after the review committee analyzes care provided by a licensee and determines that the care may not meet generally accepted standards or that the licensee has otherwise violated any provision of this article. The licensee may be subject to disciplinary action by the board.

(II) Allow the board or its designee to conduct a periodic audit of records of the review committee. A person designated by the board to conduct the audit must be a licensed or retired dentist from any state. The board or its designee shall conduct the audit no more than twice annually. If any pattern of behavior of a licensee is identified that may constitute reasonable grounds to believe there has been a violation of this article, all relevant records of the review committee are subject to a subpoena issued by the board.

(d) (I) The proceedings and records of a review committee must be held in confidence and are not subject to discovery or introduction into evidence in any civil action against a dentist arising out of the matters that are the subject of evaluation and review by the committee. However, records of closed proceedings and investigations are available to the particular licensee under review and the complainant involved in the proceedings.

(II) A person who was in attendance at a meeting of the committee shall not be permitted or required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or any members of the committee. However, information, documents, or records otherwise available from original sources are not protected from discovery or use in a civil action merely because they were presented during proceedings of the committee, and any documents or records that have been presented to the review committee by any witness must be returned to the witness, if requested by the witness or if ordered to be produced by a court in any action, with copies to be retained by the committee at its discretion.

(III) Any person who testifies before the committee or who is a member of the committee is not prevented from testifying as to matters within the person's knowledge, but the person may not be asked about his or her testimony before the committee or opinions he or she formed as a result of the committee hearings.

12-35-129.3. Board panels. (1) The chairperson of the board shall divide the members of the board, other than the chairperson, into two panels of six members each.

(2) Each panel shall act as both an inquiry panel and a hearing panel. The chairperson may reassign members of the board from one panel to the other. The chairperson may be a member of both panels, but neither the chairperson nor any other member who has considered a complaint as a member of a panel acting as an inquiry panel shall take any part in the consideration of a formal complaint involving the same matter.

(3) If the inquiry panel refers a matter for formal hearing, the hearing panel or a committee of the hearing panel shall hear the matter. However, in its discretion, either inquiry

panel may elect to refer a case for formal hearing to a qualified administrative law judge in lieu of a hearing panel of the board for an initial decision pursuant to section 24-4-105, C.R.S.

(4) A licensee who is the subject of an initial decision by an administrative law judge, or by the hearing panel that would have heard the case upon its own motion, may seek review of the initial decision pursuant to section 24-4-105 (14) and (15), C.R.S., by filing an exception to the initial decision with the hearing panel that would have heard the case if it had not been referred to an administrative law judge. The respondent or the board's counsel may file the exception.

(5) The inquiry panel to whom an investigation is assigned shall supervise the investigation, and the person conducting the investigation shall report the results of the investigation to the panel for appropriate action.

12-35-129.4. Cease-and-desist orders. (1) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required license, the board may issue an order to cease and desist the activity. The board shall set forth in the order the statutes and rules the person is alleged to have violated, the facts alleged to constitute the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. The board or an administrative law judge, as applicable, shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to the person an order to show cause as to why the board should not issue a final order directing the person to cease and desist from the unlawful act or unlicensed practice.

(b) The board shall promptly notify the person against whom it issues an order to show cause pursuant to paragraph (a) of this subsection (2) of the issuance of the order and shall include in the notice a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. The board may serve the notice by personal service, by first-class United States mail, postage prepaid, or by other means as may be practicable. Personal service or mailing of an order or document pursuant to this subsection (2) constitutes notice to the person.

(c) (I) The board shall commence the hearing on an order to show cause no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification as provided in paragraph (b) of this subsection (2). The board may continue the hearing by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the board commence the hearing later than sixty calendar days after the date of transmission or service of the notification.

(II) If the person against whom the board has issued the order to show cause pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon the person pursuant to paragraph (b) of this subsection (2) and other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order becomes final as to that person by operation of law. The board or an administrative law judge, as applicable, shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, the board may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order is issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) is effective when issued and is a final order for purposes of judicial review.

(3) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in an unlicensed act or practice; an act or practice constituting a violation of this part 1, a rule promulgated pursuant to this part 1, or an order issued pursuant to this part 1; or an act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with the person.

(4) If a person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested the attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-35-130.

12-35-129.5. Mental and physical examinations. (1) (a) If the board has reasonable cause to believe that a person licensed to practice dentistry or dental hygiene in this state is unable to practice dentistry or dental hygiene with reasonable skill and safety to patients because of a physical or mental disability or because of excessive use of alcohol, a habit-forming drug or substance, or a controlled substance, as defined in section 18-18-102 (5), C.R.S., the board may require the licensed dentist or dental hygienist to submit to a mental or physical examination by a qualified professional designated by the board.

(b) Upon the failure of the licensed dentist or dental hygienist to submit to a mental or physical examination required by the board, unless the failure is due to circumstances beyond the dentist's or dental hygienist's control, the board may suspend the dentist's or dental hygienist's license to practice dentistry or dental hygiene in this state until the dentist or dental hygienist

submits to the examination.

(2) Every person licensed to practice dentistry or dental hygiene in this state is deemed, by so practicing or by applying for a renewal of the person's license to practice dentistry or dental hygiene in this state, to have:

(a) Given consent to submit to a mental or physical examination when directed in writing by the board; and

(b) Waived all objections to the admissibility of the examining qualified professional's testimony or examination reports on the ground of privileged communication.

(3) The results of any mental or physical examination ordered by the board cannot be used as evidence in any proceeding other than before the board.

12-35-129.6. Confidential agreement to limit practice - violation - grounds for discipline. (1) If a licensed dentist or dental hygienist has a physical or mental illness or condition that renders him or her unable to practice dentistry or dental hygiene with reasonable skill and safety to clients, the dentist or dental hygienist shall notify the board of the illness or condition in a manner and within a period determined by the board. The board may require the dentist or dental hygienist to submit to an examination to evaluate the extent of the illness or condition and its impact on the dentist's or dental hygienist's ability to practice dentistry or dental hygiene with reasonable skill and safety to patients.

(2) (a) Upon determining that a dentist or dental hygienist with a physical or mental illness or condition is able to render limited services with reasonable skill and safety to patients, the board may enter into a confidential agreement with the dentist or dental hygienist in which the dentist or dental hygienist agrees to limit his or her practice based on the restrictions imposed by the illness or condition, as determined by the board.

(b) As part of the agreement, the dentist or dental hygienist is subject to periodic reevaluations or monitoring as determined appropriate by the board.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

(3) By entering into an agreement with the board pursuant to this section to limit his or her practice, a dentist or dental hygienist is not engaging in activities prohibited pursuant to section 12-35-129 (1). The agreement does not constitute a restriction or discipline by the board. However, if the dentist or dental hygienist fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes a prohibited activity pursuant to section 12-35-129 (1) (j), and the dentist or dental hygienist is subject to discipline in accordance with section 12-35-129.

(4) This section does not apply to a dentist or dental hygienist subject to discipline for prohibited activities as described in section 12-35-129 (1) (e).

12-35-130. Review of board action. (1) The court of appeals, by appropriate proceedings under section 24-4-106 (11), C.R.S., may review any final action of the board to:

(a) Deny or refuse to issue or renew a license;

- (b) Suspend a license;
 - (c) Revoke a license;
 - (d) Censure a licensee;
 - (e) Issue a letter of admonition to a licensee;
 - (f) Place a licensee on probation;
 - (g) Issue a reprimand to a licensee; or
 - (h) Issue an order to cease and desist.
- (2) The provisions of this section apply to a license issued to a dentist or dental hygienist.

12-35-131. Use of forged or invalid diploma or certificate. It is unlawful for any person to use or attempt to use as his or her own a diploma of a dental college or school or school of dental hygiene, or a license or license renewal certificate, of any other person or to use or attempt to use a forged diploma, license, license renewal certificate, or identification. It is also unlawful for any person to file with the board a forged document in response to a request by the board for documentation of an applicant's qualifications for licensure.

12-35-132. Sale of forged or invalid diploma or license certificate. (1) It is unlawful to sell or offer to sell a diploma conferring a dental or dental hygiene degree or a license or license renewal certificate granted pursuant to this article or prior dental practice laws, or to procure such diploma or license or license renewal certificate:

(a) With the intent that it be used as evidence of the right to practice dentistry or dental hygiene by a person other than the one upon whom it was conferred or to whom such license or license renewal certificate was granted; or

(b) With fraudulent intent to alter the document and use or attempt to use it when it is so altered.

(1) (a) A licensed dentist who uses the services of an unlicensed technician for the purpose of constructing, altering, repairing, or duplicating any denture, bridge, splint, or orthodontic or prosthetic appliance shall furnish the unlicensed technician with a written or electronic laboratory work order in a form approved by the board, which form must be dated and signed by the dentist for each separate and individual piece of work. The dentist shall make the laboratory work order in a reproducible form, and the dentist and the unlicensed technician shall each retain a copy in a permanent file for two years. The permanent files of the licensed dentist and the unlicensed technician shall be open to inspection at any reasonable time by the board or its duly constituted agent. The licensed dentist that furnishes the laboratory work order shall have appropriate training, education, and experience related to the prescribed treatment and is responsible for directly supervising all intraoral treatment rendered to the patient.

(b) An unlicensed technician that possesses a valid laboratory work order may provide extraoral construction, manufacture, fabrication, supply, or repair of identified dental and

orthodontic devices but shall not provide intraoral service in a human mouth except under the direct supervision of a licensed dentist in accordance with section 12-35-128 (3) (d).

(2) If the dentist fails to keep permanent records of laboratory work orders as required in paragraph (a) of subsection (1) of this section, the dentist is subject to disciplinary action as deemed appropriate by the board.

(3) If an unlicensed technician fails to have in his or her possession a laboratory work order signed by a licensed dentist with each denture, bridge, splint, or orthodontic or prosthetic appliance in his or her possession, the absence of the laboratory work order is prima facie evidence of a violation of this section and constitutes the practice of dentistry without an active license in violation of, and subject to the penalties specified in, section 12-35-135.

12-35-134. Soliciting or advertisements by unlicensed persons. It is unlawful for any unlicensed person, corporation, entity, partnership, or group of persons to solicit or advertise to the general public to construct, reproduce, or repair prosthetic dentures, bridges, plates, or other appliances to be used or worn as substitutes for natural teeth.

12-35-136. Attorney general shall represent board and members. The attorney general of the state of Colorado shall counsel with and advise the board in connection with its duties and responsibilities under this article. If litigation is brought against the board or any of its individual members in connection with actions taken by it or them under the provisions of this article and such actions are free of malice, fraud, or willful neglect of duty, the attorney general shall defend such litigation without cost to the board or to any individual member thereof.

12-35-137. Independent advertising or marketing agent - injunctive proceedings. (1) Notwithstanding section 12-35-129 (1) (t), a licensed dentist or dental hygienist may employ an independent advertising or marketing agent to provide advertising or marketing services on the dentist's or dental hygienist's behalf, and the same shall not be considered unprofessional conduct.

(2) The board shall not have the authority to regulate, directly or indirectly, advertising or marketing activities of independent advertising or marketing agents except as provided in this section. The board may, in the name of the people of the state of Colorado, apply for an injunction in district court to enjoin any independent advertising or marketing agent from the use

of advertising or marketing that the court finds on the basis of the evidence presented by the board to be misleading, deceptive, or false; except that a licensed dentist or dental hygienist shall not be subject to discipline by the board, injunction, or prosecution in the courts under this article or any other law for advertising or marketing by an independent advertising or marketing agent if the factual information that the licensed dentist or dental hygienist provides to the independent advertising or marketing agent is accurate and not misleading, deceptive, or false.

12-35-138. Dentist peer health assistance fund. (1) (a) Effective July 1, 2004, as a condition of renewal in this state, every renewal applicant shall pay to the administering entity that has been selected by the board pursuant to the provisions of paragraph (b) of this subsection (1) an amount not to exceed fifty-nine dollars per year, which maximum amount may be adjusted on January 1, 2005, and annually thereafter by the board to reflect changes in the United States bureau of statistics consumer price index for the Denver-Boulder consolidated metropolitan statistical area for all urban consumers or goods, or its successor index. Such fee shall be used to support designated providers that have been selected by the board to provide assistance to dentists needing help in dealing with physical, emotional, or psychological problems that may be detrimental to their ability to practice dentistry. Such fee shall not exceed one hundred dollars per year per licensee.

(b) The board shall select one or more peer health assistance programs as designated providers. To be eligible for designation by the board, a peer health assistance program shall:

(I) Provide for the education of dentists with respect to the recognition and prevention of physical, emotional, and psychological problems and provide for intervention when necessary or under circumstances that may be established by rules promulgated by the board;

(II) Offer assistance to a dentist in identifying physical, emotional, or psychological problems;

(III) Evaluate the extent of physical, emotional, or psychological problems and refer the dentist for appropriate treatment;

(IV) Monitor the status of a dentist who has been referred for treatment;

(V) Provide counseling and support for the dentist and for the family of any dentist referred for treatment;

(VI) Agree to receive referrals from the board;

(VII) Agree to make its services available to all licensed Colorado dentists.

(c) The administering entity shall be a qualified, nonprofit private foundation that is qualified under section 501 (c) (3) of the federal "Internal Revenue Code of 1986", as amended, and shall be dedicated to providing support for charitable, benevolent, educational, and scientific purposes that are related to dentistry, dental education, dental research and science, and other dental charitable purposes.

(d) The responsibilities of the administering entity shall be to:

(I) Collect the required annual payments, directly or through the board;

(II) Verify to the board, in a manner acceptable to the board, the names of all dentist applicants who have paid the fee set by the board;

(III) Distribute the moneys collected, less expenses, to the designated provider, as

directed by the board;

(IV) Provide an annual accounting to the board of all amounts collected, expenses incurred, and amounts disbursed; and

(V) Post a surety performance bond in an amount specified by the board to secure performance under the requirements of this section. The administering entity may recover the actual administrative costs incurred in performing its duties under this section in an amount not to exceed ten percent of the total amount collected.

(e) The board, at its discretion, may collect the required annual payments payable to the administering entity for the benefit of the administering entity and shall transfer all such payments to the administering entity. All required annual payments collected or due to the board for each fiscal year shall be deemed custodial funds that are not subject to appropriation by the general assembly, and such funds shall not constitute state fiscal year spending for purposes of section 20 of article X of the state constitution.

(2) (a) Any dentist who is a referred participant in a peer health assistance program shall enter into a written agreement with the board prior to such dentist becoming a participant in such program. Such agreement shall contain specific requirements and goals to be met by the participant, including the conditions under which the program will be successfully completed or terminated, and a provision that a failure to comply with such requirements and goals shall be promptly reported to the board and that such failure shall result in disciplinary action by the board.

(b) Notwithstanding section 12-35-129 and section 24-4-104, C.R.S., the board may immediately suspend the license of any dentist who is referred to a peer health assistance program by the board and who fails to attend or to complete such program. If such dentist objects to such suspension, he or she may submit a written request to the board for a formal hearing on such suspension within ten days after receiving notice of such suspension, and the board shall grant such request. In such hearing the dentist shall bear the burden of proving that his or her license should not be suspended.

(c) Any dentist who is accepted into a peer health assistance program in lieu of disciplinary action by the board shall affirm that, to the best of his or her knowledge, information, and belief, he or she knows of no instance in which he or she has violated this article or the rules of the board, except in those instances affected by the dentist's physical, emotional, or psychological problems.

(2.5) If a dentist is arrested for a drug- or alcohol-related offense, the dentist shall refer himself or herself to the peer health assistance program within thirty days after the arrest for an evaluation and referral for treatment as necessary. If the dentist self-refers, the evaluation by the program is confidential and cannot be used as evidence in any proceeding other than before the board. If a dentist fails to comply with this subsection (2.5), the failure, alone, is not grounds for discipline under section 12-35-129 and 12-35-129.1 unless the dentist has also committed an act or omission specified in section 12-35-129, other than an act or omission specified in section 12-35-129 (1) (e) or (1) (f).

(3) Nothing in this section shall be construed to create any liability on behalf of the board or the state of Colorado for the actions of the board members in making grants to peer assistance programs, and no civil action may be brought or maintained against the board or the state for an

injury alleged to have been the result of the activities of any state-funded peer assistance program or the result of an act or omission of a dentist participating in or referred by a state-funded peer assistance program. However, the state shall remain liable under the provisions of the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S., if an injury alleged to have been the result of an act or omission of a dentist participating in or referred by a state-funded peer assistance program occurred while such dentist was performing duties as an employee of the state.

(4) The board is authorized to promulgate rules necessary to implement the provisions of this section.

(2) The board may adopt rules establishing the basic requirements for continuing education, including the types of programs that qualify, exemptions for persons holding an inactive or retired license, requirements for courses designed to enhance clinical skills for certain licenses, and the manner by which dentists and dental hygienists are to report compliance with the continuing education requirements.

12-35-140. Anesthesia and sedation permits - dentists and dental hygienists - training and experience requirements - office inspections - rules. (2) (a) A licensed dentist who obtains an anesthesia or sedation permit pursuant to this section may administer minimal sedation, moderate sedation, or deep sedation/general anesthesia.

(b) A licensed dentist who administers minimal sedation, moderate sedation, or deep sedation/general anesthesia to pediatric dental patients shall obtain a permit designated by the board to allow for administration to pediatric dental patients.

(c) An anesthesia or sedation permit issued to a licensed dentist is valid for five years, unless the dentist's license expires. As a condition of renewing an anesthesia or sedation permit, a licensed dentist shall attest, when applying to renew the permit, that he or she completed seventeen continuing education credits specific to anesthesia or sedation administration during the five-year permit period. Continuing education credits obtained as required by this section may be used to satisfy the continuing education requirements in section 12-35-139.

(3) (a) A licensed dental hygienist who obtains a local anesthesia permit pursuant to this section may administer local anesthesia.

(b) A local anesthesia permit issued to a dental hygienist is valid as long as the dental hygienist's license is active.

(4) (a) The board shall establish, by rule, minimum training, experience, and equipment requirements for the administration of local anesthesia, analgesia including nitrous oxide/oxygen inhalation, and medication prescribed or administered for the relief of anxiety or apprehension, minimal sedation, moderate sedation, deep sedation, or general anesthesia, including procedures that may be used by and minimum training requirements for dentists, dental hygienists, and dental assistants.

(b) In order to fulfill the training and experience requirements for an anesthesia or sedation permit, an applicant must be the primary provider and directly provide care for all required case work.

(c) The rules relating to anesthesia and sedation are not intended to:

(I) Permit administration of local anesthesia, analgesia, medication prescribed or administered for the relief of anxiety or apprehension, minimal sedation, moderate sedation, deep sedation, or general anesthesia by dental assistants; except that this section does not prohibit a dental assistant from monitoring and administering nitrous oxide/oxygen inhalation performed under the supervision of a licensed dentist pursuant to section 12-35-113 (1) (q) and board rules; or

(II) Reduce competition or restrain trade with respect to the dentistry needs of the public.

(5) The board shall establish, by rule, criteria and procedures for an office inspection program to be completed upon application and renewal of anesthesia or sedation permits, which must include:

(a) Designation of qualified inspectors who are experts in dental outpatient deep sedation/general anesthesia and moderate sedation;

(b) A requirement for each licensee that is inspected to bear the cost of inspection by allowing designated inspectors to charge a reasonable fee as established by the board;

(c) A requirement that an inspector notify the board in writing of the results of an inspection; and

(d) A requirement for reinspection of an office prior to the renewal of a moderate sedation or deep sedation/general anesthesia permit.

12-35-141. Professional liability insurance required. (1) A licensed dentist shall meet the financial responsibility requirements established by the board pursuant to section 13-64-301 (1) (a), C.R.S.

(2) A licensed dental hygienist shall have professional liability insurance in an amount not less than fifty thousand dollars per claim and with an aggregate liability limit for all claims during a calendar year of not less than three hundred thousand dollars. Upon request of the board, a dental hygienist shall provide proof of professional liability insurance to the board.

PART 2

SAFETY TRAINING FOR UNLICENSED X-RAY TECHNICIANS

12-35-201. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that public exposure to the hazards of ionizing radiation used for diagnostic purposes should be minimized wherever possible. Accordingly, the general assembly finds, determines, and declares that for any dentist or dental hygienist to allow an untrained person to operate a machine source of ionizing radiation, including without limitation a device commonly known as an "X-ray machine", or to administer such radiation to a patient for diagnostic purposes is a threat to the public health and safety.

(2) It is the intent of the general assembly that dentists and dental hygienists utilizing unlicensed persons in their practices provide those persons with a minimum level of education and training before allowing them to operate machine sources of ionizing radiation; however, it is not the general assembly's intent to discourage education and training beyond this minimum. It is further the intent of the general assembly that established minimum training and education requirements correspond as closely as possible to the requirements of each particular work setting as determined by the Colorado dental board pursuant to this part 2.

(3) The general assembly seeks to ensure, and accordingly declares its intent, that in promulgating the rules authorized by this part 2, the board will make every effort, consistent with its other statutory duties, to avoid creating a shortage of qualified individuals to operate machine sources of ionizing radiation for beneficial medical purposes in any area of the state.

12-35-202. Board authorized to issue rules. (1) (a) The Colorado dental board shall adopt rules prescribing minimum standards for the qualifications, education, and training of unlicensed persons operating machine sources of ionizing radiation and administering radiation to patients for diagnostic medical use. A licensed dentist or dental hygienist shall not allow an unlicensed person to operate a machine source of ionizing radiation or to administer radiation to any patient unless the person meets standards then in effect under rules adopted pursuant to this section. The board may adopt rules allowing a grace period in which newly hired operators of machine sources of ionizing radiation are to receive the training required by this section.

(b) For purposes of this part 2, "unlicensed person" means a person who does not hold a current and active license entitling the person to practice dentistry or dental hygiene under the provisions of this article.

(2) The board shall seek the assistance of licensed dentists or licensed dental hygienists in developing and formulating the rules promulgated pursuant to this section.

(3) The required number of hours of training and education for all unlicensed persons operating machine sources of ionizing radiation and administering such radiation to patients shall be established by the board by rule. This standard shall apply to all persons in dental settings other than hospitals and similar facilities licensed by the department of public health and environment pursuant to section 25-1.5-103, C.R.S. Such training and education may be obtained through programs approved by the appropriate authority of any state or through equivalent programs and training experience, including on-the-job training as determined by the board.

12-35.5-102. Legislative declaration. (b) On July 1, 2014, each active massage therapy registration becomes an active massage therapy license by operation of law. The conversion from registration to licensure does not affect

any prior discipline, limitation, or condition imposed by the director on a massage therapist's registration; limit the director's authority over any registrant; or affect any pending investigation or administrative proceeding. The director shall treat any application for a massage therapist registration pending as of July 1, 2014, as an application for licensure, which application is subject to the requirements established by the director.

A certified copy of the judgment of a court of competent jurisdiction of a conviction or plea is conclusive

evidence of the conviction or plea. In considering the disciplinary action, the director shall be governed by the provisions of section 24-5-101, C.R.S.

(k) Advertised, represented, held himself or herself out in any manner, or used any designation in connection with his or her name as a massage therapist without being licensed or exempt pursuant to this article;

12-35.5-112. Disciplinary proceedings - injunctions - investigations - hearings - judicial review. (1) The director may revoke, suspend, deny, or refuse to renew a license, issue a letter of admonition to a licensee, or place a licensee on probation in accordance with the disciplinary proceedings described in this section upon proof that the person committed a violation of section 12-35.5-111.

(2) The director may request the attorney general to seek an injunction, in any court of competent jurisdiction, to enjoin any person from committing an act prohibited by this article. When seeking an injunction under this subsection (2), the attorney general shall not be required to allege or prove the inadequacy of any remedy at law or that substantial or irreparable damage is likely to result from a continued violation of this article.

(3) (a) The director is authorized to investigate, hold hearings, and gather evidence in all matters related to the exercise and performance of the powers and duties of the director pursuant to article 4 of title 24, C.R.S., and this article.

(b) The director or an administrative law judge shall have the power to administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter coming before the director. The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to conduct hearings, take evidence, and make findings and report them to the director.

(c) Upon failure of any witness to comply with such subpoena or process, the district court of the county in which the subpoenaed person or licensee resides or conducts business, upon application by the director with notice to the subpoenaed person or licensee, may issue to the person or licensee an order requiring that person or licensee to appear before the director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or

to give evidence touching the matter under investigation or in question. If a person or licensee fails to obey the order of the court, the court may hold the person or licensee in contempt of court.

(4) (a) The director, the director's staff, any person acting as a witness or consultant to the director, any witness testifying in a proceeding authorized under this article, and any person who lodges a complaint pursuant to this article shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as director, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts.

(b) A person who in good faith makes a complaint or report or participates in an investigative or administrative proceeding pursuant to this article shall be immune from liability, civil or criminal, that otherwise might result from such participation.

(5) An employer of a massage therapist shall report to the director any disciplinary action taken against the massage therapist or the resignation of such massage therapist in lieu of disciplinary action for conduct that violates this article.

(6) On completion of an investigation, the director shall find one of the following:

(a) The complaint is without merit and no further action need be taken with reference thereto;

(b) There is no reasonable cause to warrant further action; or

(c) The complaint discloses misconduct by the licensee that warrants formal action. When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the director shall not resolve the complaint by a deferred settlement, action, judgment, or prosecution. Rather, the director shall initiate disciplinary proceedings pursuant to subsection (7) of this section.

(7) (a) The director shall commence a disciplinary proceeding when the director has reasonable grounds to believe that a licensee has committed any act that violates section 12-35.5-111.

(b) Disciplinary proceedings shall be conducted pursuant to article 4 of title 24, C.R.S., and the hearing and opportunity for review shall be conducted pursuant to that article by the director or by an administrative law judge, at the director's discretion.

(c) If, after the hearing, the director finds the charges proven and orders that discipline be imposed, he or she shall also determine the extent of the discipline. The director may revoke, suspend, deny, or refuse to renew a license or place a licensee on probation.

(d) If the director finds the charges against the licensee proven and orders that discipline be imposed, the director may require, as a condition of reinstatement, that the licensee take therapy or courses of training or education as may be needed to correct any deficiency found.

(8) A final action of the director may be judicially reviewed by the court of appeals in accordance with section 24-4-106 (11), C.R.S., and judicial proceedings for the enforcement of an order of the director may be instituted in accordance with section 24-4-106, C.R.S.

(9) (a) When a complaint or an investigation discloses an instance of misconduct that, in

the opinion of the director, does not warrant formal action but should not be dismissed as being without merit, the director may send a letter of admonition to the licensee.

(b) When the director sends a letter of admonition to a licensee, the director shall notify the licensee of his or her right to request in writing, within twenty days after receipt of the letter, that the director initiate formal disciplinary proceedings to adjudicate the propriety of the conduct described in the letter of admonition.

(c) If the licensee timely requests adjudication, the letter of admonition is vacated, and the director shall process the matter by means of formal disciplinary proceedings.

(10) When a complaint or an investigation discloses an instance of conduct that does not warrant formal action by the director and, in the director's opinion, should be dismissed, but the director has noticed conduct that could lead to serious consequences if not corrected, the director may send a confidential letter of concern to the licensee.

12-35.5-112.5. Revocation. Any person whose license is revoked or who surrenders his or her license in lieu of discipline under this article is ineligible to apply for a license under this article for at least two years after the date of revocation or surrender of the license.

12-35.5-113. Cease-and-desist orders. (1) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public, or a person is acting or has acted without the required license, the director may issue an order to cease and desist the activity and shall set forth in the order the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unlicensed practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (1), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(2) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other provision of this article, then, in addition to any specific powers granted pursuant to this article, the director may issue to such person an order to show cause as to why the director should not issue a final order directing such person to cease and desist from the unlawful act.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) shall be promptly notified by the director of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this subsection (2) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and

no later than forty-five calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (2). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (2) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (2) and such other evidence related to the matter as the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license, or has engaged or is about to engage in acts or practices constituting violations of this article, the director may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (2), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(3) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged in or is about to engage in any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with such person.

(4) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(5) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order as provided in subsection (2) of this section.

12-35.5-114. Mental and physical examination of licensees. (1) (a) If the director has reasonable cause to believe that a licensee is unable to practice with reasonable skill and safety, the director may order the licensee to take a mental or physical examination administered by a physician or other licensed health care professional designated by the director.

(b) If a licensee refuses to submit to a mental or physical examination that has been

properly ordered by the director pursuant to subsection (2) of this section, and the refusal is not due to circumstances beyond the licensee's control, the refusal constitutes grounds for discipline pursuant to section 12-35.5-111 (1) (h). When a licensee has refused to submit to an examination, the director may suspend the licensee's license in accordance with section 12-35.5-112 until:

(I) The results of the examination are known; and

(II) The director has made a determination of the licensee's fitness to practice.

(c) The director shall proceed with an order for examination and determination of a licensee's fitness to practice in a timely manner.

(2) In an order to a licensee pursuant to subsection (1) of this section to undergo a mental or physical examination, the director shall include the basis of the director's reasonable cause to believe that the licensee is unable to practice with reasonable skill and safety. For purposes of any disciplinary proceeding authorized under this article, the licensee is deemed to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground that they are privileged communications.

(3) The licensee may submit to the director testimony or examination reports from a physician or other licensed health care professional chosen by the licensee and pertaining to any condition that the director has alleged may preclude the licensee from practicing with reasonable skill and safety. The director may consider the testimony or examination reports in conjunction with, but not in lieu of, testimony and examination reports of the physician or other licensed health care professional designated by the director.

(4) The results of a mental or physical examination ordered by the director shall not be used as evidence in any proceeding other than one before the director and shall not be deemed public records nor made available to the public.

12-35.5-115. Unauthorized practice - criminal penalties. A person who practices or offers or attempts to practice massage therapy without an active license issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S., for the first offense, and for the second or any subsequent offense, the person commits a class 1 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

12-35.5-116. Professional liability insurance required. It is unlawful for any person to practice massage therapy within this state unless the person purchases and maintains professional liability insurance in an amount not less than fifty thousand dollars per claim with an aggregate liability limit for all claims during the year of three hundred thousand dollars. Professional liability insurance required by this section shall cover all acts within the scope of massage therapy practice as defined by section 12-35.5-103.

12-35.5-116.5. Confidential agreement to limit practice - violation - grounds for discipline. (1) If a massage therapist has a physical or mental illness or condition that renders

him or her unable to practice massage therapy with reasonable skill and safety to clients, the massage therapist shall notify the director of the illness or condition in a manner and within a period determined by the director. The director may require the massage therapist to submit to an examination to evaluate the extent of the illness or condition and its impact on the massage therapist's ability to practice massage therapy with reasonable skill and safety to clients.

(2) (a) Upon determining that a massage therapist with a physical or mental illness or condition is able to render limited services with reasonable skill and safety to clients, the director may enter into a confidential agreement with the massage therapist in which the massage therapist agrees to limit his or her practice based on the restrictions imposed by the illness or condition, as determined by the director.

(b) As part of the agreement, the massage therapist is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

(3) By entering into an agreement with the director pursuant to this section to limit his or her practice, a massage therapist is not engaging in activities prohibited pursuant to section 12-35.5-111. The agreement does not constitute a restriction or discipline by the director. However, if the massage therapist fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes a prohibited activity pursuant to section 12-35.5-111 (1) (g), and the massage therapist is subject to discipline in accordance with section 12-35.5-112.

(4) This section does not apply to a massage therapist subject to discipline for prohibited activities as described in section 12-35.5-111 (1) (f).

12-35.5-117. Rule-making authority. The director shall promulgate rules for the administration of this article. If the director promulgates rules regarding generally accepted standards of massage therapy care, the rules are not an exhaustive statement of the generally accepted standards of massage therapy care.

12-35.5-118. Local government - regulations - enforcement. (1) No city, county, city and county, or other political subdivision of this state shall enact or enforce any local ordinance that regulates the practice or the profession of massage therapy.

(2) Local government law enforcement agencies may inspect massage therapy licenses and the business premises where massage therapy is practiced for compliance with applicable laws. Nothing in this section precludes criminal prosecution for a violation of any criminal law. If an inspection reveals the practice of massage therapy by a person without a valid license, the local government law enforcement agency shall charge the person with a misdemeanor pursuant to section 12-35.5-115.

12-35.5-119. Severability. If any provision of this article is held to be invalid, such invalidity shall not affect other provisions of this article that can be given effect without such

invalid provision, and to this end the provisions of this article are declared to be severable.

12-35.5-120. Repeal of article - review of functions. (1) This article, and the functions of the director as set forth in this article, are repealed, effective September 1, 2022. Prior to the repeal, the department of regulatory agencies shall review the functions of the director pursuant to section 24-34-104, C.R.S.

(2) Repealed.

(d) Has not actively practiced medicine, practiced as a physician assistant, or practiced as an anesthesiologist assistant for the two-year period immediately preceding the filing of such application or otherwise maintained continued competency during such period, as determined by the board.

(2) For purposes of this section, "discipline" includes any matter that must be reported pursuant to 45 CFR 60.8 and is substantially similar to unprofessional conduct, as defined in section 12-36-117.

(b) For the purposes of this subsection (1.5), "intractable pain" means a pain state in which the cause of the pain cannot be removed and which in the generally accepted course of medical practice no relief or cure of the cause of the pain is possible or none has been found after reasonable efforts including, but not limited to, evaluation by the attending physician and one or more physicians specializing in the treatment of the area, system, or organ of the body perceived as the source of the pain.

(2) The discipline of a license to practice medicine, of a license to practice as a physician assistant, or of a license to practice as an anesthesiologist assistant in another state, territory, or country shall be deemed to be unprofessional conduct. For purposes of this subsection (2), "discipline" includes any sanction required to be reported pursuant to 45 CFR 60.8. This subsection (2) applies only to discipline that is based upon an act or omission in such other state, territory, or country that is defined substantially the same as unprofessional conduct pursuant to subsection (1) of this section.

(3) (a) For purposes of this section, "alternative medicine" means those health care methods of diagnosis, treatment, or healing that are not generally used but that provide a reasonable potential for therapeutic gain in a patient's medical condition that is not outweighed by the risk of such methods. A licensee who practices alternative medicine shall inform each patient in writing, during the initial patient contact, of such licensee's education, experience, and credentials related to the alternative medicine practiced by such licensee. The board shall not take disciplinary action against a licensee solely on the grounds that such licensee practices alternative

medicine.

(b) Nothing in paragraph (a) of this subsection (3) prevents disciplinary action against a licensee for practicing medicine, practicing as a physician assistant, or practicing as an anesthesiologist assistant in violation of this article.

12-36-117.5. Prescriptions - requirement to advise patients. (1) A physician licensed under this article, or a physician assistant licensed by the board who has been delegated the authority to prescribe medication, may advise the physician's or the physician assistant's patients of their option to have the symptom or purpose for which a prescription is being issued included on the prescription order.

(2) A physician's or a physician assistant's failure to advise a patient under subsection (1) of this section shall not be grounds for any disciplinary action against the physician's or the physician assistant's professional license issued under this article. Failure to advise a patient pursuant to subsection (1) of this section shall not be grounds for any civil action against a physician or physician's assistant in a negligence or tort action, nor shall such failure be evidence in any civil action against a physician or a physician's assistant.

12-36-118. Disciplinary action by board - immunity - rules. (1) (a) The president of the board shall divide those members of the board other than the president into two panels of six members each, four of whom shall be physician members.

(b) Each panel shall act as both an inquiry and a hearings panel. Members of the board may be assigned from one panel to the other by the president. The president may be a member of both panels, but in no event shall the president or any other member who has considered a complaint as a member of a panel acting as an inquiry panel take any part in the consideration of a formal complaint involving the same matter.

(c) All matters referred to one panel for investigation shall be heard, if referred for formal hearing, by the other panel or a committee of such panel. However, in its discretion, either inquiry panel may elect to refer a case for formal hearing to a qualified administrative law judge in lieu of a hearings panel of the board, for an initial decision pursuant to section 24-4-105, C.R.S.

(d) The initial decision of an administrative law judge may be reviewed pursuant to section 24-4-105 (14) and (15), C.R.S., by the filing of exceptions to the initial decision with the hearings panel which would have heard the case if it had not been referred to an administrative law judge or by review upon the motion of such hearings panel. The respondent or the board's counsel shall file such exceptions.

(2) Investigations shall be under the supervision of the panel to which they are assigned. The persons making such investigation shall report the results thereof to the assigning panel for appropriate action.

(3) (a) In the discharge of its duties, the board may enlist the assistance of other

licensees. Licensees have the duty to report to the board any licensee known, or upon information and belief, to have violated any of the provisions of section 12-36-117 (1); except that no licensee who is treating another licensee for a mental disability or habitual intemperance or excessive use of any habit-forming drug shall have a duty to report his or her patient unless, in the opinion of the treating licensee, the impaired licensee presents a danger to himself, herself, or others.

(b) Any member of the board, any member of the board's staff, any person acting as a witness or consultant to the board, any witness testifying in a proceeding authorized under this part 1, and any person who lodges a complaint pursuant to this part 1 shall be immune from liability in any civil action brought against him or her for acts occurring while acting in his or her capacity as board member, staff, consultant, or witness, respectively, if such individual was acting in good faith within the scope of his or her respective capacity, made a reasonable effort to obtain the facts of the matter as to which he or she acted, and acted in the reasonable belief that the action taken by him or her was warranted by the facts. Any person participating in good faith in the making of a complaint or report or participating in any investigative or administrative proceeding pursuant to this section shall be immune from any liability, civil or criminal, that otherwise might result by reason of such participation.

(4) (a) (I) Written complaints relating to the conduct of a licensee licensed or authorized to practice medicine in this state may be made by any person or may be initiated by an inquiry panel of the board on its own motion. The licensee complained of shall be given notice by first-class mail of the nature of the complaint and shall be given thirty days to answer or explain in writing the matters described in such complaint. Upon receipt of the licensee's answer or at the conclusion of thirty days, whichever occurs first, the inquiry panel may take further action as set forth in subparagraph (II) of this paragraph (a).

(II) The inquiry panel may then conduct a further investigation, which may be made by one or more members of the inquiry panel, one or more licensees who are not members of the board, a member of the staff of the board, a professional investigator, or any other person or organization as the inquiry panel directs. Any such investigation shall be entirely informal.

(b) The board shall cause an investigation to be made when the board is informed of:

(I) Disciplinary actions taken by hospitals to suspend or revoke the privileges of a physician and reported to the board pursuant to section 25-3-107, C.R.S.;

(II) Disciplinary actions taken as a result of a professional review proceeding pursuant to part 1 of article 36.5 of this title against a physician. Such disciplinary actions shall be promptly reported to the board.

(III) An instance of a medical malpractice settlement or judgment against a licensee reported to the board pursuant to section 10-1-120, C.R.S.; or

(IV) Licensees who have been allowed to resign from hospitals for medical misconduct. Such hospitals shall report the same.

(c) On completion of an investigation, the inquiry panel shall make a finding that:

(I) The complaint is without merit and no further action need be taken with reference thereto;

(II) There is no reasonable cause to warrant further action with reference thereto;

(II.5) The investigation discloses an instance of conduct that does not warrant formal action by the board and should be dismissed but in which the inquiry panel has noticed indications of possible errant conduct by the licensee that could lead to serious consequences if not corrected. In such a case, a confidential letter of concern shall be sent to the licensee against whom the complaint was made.

(III) (A) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the board, does not warrant formal action by the board but that should not be dismissed as being without merit, a letter of admonition may be issued and sent, by certified mail, to the licensee.

(B) When a letter of admonition is sent by the board, by certified mail, to a licensee, such licensee shall be advised that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(C) If the request for adjudication is timely made, the letter of admonition shall be deemed vacated and the matter shall be processed by means of formal disciplinary proceedings.

(IV) (A) The investigation discloses facts that warrant further proceedings by formal complaint, as provided in subsection (5) of this section, in which event the complaint shall be referred to the attorney general for preparation and filing of a formal complaint.

(B) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the board, warrants formal action, the complaint shall not be resolved by a deferred settlement, action, judgment, or prosecution.

(d) All proceedings pursuant to this subsection (4) shall be expeditiously and informally conducted so that no licensee is subjected to unfair and unjust charges and that no complainant is deprived of his or her right to a timely, fair, and proper investigation of his or her complaint.

(e) Repealed.

(5) (a) to (d) (Deleted by amendment, L. 95, p. 1062, § 13, effective July 1, 1995.)

(e) All formal complaints shall be heard and determined in accordance with paragraph (f) of this subsection (5) and section 24-4-105, C.R.S. Except as provided in subsection (1) of this section, all formal hearings shall be conducted by the hearings panel. The licensee may be present in person and by counsel, if so desired, to offer evidence and be heard in his or her own defense. At formal hearings, the witnesses shall be sworn and a complete record shall be made of all proceedings and testimony.

(f) Except as provided in subsection (1) of this section, an administrative law judge shall preside at the hearing and shall advise the hearings panel, as requested, on legal matters in connection with the hearing. The administrative law judge shall provide advice or assistance as requested by the hearings panel in connection with its preparations of its findings and recommendations or conclusions to be made. The administrative law judge may administer oaths and affirmations, sign and issue subpoenas, and perform other duties as authorized by the hearings panel.

(g) (I) To warrant a finding of unprofessional conduct, the charges shall be established as specified in section 24-4-105 (7), C.R.S. Except as provided in subsection (1) of this section, the hearings panel shall make a report of its findings and conclusions which, when approved and

signed by a majority of those members of the hearings panel who have conducted the hearing pursuant to paragraphs (e) and (f) of this subsection (5), shall be and become the action of the board.

(II) If it is found that the charges are unproven, the hearings panel, or an administrative law judge sitting in lieu of the hearings panel pursuant to subsection (1) of this section, shall enter an order dismissing the complaint.

(III) If the hearings panel finds the charges proven and orders that discipline be imposed, it shall also determine the extent of such discipline, which must be in the form of a letter of admonition, suspension for a definite or indefinite period, or revocation of license to practice. The hearings panel also may impose a fine of up to five thousand dollars per violation. In determining appropriate disciplinary action, the hearings panel shall first consider sanctions that are necessary to protect the public. Only after the panel has considered such sanctions may it consider and order requirements designed to rehabilitate the licensee or applicant. If discipline other than revocation of a license to practice is imposed, the hearings panel may also order that the licensee be granted probation and allowed to continue to practice during the period of such probation. The hearings panel may also include in any disciplinary order that allows the licensee to continue to practice such conditions as the panel may deem appropriate to assure that the licensee is physically, mentally, morally, and otherwise qualified to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant in accordance with generally accepted professional standards of practice, including any or all of the following:

(A) Submission by the respondent to such examinations as the hearings panel may order to determine his physical or mental condition or his professional qualifications;

(B) The taking by him of such therapy or courses of training or education as may be needed to correct deficiencies found either in the hearing or by such examinations;

(C) The review or supervision of his practice as may be necessary to determine the quality of his practice and to correct deficiencies therein; and

(D) The imposition of restrictions upon the nature of his practice to assure that he does not practice beyond the limits of his capabilities.

(III.5) Any moneys collected pursuant to subparagraph (III) of this paragraph (g) shall be transmitted to the state treasurer, who shall credit the same to the general fund.

(IV) Upon the failure of the licensee to comply with any conditions imposed by the hearings panel pursuant to subparagraph (III) of this paragraph (g), unless due to conditions beyond the licensee's control, the hearings panel may order suspension of the licensee's license to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant in this state until such time as the licensee complies with such conditions.

(V) In making any of the orders provided in subparagraphs (III) and (IV) of this paragraph (g), the hearings panel may take into consideration the licensee's prior disciplinary record. If the hearings panel does take into consideration any prior discipline of the licensee, its findings and recommendations shall so indicate.

(VI) In all cases of revocation, suspension, or probation, the board shall enter in its records the facts of such revocation, suspension, or probation and of any subsequent action of the board with respect thereto.

(VII) to (IX) (Deleted by amendment, L. 79, p. 512, § 14, effective July 1, 1979.)

(X) In all cases involving alleged violations of section 12-36-117 (1) (mm), the board shall promptly notify the executive director of the department of public health and environment of its findings, including whether it found that the physician violated section 12-36-117 (1) (mm) and any restrictions it placed on the physician with respect to recommending the use of medical marijuana.

(h) The attorney general shall prosecute those charges which have been referred to him by the inquiry panel pursuant to subparagraph (IV) of paragraph (c) of subsection (4) of this section. The board may direct the attorney general to perfect an appeal.

(i) Any person whose license to practice medicine, to practice as a physician assistant, or to practice as an anesthesiologist assistant is revoked or who surrenders his or her license to avoid discipline is not eligible to apply for any license for two years after the date the license is revoked or surrendered. The two-year waiting period applies to any person whose license to practice medicine, to practice as a physician assistant, to practice as an anesthesiologist assistant, or to practice any other health care occupation is revoked by any other legally qualified board or regulatory entity.

(6) A majority of the members of the board, three members of the inquiry panel, or three members of the hearings panel shall constitute a quorum. The action of a majority of those present comprising such quorum shall be the action of the board, the inquiry panel, or the hearings panel.

(7) (Deleted by amendment, L. 2010, (HB 10-1260), ch. 403, p. 1951, § 17, effective July 1, 2010.)

(8) If any licensee is determined to be mentally incompetent or insane by a court of competent jurisdiction and a court enters, pursuant to part 3 or part 4 of article 14 of title 15 or section 27-65-109 (4) or 27-65-127, C.R.S., an order specifically finding that the mental incompetency or insanity is of such a degree that the licensee is incapable of continuing to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant, the board shall automatically suspend his or her license, and, anything in this article to the contrary notwithstanding, such suspension must continue until the licensee is found by such court to be competent to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant.

(9) (a) If the board has reasonable cause to believe that a licensee is unable to practice with reasonable skill and safety to patients because of a condition described in section 12-36-117 (1) (i) or (1) (o), it may require such licensee to submit to mental or physical examinations by physicians designated by the board. If a licensee fails to submit to such mental or physical examinations, the board may suspend the license until the required examinations are conducted.

(b) Every licensee shall be deemed, by so practicing or by applying for annual registration of such person's license, to have consented to submit to mental or physical examinations when directed in writing by the board. Further, such person shall be deemed to have waived all objections to the admissibility of the examining physician's testimony or examination reports on the ground of privileged communication. Subject to applicable federal law, such licensee shall be deemed to have waived all objections to the production of medical records to the board from health care providers that may be necessary for the evaluations

described in paragraph (a) of this subsection (9).

(c) The results of any mental or physical examination ordered by the board shall not be used as evidence in any proceeding other than before the board.

(10) (a) Investigations, examinations, hearings, meetings, or any other proceedings of the board conducted pursuant to this section shall be exempt from any law requiring that proceedings of the board be conducted publicly or that the minutes or records of the board with respect to action of the board taken pursuant to this section be open to public inspection. This subsection (10) shall not apply to investigations, examinations, hearings, meetings, or any other proceedings or records of the licensing panel created pursuant to section 12-36-111.3 related to the unlicensed practice of medicine.

(b) For purposes of the records related to a complaint filed pursuant to this section against a licensee, the board is considered a professional review committee, the records related to the complaint include all records described in section 12-36.5-102 (7), and section 12-36.5-104 (11) applies to those records.

(11) A licensee who, at the request of the board, examines another licensee shall be immune from suit for damages by the person examined if the examining person conducted the examination and made his or her findings or diagnosis in good faith.

(12) (Deleted by amendment, L. 95, p. 1062, § 13, effective July 1, 1995.)

(13) Within thirty days after the board takes final action, which is of public record, to revoke or suspend a license or to place a licensee on probation based on competence or professional conduct, the board shall send notice of the final action to any hospital in which the licensee has clinical privileges, as indicated by the licensee.

(14) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person or in its own motion, that a licensee is acting in a manner that is an imminent threat to the health and safety of the public, the board may issue an order to cease and desist such activity. The order shall set forth the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (14), the respondent may request a hearing on the question of whether acts or practices in violation of this part 1 have occurred. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(15) (a) If it appears to the board, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this part 1, then, in addition to any specific powers granted pursuant to this part 1, the board may issue to such person an order to show cause as to why the board should not issue a final order directing such person to cease and desist from the unlawful act or unlicensed practice.

(b) A person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (15) shall be promptly notified by the board of the issuance of the order, along with a copy of the order, the factual and legal basis for the order, and the date set by the board for a hearing on the order. Such notice may be served by personal service, by first-class United States mail, postage prepaid, or as may be practicable upon any person against whom such order is issued. Personal service or mailing of an order or document pursuant to this

subsection (15) shall constitute notice thereof to the person.

(c) (I) The hearing on an order to show cause shall be commenced no sooner than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the board as provided in paragraph (b) of this subsection (15). The hearing may be continued by agreement of all parties based upon the complexity of the matter, number of parties to the matter, and legal issues presented in the matter, but in no event shall the hearing commence later than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (15) does not appear at the hearing, the board may present evidence that notification was properly sent or served upon such person pursuant to paragraph (b) of this subsection (15) and such other evidence related to the matter as the board deems appropriate. The board shall issue the order within ten days after the board's determination related to reasonable attempts to notify the respondent, and the order shall become final as to that person by operation of law. Such hearing shall be conducted pursuant to sections 24-4-104 and 24-4-105, C.R.S.

(III) If the board reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required license or has or is about to engage in acts or practices constituting violations of this part 1, a final cease-and-desist order may be issued directing such person to cease and desist from further unlawful acts or unlicensed practices.

(IV) The board shall provide notice, in the manner set forth in paragraph (b) of this subsection (15), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom such order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(16) If it appears to the board, based upon credible evidence presented to the board, that a person has engaged in or is about to engage in any unlicensed act or practice, any act or practice constituting a violation of this part 1, any rule promulgated pursuant to this part 1, any order issued pursuant to this part 1, or any act or practice constituting grounds for administrative sanction pursuant to this part 1, the board may enter into a stipulation with such person.

(17) If any person fails to comply with a final cease-and-desist order or a stipulation, the board may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(18) A person aggrieved by the final cease-and-desist order may seek judicial review of the board's determination or of the board's final order as provided in section 12-36-119.

(19) If a physician has a restriction placed on his or her license, the restriction shall, if practicable, state whether the restriction prohibits the physician from making a medical marijuana recommendation.

12-36-118.5. Confidential agreements to limit practice - violation grounds for discipline. (1) If a physician, physician assistant, or anesthesiologist assistant suffers from a

physical or mental illness or condition that renders the licensee unable to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant with reasonable skill and with safety to patients, the physician, physician assistant, or anesthesiologist assistant shall notify the board of the illness or condition in a manner and within a period determined by the board. The board may require the licensee to submit to an examination or refer the licensee to a peer health assistance program pursuant to section 12-36-123.5 to evaluate the extent of the illness or condition and its impact on the licensee's ability to practice with reasonable skill and with safety to patients.

(2) (a) Upon determining that a physician, physician assistant, or anesthesiologist assistant with a physical or mental illness or condition is able to render limited medical services with reasonable skill and with safety to patients, the board may enter into a confidential agreement with the physician, physician assistant, or anesthesiologist assistant in which the physician, physician assistant, or anesthesiologist assistant agrees to limit his or her practice based on the restrictions imposed by the illness or condition, as determined by the board.

(b) As part of the agreement, the licensee shall be subject to periodic reevaluations or monitoring as determined appropriate by the board. The board may refer the licensee to the peer assistance health program for reevaluation or monitoring.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or of monitoring.

(3) By entering into an agreement with the board pursuant to this section to limit his or her practice, the licensee shall not be deemed to be engaging in unprofessional conduct, and the agreement shall be considered an administrative action and shall not constitute a restriction or discipline by the board. However, if the licensee fails to comply with the terms of an agreement entered into pursuant to this section, such failure constitutes unprofessional conduct pursuant to section 12-36-117 (1) (o), and the licensee shall be subject to discipline in accordance with section 12-36-118.

(4) This section shall not apply to a licensee subject to discipline for unprofessional conduct as described in section 12-36-117 (1) (i).

12-36-119. Appeal of final board actions. When the board refuses to grant a license, imposes disciplinary action pursuant to section 12-36-118, or places a licensee on probation, such action may be reviewed by the court of appeals pursuant to section 24-4-106 (11), C.R.S., unless the licensee has accepted a license subject to terms of probation as set forth in section 12-36-116 (3).

12-36-120. Other licensees of board - disciplinary action. (Repealed)

12-36-121. Duplicates of license. (Repealed)

12-36-122. Physician training licenses. (1) Any person serving an approved internship, residency, or fellowship, as defined by this article, in a hospital in this state may do so for an aggregate period of up to six years under the authority of a physician training license issued pursuant to this subsection and without a license to practice medicine issued pursuant to section 12-36-107 or 12-36-107.6.

(2) No person shall be granted a physician training license unless such person meets the following criteria:

(a) The person has been accepted into and demonstrates the intention to participate in an approved internship, residency, or fellowship, as defined by this article; and

(b) The person is not otherwise licensed to practice medicine in this state.

(3) The board may refrain from issuing a physician training license, or may grant a physician training license subject to terms or probation, for any of the reasons listed in section 12-36-116 (1) (a), (1) (b), or (1) (c). An applicant whose physician training license is denied or is granted subject to terms of probation may seek review pursuant to section 24-4-104 (9), C.R.S.; except that, if an applicant accepts a physician training license that is subject to terms of probation, such acceptance shall be in lieu of and not in addition to the remedies set forth in section 24-4-104 (9), C.R.S.

(4) Except as provided in subsection (3) of this section, the board shall issue a physician training license upon receipt of a statement from the approved internship, residency, or fellowship program stating that the applicant meets the criteria set forth in subsection (2) of this section and that the approved internship, residency, or fellowship accepts responsibility for the applicant's training while in the program. The statement shall be signed by the program director, clinical director, or other physician responsible for the training of the applicant. The statement shall be submitted to the board no later than thirty days prior to the date on which the applicant begins the approved internship, residency, or fellowship in this state.

(5) Where feasible, the applicant shall submit a completed application, on a form approved by the board, on or before the date on which the applicant begins the approved internship, residency, or fellowship in this state. Any physician training license granted pursuant to this section shall expire if a completed application is not received by the board sixty days after the applicant begins the approved internship, residency, or fellowship in this state. The board may establish and charge an application and renewal fee not to exceed fifty dollars for such physician training licenses pursuant to section 24-34-105, C.R.S. Such applicants and renewal applicants shall not be required to pay any fee pursuant to section 12-36-123.5.

(6) Except as otherwise provided in this section, such physician training license shall be subject to renewal as set forth in section 12-36-123 (1) (a) and (1) (b). In no event shall any person hold a Colorado physician training license for more than an aggregate period of six years.

(7) A physician training licensee may practice medicine as defined by this article with the following restrictions:

(a) A physician training licensee shall be authorized to practice medicine only under the supervision of a physician licensed to practice medicine pursuant to section 12-36-107 or 12-36-107.6 and only as necessary for the physician training licensee's participation in the approved internship, residency, or fellowship designated on the licensee's application for a physician

training license.

(b) (I) A physician training license shall expire:

(A) Within sixty days under the circumstances described in subsection (5) of this section;

(B) At the time the physician training licensee ceases to participate in the approved internship, residency, or fellowship program identified on the licensee's application form; or

(C) At the time the physician training licensee obtains any other license to practice medicine issued by the board.

(II) If a physician training licensee entered an approved internship, residency, or fellowship other than the approved internship, residency, or fellowship indicated on the licensee's application, the licensee shall file a new application with the board pursuant to subsections (4) and (5) of this section.

(c) A physician training licensee shall not have the authority to delegate the rendering of medical services to a person who is not licensed to practice medicine pursuant to section 12-36-106 (3) (I) and shall not have the authority to supervise physician assistants as provided by section 12-36-106 (5).

(d) The issuance of a physician training license shall not be construed to require the board to issue the physician training licensee a license to practice medicine pursuant to section 12-36-107 or 12-36-107.6.

(8) A physician training licensee may be disciplined for unprofessional conduct as defined in section 12-36-117, pursuant to the procedures outlined in section 12-36-118.

(9) Repealed.

(10) Licensed physicians responsible for the supervision of interns, residents, or fellows in graduate training programs shall report to the board no later than thirty days after a physician training licensee has been terminated or has resigned from the approved internship, residency, or fellowship.

12-36-122.5. Intern, resident, or fellow reporting. (1) Notwithstanding any provision of 12-36-118 (10) to the contrary, the board shall inform the licensed physicians responsible for the supervision of an intern, resident, or fellow of any complaint received in writing relating to the intern, resident, or fellow. The board shall also inform the program sponsoring such intern, resident, or fellow of actions of the board regarding such complaint.

(2) The board in its discretion may release records that are not otherwise privileged or confidential by law to the licensed physicians responsible for the supervision of an intern, resident, or fellow, but only if such physician agrees in writing not to redisclose such records or the information contained therein for use outside of any proceeding within the program or practice site.

(3) Licensed physicians responsible for the supervision of interns, residents, or fellows in graduate training programs shall promptly report to the board anything concerning a licensee in the graduate training program that would constitute a violation of this article. The physicians shall also report to the board any licensee who has not progressed satisfactorily in the program because the licensee has been dismissed, suspended, or placed on probation for reasons that constitute unprofessional conduct as defined in section 12-36-117, unless the conduct has been

reported to the peer health assistance program pursuant to section 12-36-123.5.

12-36-123. Procedure - registration - fees. (1) (a) All licenses shall be renewed or reinstated pursuant to a schedule established by the director of the division of professions and occupations within the department of regulatory agencies and shall be renewed or reinstated pursuant to section 24-34-102 (8), C.R.S. The director of the division may establish renewal fees and delinquency fees for reinstatement pursuant to section 24-34-105, C.R.S., and shall increase renewal fees consistent with section 24-34-109 (4), C.R.S., to fund the division's costs in administering and staffing the nurse-physician advisory task force for Colorado health care created in section 24-34-109 (1), C.R.S. If a person fails to renew his or her license pursuant to the schedule established by the director of the division of professions and occupations, such license shall expire. A person whose license has expired shall be subject to the penalties provided in this article or section 24-34-102 (8), C.R.S.

(b) The board shall design a questionnaire to accompany the renewal form for the purpose of determining whether a licensee has acted in violation of this article or been disciplined for any action that might be considered a violation of this article or might make the licensee unfit to practice medicine with reasonable care and safety. If an applicant fails to answer the questionnaire accurately, such failure shall constitute unprofessional conduct under section 12-36-117 (1) (aa).

(c) Applicants for relicensure shall not be required to attend and complete continuing medical education programs, except as directed by the board to correct deficiencies of training or education as directed under section 12-36-118 (5) (g) (III) (B).

(3.5) (a) (Deleted by amendment, L. 95, p. 1068, § 17, effective July 1, 1995.)

(b) (I) As a condition of physician, physician assistant, and anesthesiologist assistant licensure and renewal in this state, every applicant shall pay, pursuant to paragraph (e) of this subsection (3.5), an amount set by the board, not to exceed sixty-one dollars per year, which maximum amount may be adjusted on January 1, 2011, and annually thereafter by the board to reflect:

(A) Changes in the United States bureau of labor statistics consumer price index for the Denver-Boulder consolidated metropolitan statistical area for all urban consumers, all goods, or its successor index;

(B) Overall utilization of the program; and

(C) Differences in program utilization by physicians, physician assistants, and anesthesiologist assistants.

(II) Based on differences in utilization rates between physicians, physician assistants, and anesthesiologist assistants, the board may establish different fee amounts for physicians, physician assistants, and anesthesiologist assistants.

(III) The fee imposed pursuant to this paragraph (b) is to support designated providers that have been selected by the board to provide assistance to physicians, physician assistants, and anesthesiologist assistants needing help in dealing with physical, emotional, or psychological problems that may be detrimental to their ability to practice medicine, practice as a physician assistant, or practice as an anesthesiologist assistant, as applicable.

(c) The board shall select one or more peer health assistance programs as designated providers. To be eligible for designation by the board, a peer health assistance program must:

(I) Provide for the education of physicians, physician assistants, and anesthesiologist assistants with respect to the recognition and prevention of physical, emotional, and psychological problems and provide for intervention when necessary or under circumstances that may be established by rules promulgated by the board;

(II) Offer assistance to a physician, physician assistant, or anesthesiologist assistant in identifying physical, emotional, or psychological problems;

(III) Evaluate the extent of physical, emotional, or psychological problems and refer the physician, physician assistant, or anesthesiologist assistant for appropriate treatment;

(IV) Monitor the status of a physician, physician assistant, or anesthesiologist assistant who has been referred for treatment;

(V) Provide counseling and support for the physician, physician assistant, or anesthesiologist assistant and for the family of any physician, physician assistant, or anesthesiologist assistant referred for treatment;

(VI) Agree to receive referrals from the board;

(VII) Agree to make their services available to all licensed Colorado physicians, licensed Colorado physician assistants, and licensed Colorado anesthesiologist assistants.

(d) The administering entity shall be a qualified, nonprofit private foundation that is qualified under section 501 (c) (3) of the federal "Internal Revenue Code of 1986", as amended, and shall be dedicated to providing support for charitable, benevolent, educational, and scientific purposes that are related to medicine, medical education, medical research and science, and other medical charitable purposes.

(e) The responsibilities of the administering entity are:

(I) To collect the required annual payments, either directly or through the board pursuant to paragraph (e.5) of this subsection (3.5);

(II) To verify to the board, in a manner acceptable to the board, the names of all physician, physician assistant, and anesthesiologist assistant applicants who have paid the fee set by the board;

(III) To distribute the moneys collected, less expenses, to the approved designated provider, as directed by the board;

(IV) To provide an annual accounting to the board of all amounts collected, expenses incurred, and amounts disbursed; and

(V) To post a surety performance bond in an amount specified by the board to secure performance under the requirements of this section. The administering entity may recover the actual administrative costs incurred in performing its duties under this section in an amount not to exceed ten percent of the total amount collected.

(e.5) The board may collect the required annual payments payable to the administering entity for the benefit of the administering entity and shall transfer all such payments to the administering entity. All required annual payments collected by or due to the board for each fiscal year are custodial funds that are not subject to appropriation by the general assembly, and the distribution of the payments to the administering entity or expenditure of the payments by the administering entity does not constitute state fiscal year spending for purposes of section 20 of article X of the state constitution.

(f) No later than June 30, 1994, the board shall transfer the balance in the fund, if any, to the administering entity chosen by the board pursuant to paragraphs (d) and (e) of this subsection (3.5).

(4) (Deleted by amendment, L. 95, p. 1068, § 17, effective July 1, 1995.)

(5) Nothing in this section creates any liability on the board or the state of Colorado for the actions of the board in making grants to peer assistance programs, and no civil action may be brought or maintained against the board or the state for an injury alleged to have been the result of the activities of any state-funded peer assistance program or the result of an act or omission of a physician, physician assistant, or anesthesiologist assistant participating in or referred by a state-funded peer assistance program.

(6) Repealed.

(c) As used in this subsection (1), "independent advertising or marketing agent" means a person, firm, association, or corporation which performs advertising or other marketing services on behalf of licensees, including referrals of patients to licensees resulting from patient-initiated responses to such advertising or marketing services.

(2) Violation of the provisions of this section shall constitute grounds for the suspension or revocation of a license or the placing of the holder thereof on probation.

(3) Repealed.

If any licensee, in violation of section 12-36-125, divides or agrees to divide any fee or compensation received by him for services rendered in his professional capacity with any person whomsoever, the person who has paid such fee or compensation to such licensee may recover the amount unlawfully paid or agreed to be paid from either the licensee or from the person to whom such fee or compensation has been paid, by an action to be instituted within two years from the date on which such fee or compensation was so divided or agreed to be divided.

12-36-134. Professional service corporations, limited liability companies, and registered limited liability partnerships for the practice of medicine - definitions. (1) Persons licensed to practice medicine by the board may form professional service corporations for such persons' practice of medicine under the "Colorado Business Corporation Act", articles 101 to 117 of title 7, C.R.S., if such corporations are organized and operated in accordance with the provisions of this section. The articles of incorporation of such corporations shall contain provisions complying with the following requirements:

(a) The name of the corporation shall contain the words "professional company" or "professional corporation" or abbreviations thereof.

(b) The corporation is organized solely for the purpose of permitting individuals to conduct the practice of medicine through a corporate entity, so long as all the individuals are actively licensed physicians or physician assistants in the state of Colorado.

(c) The corporation may exercise the powers and privileges conferred upon corporations by the laws of Colorado only in furtherance of and subject to its corporate purpose.

(d) (I) Except as specified in subparagraph (II) of this paragraph (d), all shareholders of the corporation are persons licensed by the board to practice medicine in the state of Colorado who at all times own their shares in their own right; except that one or more persons licensed by the board as a physician assistant may be a shareholder of the corporation as long as the physician shareholders maintain majority ownership of the corporation. The shareholders shall be individuals who, except for illness, accident, time spent in the armed services, on vacations, and on leaves of absence not to exceed one year, are actively engaged in the practice of medicine or as a physician assistant in the offices of the corporation.

(II) If a person licensed to practice medicine who was a shareholder of the corporation dies, an heir to the deceased shareholder may become a shareholder of the corporation for up to two years, regardless of whether the heir is licensed to practice medicine. Unless the deceased shareholder was the only shareholder of the corporation, the heir who becomes a shareholder shall be a nonvoting shareholder in all matters concerning the corporation. If the heir of the deceased shareholder ceases to be a shareholder, the shares shall be disposed of pursuant to paragraph (e) of this subsection (1).

(e) Provisions shall be made requiring any shareholder who ceases to be or for any reason is ineligible to be a shareholder to dispose of all his shares forthwith, either to the corporation or to any person having the qualifications described in paragraph (d) of this subsection (1).

(f) The president shall be a shareholder and a director and, to the extent possible, all other directors and officers shall be persons having the qualifications described in paragraph (d) of this subsection (1). Lay directors, officers, and heirs of deceased shareholders shall not exercise any authority whatsoever over the independent medical judgment of persons licensed by the board to practice medicine in this state. Notwithstanding sections 7-108-103 to 7-108-106, C.R.S., relating to the terms of office and classification of directors, a professional service corporation for the practice of medicine may provide in the articles of incorporation or the bylaws that the directors may have terms of office of up to six years and that the directors may be divided into classes, with the terms of each class staggered to provide for the periodic election of less than all the directors. Nothing in this article shall be construed to cause a professional service corporation to be vicariously liable to a patient or third person for the professional negligence or other tortious conduct of a physician who is a shareholder or employee of a professional service corporation.

(f.5) An heir to a deceased shareholder who becomes a shareholder shall be liable only to the same extent as the deceased shareholder would have been in his or her capacity as a shareholder, had he or she lived and remained a shareholder, for all acts, errors, and omissions of the employees of the corporation.

(g) The articles of incorporation provide and all shareholders of the corporation agree

that all shareholders of the corporation are jointly and severally liable for all acts, errors, and omissions of the employees of the corporation or that all shareholders of the corporation are jointly and severally liable for all acts, errors, and omissions of the employees of the corporation, except during periods of time when each licensee who is a shareholder or any employee of the corporation has a professional liability policy insuring himself or herself and all employees who are not licensed pursuant to this article who act at his or her direction, in the amount of fifty thousand dollars for each claim and an aggregate top limit of liability per year for all claims of one hundred fifty thousand dollars, or the corporation maintains in good standing professional liability insurance that meets the following minimum standards:

(I) The insurance insures the corporation against liability imposed upon the corporation by law for damages resulting from any claim made against the corporation arising out of the performance of professional services for others by those officers and employees of the corporation who are licensees.

(II) The policies insure the corporation against liability imposed upon it by law for damages arising out of the acts, errors, and omissions of all nonprofessional employees.

ARTICLE 36.5

Professional Review of Health Care Providers

PART 1

PROFESSIONAL REVIEW PROCEEDINGS - PHYSICIANS

12-36.5-101. Legislative declaration. (1) The general assembly hereby finds, determines, and declares that the Colorado medical board created in article 36 of this title and the state board of nursing created in article 38 of this title act for the state in their sovereign capacity to govern licensure, discipline, and professional review of persons licensed to practice medicine, licensed as physician assistants, and licensed to practice nursing and granted authority as advanced practice nurses, respectively, in this state. The general assembly further finds, determines, and declares that:

(a) The authority to provide health care in this state is a privilege granted by the legislative authority of the state; and

(b) It is necessary for the health, safety, and welfare of the people of this state that the appropriate regulatory boards exercise their authority to protect the people of this state from unauthorized practice and unprofessional conduct by persons licensed to provide health care under articles 36 and 38 of this title.

(2) The general assembly recognizes that:

(a) Many patients of persons licensed to provide health care in this state have restricted choices of health care providers under a variety of circumstances and conditions;

(b) Many patients lack the knowledge, experience, or education to properly evaluate the quality of medical or nursing practice or the professional conduct of those licensed to practice medicine, licensed to act as physician assistants, and licensed to practice nursing and granted authority as advanced practice nurses; and

(c) It is necessary and proper that the respective regulatory boards exercise their regulatory authority to protect the health, safety, and welfare of the people of this state.

(3) The general assembly recognizes that, in the proper exercise of their authority and responsibilities under this article, the Colorado medical board and the state board of nursing must, to some extent, replace competition with regulation, and that the replacement of competition by regulation, particularly with regard to persons licensed under article 36 of this title or licensed under article 38 of this title and granted authority as advanced practice nurses, is related to a legitimate state interest in the protection of the health, safety, and welfare of the people of this state.

12-36.5-102. Definitions. As used in this article, unless the context otherwise requires:

(1) "Authorized entity" means a corporation, organization, or entity that is authorized to establish a professional review committee under section 12-36.5-104 (4) or (5) or under rules of the medical board or nursing board adopted pursuant to section 12-36.5-104 (5).

12-36.5-103. Use of professional review committees. (1) (a) The general assembly recognizes that:

(I) The medical board and the nursing board, while assuming and retaining ultimate authority for licensure and discipline in accordance with articles 36 and 38 of this title, respectively, and in accordance with this article, cannot practically and economically assume responsibility over every single allegation or instance of purported deviation from the standards of quality for the practice of medicine or nursing, from the standards of professional conduct, or from the standards of appropriate care; and

(II) An attempt to exercise such oversight would result in extraordinary delays in the determination of the legitimacy of the allegations and would result in the inappropriate and unequal exercise of their authority to license and discipline persons licensed under article 36 of this title or licensed under article 38 of this title and granted authority as advanced practice nurses.

(b) It is therefore the intent of the general assembly that the medical board and the nursing board utilize and allow professional review committees and governing boards to assist them in meeting their responsibilities under articles 36 and 38 of this title, respectively, and under this article.

(2) All persons licensed under article 36 of this title or licensed under article 38 of this title and granted authority as advanced practice nurses are encouraged to serve upon professional review committees when called to do so and to study and review in an objectively reasonable manner the professional conduct of persons licensed under article 36 of this title or licensed under article 38 of this title and granted authority as advanced practice nurses, including the competence, professional conduct of, or the quality and appropriateness of patient care provided by, those persons.

(3) (a) The use of professional review committees is an extension of the authority of the medical board and nursing board. However, except as otherwise provided in this article, nothing in this article limits the authority of professional review committees properly constituted under this article.

(b) Professional review committees, the members who constitute the committees, governing boards, authorized entities, and persons who participate directly or indirectly in professional review activities are granted certain immunities from liability arising from actions

that are within the scope of their activities as provided in section 12-36.5-105. These grants of immunity from liability are necessary to ensure that professional review committees and governing boards can exercise their professional knowledge and judgment.

(2) Licensed physicians who are actively engaged in the practice of medicine in this state must constitute a majority of the voting members of any professional review committee established pursuant to this section for physicians and physician assistants; except that physicians need not constitute the majority of the voting members of a governing board authorized by paragraph (g) of subsection (4) of this section or an independent third party designated by a governing board under paragraph (b) of subsection (8) of this section.

(V) The joint commission or other entity granted deeming authority by CMS, in connection with a survey or review for accreditation.

(b) The medical board, nursing board, and Colorado department of public health and

environment shall not make further disclosures of any records disclosed by an authorized entity or its professional review committee under this section.

(12) The records of an authorized entity or its professional review committee or governing board may be shared by and among authorized entities and their professional review committees and governing boards concerning the competence, professional conduct of, or the quality and appropriateness of patient care provided by, a health care provider who seeks to subject himself or herself to, or is currently subject to, the authority of the authorized entity.

(13) Responding to a subpoena or disclosing or sharing of otherwise privileged records and information pursuant to subsection (10), (11), or (12) of this section does not constitute a waiver of the privilege specified in paragraph (a) of subsection (10) of this section or a violation of the confidentiality requirements of subsection (15) of this section. Records provided to any governmental agency, including the department of public health and environment, the committee on anticompetitive conduct, the medical board, and the nursing board pursuant to subsection (10) or (11) of this section are not public records subject to the "Colorado Open Records Act", part 2 of article 72 of title 24, C.R.S. (14) Investigations, examinations, hearings, meetings, and other proceedings of a professional review committee or governing board conducted pursuant to this part 1 are exempt from any law requiring that proceedings be conducted publicly or that the records, including any minutes, be open to public inspection.

(15) Except as otherwise provided in subsection (10), (11), or (12) of this section, all proceedings, recommendations, records, and reports involving professional review committees or governing boards are confidential.

(1) The quality and appropriateness of patient care rendered by persons licensed under article 36 of this title, licensed under article 38 of this title and granted authority as advanced practice nurses, and other licensed health care professionals so influence the total quality of patient care that a review of care provided in a hospital is ineffective without concomitantly reviewing the overall competence, professional conduct of, or the quality and appropriateness of care rendered by, such persons.

(2) (a) (I) Whenever a professional review committee created pursuant to section 12-36.5-104 reasonably believes that the quality or appropriateness of care provided by other licensed health care professionals may have adversely affected the outcome of patient care, the professional review committee shall:

(A) Refer the matter to a hospital committee created pursuant to section 25-3-109, C.R.S.; or

(B) Consult with a representative of the other licensed health care professional's profession.

(II) A professional review committee established pursuant to this article may meet and act in collaboration with a committee established pursuant to section 25-3-109, C.R.S.

privileges, membership, or affiliation while the individual was under investigation;

(C) In which an authorized entity accepted the individual's surrender of clinical privileges, membership, or affiliation in return for not conducting an investigation; and

(D) In which the professional review committee made recommendations regarding the individual following a hearing pursuant to section 12-36.5-104 (7) (d).

(c) (I) Report to the division, in a de-identified manner, on its professional review activities during the immediately preceding calendar year in a form satisfactory to the division. These reports must include aggregate data, which is limited to the following:

(C) The number of investigations that resulted in written involuntary requirements for improvement sent to the subject of the investigation by the authorized entity; and

(D) The number of investigations that resulted in written agreements for improvement between the subject of the investigation and the authorized entity.

(II) (A) The medical board and the nursing board shall forward the reports received pursuant to sub-subparagraphs (I) and (II), respectively, of paragraph (b) of this subsection (2) to the division in a de-identified manner.

(B) The division shall not publish any information identifying the governing board or authorized entity making a report under paragraph (b) of this subsection (2) or this paragraph (c), and such reports and information are not public records under the "Colorado Open Records Act", part 2 of article 72 of title 24, C.R.S.

(b) The division shall maintain and shall publish on-line, through its web site, a current list of all governing boards that are registered in accordance with this section and that otherwise are in compliance with this article.

(4) The division shall adopt rules to implement this section and may collect a reasonable registration fee to recover its direct and indirect costs of administering the registration and publication systems required by this section.

(5) For purposes of this section, an investigation occurs when the authorized entity or its professional review committee notifies the subject of the investigation in writing that an investigation has commenced.

(6) The medical board and the nursing board shall not initiate an investigation or issue a subpoena based solely on the data reported pursuant to paragraph (c) of subsection (2) of this section.

(7) (a) A governing board that fails to register with the division pursuant to paragraph (a) of subsection (2) of this section is not entitled to any immunity afforded under this article until

the date that the governing board so registers. A governing board's failure to register does not affect any immunity, confidentiality, or privilege afforded to an individual participating in professional review activities.

(b) A governing board's failure to report as required by this section does not affect any immunity, confidentiality, or privilege afforded to the governing board under this article.

12-36.5-105. Immunity from liability. (1) A member of a professional review committee, a governing board or any committee or third party designated by the governing board under section 12-36.5-104 (8) (b) and any person serving on the staff of that committee, board, panel, or third party, a witness or consultant before a professional review committee, and any person who files a complaint or otherwise participates in the professional review process is immune from suit and liability for damages in any civil or criminal action, including antitrust actions, brought by a person licensed under article 36 of this title or licensed under article 38 of this title who is the subject of the review by such professional review committee unless, in connection with the professional review process, the person provided false information and knew that the information was false.

(c) In the objectively reasonable belief that the action taken was warranted by the facts; and

PART 2

CONFORMANCE WITH FEDERAL LAW AND REGULATION

12-36.5-201. Legislative declaration. The general assembly hereby finds, determines, and declares that the enactment of this part 2 is necessary in order for the state to comply with the provisions of the federal "Health Care Quality Improvement Act of 1986", as amended. It is the intent of the general assembly that the provisions of this part 2 are to be interpreted as being complementary to the provisions of part 1 of this article. The provisions of this part 2 are intended to be responsive to specific requirements of the federal "Health Care Quality Improvement Act of 1986", as amended. If the provisions of this part 2 conflict with the provisions of part 1 of this article, other than with respect to the specific requirements of the federal "Health Care Quality Improvement Act of 1986", as amended, the provisions of part 1 of this article shall prevail.

12-36.5-202. Rules - compliance with reporting requirements of federal act. The medical board and nursing board may promulgate rules to comply with the reporting requirements of the federal "Health Care Quality Improvement Act of 1986", as amended, 42 U.S.C. secs. 11101 through 11152, and may participate in the federal data bank.

12-36.5-203. Limitations on liability relating to professional review actions. (1) The following persons are immune from suit and not liable for damages in any civil action with respect to their participation in, assistance to, or reporting of information to a professional review committee in connection with a professional review action in this state, and such persons are not liable for damages in a civil action with respect to their participation in, assistance to, or reporting of information to a professional review committee that meets the standards of and is in conformity with the federal "Health Care Quality Improvement Act of 1986", as amended, 42 U.S.C. secs. 11101 through 11152:

- (a) An authorized entity, professional review committee, or governing board;
- (b) Any person acting as a member of or staff to the authorized entity, professional review committee, or governing board;
- (c) A witness, consultant, or other person who provided information to the authorized entity, professional review committee, or governing board; and
- (d) Any person who participates with or assists the professional review committee or governing board with respect to the professional review activities.

(2) (a) Notwithstanding subsection (1) of this section, nothing in this article relieves an authorized entity that is a health care facility licensed or certified pursuant to part 1 of article 3 of title 25, C.R.S., or certified pursuant to section 25-1.5-103, C.R.S., of liability to an injured person or wrongful death claimant for the facility's independent negligence in the credentialing or privileging process for a person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse who provided health care services

for the injured or deceased person at the facility. For purposes of this section, the facility's participation in the credentialing process or the privileging process does not constitute the corporate practice of medicine.

(b) Nothing in this section affects the confidentiality or privilege of any records subject to section 12-36.5-104 (10) or of information obtained and maintained in accordance with a quality management program as described in section 25-3-109, C.R.S. The exceptions to confidentiality or privilege as set forth in sections 25-3-109 (4), C.R.S., and 12-36.5-104 (10) apply.

(c) This subsection (2), as amended, applies to actions filed on or after July 1, 2012.

(3) For the purposes of this section, unless the context otherwise requires:

(a) "Professional review action" means an action or recommendation of a professional review committee that is taken or made in the conduct of professional review activity and that is based on the quality and appropriateness of patient care provided by, or the competence or professional conduct of, an individual person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse, which action affects or may affect adversely the person's clinical privileges of or membership in an authorized entity. "Professional review action" includes a formal decision by the professional review committee not to take an action or make a recommendation as provided in this paragraph (a) and also includes professional review activities relating to a professional review action. An action is not based upon the competence or professional conduct of a person if the action is primarily based on:

(I) The person's association or lack of association with a professional society or association;

(II) The person's fees or his or her advertising or engaging in other competitive acts intended to solicit or retain business;

(III) The person's association with, supervision of, delegation of authority to, support for, training of, or participation in a private group practice with a member or members of a particular class of health care practitioners or professionals;

(IV) The person's participation in prepaid group health plans, salaried employment, or any other manner of delivering health services whether on a fee-for-service basis or other basis;

(V) Any other matter that does not relate to the quality and appropriateness of patient care provided by, or the competence or professional conduct of, a person licensed under article 36 of this title or licensed under article 38 of this title and granted authority as an advanced practice nurse.

(IV) The fact that a practical or professional nurse may be registered as a direct-entry midwife does not expand the scope of practice of the nurse.

(c) It is the intent of the general assembly that health care be provided pursuant to this article as an alternative to traditional licensed health care and not for the purpose of enabling providers of traditional licensed health care to circumvent the regulatory oversight to which they are otherwise subject under any other article of this title.

(2) Nothing in this article shall be construed to prohibit, or to require registration under this article, with regard to:

(a) The gratuitous rendering of services in an emergency;

(b) The rendering of services by a physician licensed pursuant to article 36 of this title or otherwise legally authorized to practice in this state;

(c) The rendering of services by certified nurse-midwives properly licensed and practicing in accordance with the provisions of article 38 of this title; or

The national registry examination administered by the midwives' alliance of North America, incorporated, or its successor, must be among those evaluated by the director. (IV) The director shall provide notice, in the manner set forth in paragraph (b) of this

subsection (10), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order issued pursuant to subparagraph (III) of this paragraph (c) shall be effective when issued and shall be a final order for purposes of judicial review.

(11) If it appears to the director, based upon credible evidence presented to the director, that a person has engaged in or is about to engage in any unregistered act or practice, any act or practice constituting a violation of this article, any rule promulgated pursuant to this article, any order issued pursuant to this article, or any act or practice constituting grounds for administrative sanction pursuant to this article, the director may enter into a stipulation with such person.

(12) If any person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation exists to bring, and if so requested such attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(3) The director may issue a registration by endorsement to engage in the practice of naturopathic medicine to an applicant who has a license, certification, or registration in good standing as a naturopathic doctor under the laws of another jurisdiction if the applicant presents satisfactory proof to the director that, at the time of application for a Colorado registration by endorsement, the applicant possesses credentials and qualifications that are substantially equivalent to the requirements of this section. The director may adopt rules concerning the necessary applicant credentials and qualifications.

(4) The director may determine, by rule, the qualifications for registration under this article for a person who satisfies the requirements of paragraphs (a), (b), and (e) of subsection (2) of this section but does not satisfy the requirements for registration under paragraph (c) or (d) of subsection (2) of this section and who is not licensed, certified, or registered to practice a

profession or occupation under this title or the laws of any other jurisdiction in the United States. The director's rules may require qualifications the director deems appropriate and may include documented evidence that the person:

(2) Records of assessments or other documentation developed or submitted in connection with the continuing professional competency program are confidential and not subject to inspection by the public or discovery in connection with a civil action against a naturopathic doctor. Neither the director nor any other person shall use the records or documents unless used by the director to determine whether a naturopathic doctor is maintaining continuing professional competency to engage in the profession.

12-37.3-109. Compliance with transparency requirements. A naturopathic doctor shall comply with section 24-34-110, C.R.S., regarding the disclosure of information to the director.

(o) Failing to report to the director, within thirty days:

(I) The surrender of a license or other authorization to practice as a naturopathic doctor in another state or jurisdiction; or

(II) The surrender of membership on a medical staff or in a naturopathic medical or professional association or society while under investigation by any of those authorities or bodies for acts or conduct similar to acts or conduct that would constitute grounds for action as described in this article;

The director shall transmit any moneys collected pursuant to this subsection (2) to the state treasurer for deposit in the general fund.

(3) Any person whose registration is revoked or who surrenders his or her registration to avoid discipline is ineligible to apply for a registration under this article for at least two years after the date of revocation or surrender of the registration.

(4) The director shall conduct any proceeding to deny, suspend, or revoke a registration or place a naturopathic doctor on probation in accordance with sections 24-4-104 and 24-4-105,

C.R.S. The director may designate an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to conduct the proceeding. The administrative law judge shall conduct the proceeding in accordance with sections 24-4-104 and 24-4-105, C.R.S. A final decision of the director or the administrative law judge is subject to judicial review by the court of appeals pursuant to section 24-4-106 (11), C.R.S.

(5) The director may accept as prima facie evidence of grounds for disciplinary action any disciplinary action taken against a naturopathic doctor by another jurisdiction if the violation that prompted the disciplinary action would be grounds for disciplinary action under this article.

(6) (a) The director or an administrative law judge may administer oaths, take affirmations of witnesses, and issue subpoenas to compel the attendance of witnesses and the production of all relevant papers, books, records, documentary evidence, and materials in any hearing, investigation, accusation, or other matter before the director or administrative law judge. The director may appoint an administrative law judge pursuant to part 10 of article 30 of title 24, C.R.S., to take evidence and to make findings and report them to the director, including hospital and naturopathic doctor records. The person providing copies of records shall prepare the copies from the original record, deleting the name of the patient and instead identifying the patient by a numbered code. Upon certification by the custodian that the copies are true and complete except for the patient's name, the copies are deemed authentic, subject to the right to inspect the originals for the limited purpose of ascertaining the accuracy of the copies. The copies are not confidential, and the director or custodian of the records and their authorized employees are not liable for furnishing or using the copies in accordance with this section.

(b) If a witness or naturopathic doctor fails to comply with a subpoena or process, the director may apply to the district court of the county in which the subpoenaed person or naturopathic doctor resides or conducts business for an order directing the person or naturopathic doctor to appear before the director; to produce the relevant papers, books, records, documentary evidence, or materials if so ordered; or to give evidence touching the matter under investigation or in question. The director shall provide notice to the subpoenaed person or naturopathic doctor of the director's application to the district court, and the court shall not issue the order absent the notice. If the subpoenaed person or naturopathic doctor fails to obey the court's order, the court may hold the person in contempt of court.

(7) (a) When a complaint or investigation discloses an instance of misconduct that, in the opinion of the director, does not warrant formal action by the director but that should not be dismissed as being without merit, the director may issue a letter of admonition to the naturopathic doctor.

(b) When the director sends a letter of admonition to a registrant, the letter must advise the registrant that he or she has the right to request in writing, within twenty days after receipt of the letter, that formal disciplinary proceedings be initiated to adjudicate the propriety of the conduct upon which the letter of admonition is based.

(c) If the registrant timely requests adjudication, the director shall vacate the letter of admonition and process the matter by means of formal disciplinary proceedings.

(8) When a complaint or investigation discloses an instance of conduct that does not warrant formal action by the director and, in the opinion of the director, should be dismissed, but the director has noticed indications of possible errant conduct by the registrant that could lead to

serious consequences if not corrected, the director may send the registrant a confidential letter of concern.

(9) When a complaint or an investigation discloses an instance of misconduct that, in the opinion of the director, warrants formal action, the director shall not resolve the complaint by a deferred settlement, action, judgment, or prosecution.

(10) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a registrant is acting in a manner that is an imminent threat to the health and safety of the public or a person is acting or has acted without the required registration, the director may issue an order to cease and desist the activity. The director shall set forth in the order the statutes and rules alleged to have been violated, the facts alleged to have constituted the violation, and the requirement that all unlawful acts or unregistered practices immediately cease.

(b) Within ten days after service of the order to cease and desist pursuant to paragraph (a) of this subsection (10), the respondent may request a hearing on the question of whether acts or practices in violation of this article have occurred. The director or administrative law judge shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(11) (a) If it appears to the director, based upon credible evidence as presented in a written complaint by any person, that a person has violated any other portion of this article, the director may issue to the person an order to show cause as to why the director should not issue a final order directing the person to cease and desist from the unlawful act or unregistered practice.

(b) The director shall promptly notify the person that he or she has been issued an order to show cause. The director shall include in the notice a copy of the order, the factual and legal basis for the order, and the date set by the director for a hearing on the order. The director may serve the notice on the person by personal service, by first-class United States mail, postage prepaid, or in any other manner that is practicable. Personal service or mailing of an order or document pursuant to this subsection (11) constitutes notice to the person.

(c) (I) The director shall commence the hearing on an order to show cause no earlier than ten and no later than forty-five calendar days after the date of transmission or service of the notification by the director as provided in paragraph (b) of this subsection (11). The director may continue the hearing upon agreement of all parties based upon the complexity of the matter, the number of parties to the matter, and the legal issues presented in the matter, but in no event shall the director continue the hearing more than sixty calendar days after the date of transmission or service of the notification.

(II) If a person against whom an order to show cause has been issued pursuant to paragraph (a) of this subsection (11) does not appear at the hearing, the director may present evidence that notification was properly sent or served upon the person pursuant to paragraph (b) of this subsection (11) and other evidence related to the matter that the director deems appropriate. The director shall issue the order within ten days after the director's determination related to reasonable attempts to notify the respondent, and the order is final as to that person by operation of law. The director shall conduct the hearing in accordance with sections 24-4-104 and 24-4-105, C.R.S.

(III) If the director reasonably finds that the person against whom the order to show cause was issued is acting or has acted without the required registration or has or is about to engage in

acts or practices constituting violations of this article, the director may issue a final cease-and-desist order directing the person to cease and desist from further unlawful acts or unregistered practices.

(IV) The director shall provide notice, in the manner set forth in paragraph (b) of this subsection (11), of the final cease-and-desist order within ten calendar days after the hearing conducted pursuant to this paragraph (c) to each person against whom the final order has been issued. The final order is effective when issued and is a final order for purposes of judicial review.

(12) The director may enter into a stipulation with a person if it appears to the director, based upon credible evidence presented to the director, that the person has engaged in or is about to engage in:

- (a) An unregistered act or practice;
- (b) An act or practice constituting a violation of this article or of any rule promulgated pursuant to this article;
- (c) A violation of an order issued pursuant to this article; or
- (d) An act or practice constituting grounds for administrative sanction pursuant to this article.

(13) If a person fails to comply with a final cease-and-desist order or a stipulation, the director may request the attorney general or the district attorney for the judicial district in which the alleged violation occurred or is occurring to bring, and if so requested the attorney shall bring, suit for a temporary restraining order and for injunctive relief to prevent any further or continued violation of the final order.

(14) A person aggrieved by the final cease-and-desist order may seek judicial review of the director's determination or of the director's final order in a court of competent jurisdiction.

12-37.3-113. Unauthorized practice - penalties. A person who practices or offers or attempts to practice as a naturopathic doctor without an active registration issued under this article commits a class 2 misdemeanor and shall be punished as provided in section 18-1.3-501, C.R.S.

12-37.3-114. Professional liability insurance required - vicarious liability - rules. (1) It is unlawful for a person to practice as a naturopathic doctor in this state unless the person is covered by professional liability insurance in an amount not less than one million dollars.

(2) Professional liability insurance required by this section must cover all acts within the scope of practice of a naturopathic doctor.

(3) A naturopathic doctor is liable for his or her acts or omissions in the performance of naturopathic medicine.

12-37.3-115. Protection of medical records - registrant's obligations - verification of

compliance - noncompliance grounds for discipline - rules. (1) Each naturopathic doctor shall develop a written plan to ensure the security of patient medical records. The plan must address at least the following:

- (a) The storage and proper disposal of patient medical records;
- (b) The disposition of patient medical records in the event the naturopathic doctor dies, retires, or otherwise ceases to practice or provide naturopathic medical care to patients; and
- (c) The method by which patients may access or obtain their medical records promptly if any of the events described in paragraph (b) of this subsection (1) occurs.
- (2) Upon initial registration under this article, the applicant or registrant shall attest to the director that he or she has developed a plan in compliance with this section.
- (3) A naturopathic doctor shall inform each patient in writing of the method by which the patient may access or obtain his or her medical records if an event described in paragraph (b) of subsection (1) of this section occurs.
- (4) The director may adopt rules reasonably necessary to implement this section.

12-37.3-116. Confidential agreement to limit practice - violation - grounds for discipline. (1) If a naturopathic doctor has a physical or mental illness or condition that renders him or her unable to practice naturopathic medicine with reasonable skill and safety to patients, the naturopathic doctor shall notify the director of the illness or condition in a manner and within a period determined by the director. The director may require the naturopathic doctor to submit to an examination to evaluate the extent of the illness or condition and its impact on the naturopathic doctor's ability to practice naturopathic medicine with reasonable skill and safety to patients.

(2) (a) Upon determining that a naturopathic doctor with a physical or mental illness or condition is able to render limited services with reasonable skill and safety to patients, the director may enter into a confidential agreement with the naturopathic doctor in which the naturopathic doctor agrees to limit his or her practice based on the restrictions imposed by the illness or condition, as determined by the director.

(b) As part of the agreement, the naturopathic doctor is subject to periodic reevaluations or monitoring as determined appropriate by the director.

(c) The parties may modify or dissolve the agreement as necessary based on the results of a reevaluation or monitoring.

(3) By entering into an agreement with the director pursuant to this section to limit his or her practice, a naturopathic doctor is not engaging in activities that are prohibited pursuant to section 12-37.3-112. The agreement does not constitute a restriction or discipline by the director. However, if the naturopathic doctor fails to comply with the terms of an agreement entered into pursuant to this section, the failure constitutes a prohibited activity pursuant to section 12-37.3-112 (1) (p), and the naturopathic doctor is subject to discipline in accordance with section 12-37.3-112.

(4) This section does not apply to a naturopathic doctor subject to discipline for prohibited activities as described in section 12-37.3-112 (1) (d).

12-37.3-117. Mental and physical examination of registrants. (1) If the director has reasonable cause to believe that a registrant is unable to practice with reasonable skill and safety, the director may require the registrant to take a mental or physical examination by a health care provider designated by the director. If the registrant refuses to undergo a mental or physical examination, unless due to circumstances beyond the registrant's control, the director may suspend the registrant's registration until the results of the examination are known and the director has made a determination of the registrant's fitness to practice. The director shall proceed with an order for examination and determination in a timely manner.

(2) The director shall include in an order issued under subsection (1) of this section the basis of the director's reasonable cause to believe that the registrant is unable to practice with reasonable skill and safety. For the purposes of a disciplinary proceeding authorized by this article, the registrant is deemed to waive all objections to the admissibility of the examining health care provider's testimony or examination reports on the ground that the testimony and reports are privileged communications.

(3) The registrant may submit to the director testimony or examination reports from a health care provider chosen by the registrant pertaining to the condition that the director alleges may preclude the registrant from practicing with reasonable skill and safety. The director may consider testimony and examination reports submitted by the registrant in conjunction with, but not in lieu of, testimony and examination reports of the health care provider designated by the director.

(4) A person shall not use the results of any mental or physical examination ordered by the director as evidence in any proceeding other than one before the director. The examination results are not public records and are not available to the public.

12-37.3-118. Inactive registration - rules. A naturopathic doctor may request that the director inactivate or activate the naturopathic doctor's registration. The director shall promulgate rules governing the activation and inactivation of registrations. Notwithstanding any law to the contrary, the director's rules may limit the applicability of statutory requirements for maintaining professional liability insurance and continuing professional competency for a registrant whose registration is currently inactive. The director need not reactivate an inactive registration if the naturopathic doctor has committed any act that would be grounds for disciplinary action under section 12-37.3-112. A naturopathic doctor whose registration is currently inactive shall not practice naturopathic medicine.

12-37.3-119. Repeal of article. This article is repealed, effective September 1, 2017. Prior to the repeal, the department of regulatory agencies shall review registering of naturopathic doctors as provided in section 24-34-104, C.R.S.

ARTICLE 37.5

Colorado Parental Notification Act

12-37.5-101. Short title. This article shall be known and may be cited as the "Colorado Parental Notification Act".

12-37.5-102. Legislative declaration. (1) The people of the state of Colorado, pursuant to the powers reserved to them in Article V of the Constitution of the state of Colorado, declare that family life and the preservation of the traditional family unit are of vital importance to the continuation of an orderly society; that the rights of parents to rear and nurture their children during their formative years and to be involved in all decisions of importance affecting such minor children should be protected and encouraged, especially as such parental involvement relates to the pregnancy of an unemancipated minor, recognizing that the decision by any such minor to submit to an abortion may have adverse long-term consequences for her.

(2) The people of the state of Colorado, being mindful of the limitations imposed upon them at the present time by the federal judiciary in the preservation of the parent-child relationship, hereby enact into law the following provisions.

12-37.5-103. Definitions. As used in this article, unless the context otherwise requires:

(1) "Minor" means a person under eighteen years of age.

(2) "Parent" means the natural or adoptive mother and father of the minor who is pregnant, if they are both living; one parent of the minor if only one is living, or if the other parent cannot be served with notice, as hereinafter provided; or the court-appointed guardian of such minor if she has one or any foster parent to whom the care and custody of such minor shall have been assigned by any agency of the state or county making such placement.

(3) "Abortion" for purposes of this article means the use of any means to terminate the pregnancy of a minor with knowledge that the termination by those means will, with reasonable likelihood, cause the death of the minor's unborn offspring.

(4) "Clergy member" means a priest; a rabbi; a duly ordained, commissioned, or licensed minister of a church; a member of a religious order; or a recognized leader of any religious body.

(5) "Medical emergency" means a condition that, on the basis of the physician's good-faith clinical judgment, so complicates the medical condition of a pregnant minor as to necessitate a medical procedure necessary to prevent the pregnant minor's death or for which a delay will create a serious risk of substantial and irreversible impairment of a major bodily function.

(6) "Relative of the minor" means a minor's grandparent, adult aunt, or adult uncle, if the

minor is not residing with a parent and resides with the grandparent, adult aunt, or adult uncle.

12-37.5-104. Notification concerning abortion. (1) No abortion shall be performed upon an unemancipated minor until at least 48 hours after written notice of the pending abortion has been delivered in the following manner:

(a) The notice shall be addressed to the parent at the dwelling house or usual place of abode of the parent. Such notice shall be delivered to the parent by:

(I) The attending physician or member of the physician's immediate staff who is over the age of eighteen; or

(II) The sheriff of the county where the service of notice is made, or by his deputy; or

(III) Any other person over the age of eighteen years who is not related to the minor; or

(IV) A clergy member who is over the age of eighteen.

(b) Notice delivered by any person other than the attending physician shall be furnished to and delivered by such person in a sealed envelope marked "Personal and Confidential" and its content shall not in any manner be revealed to the person making such delivery.

(c) Whenever the parent of the minor includes two persons to be notified as provided in this article and such persons reside at the same dwelling house or place of abode, delivery to one such person shall constitute delivery to both, and the 48-hour period shall commence when delivery is made. Should such persons not reside together and delivery of notice can be made to each of them, notice shall be delivered to both parents, unless the minor shall request that only one parent be notified, which request shall be honored and shall be noted by the physician in the minor's medical record. Whenever the parties are separately served with notice, the 48-hour period shall commence upon delivery of the first notice.

(d) The person delivering such notice, if other than the physician, shall provide to the physician a written return of service at the earliest practical time, as follows:

(I) If served by the sheriff or his deputy, by his certificate with a statement as to date, place, and manner of service and the time such delivery was made.

(II) If by any other person, by his affidavit thereof with the same statement.

(III) Return of service shall be maintained by the physician.

(e) (I) In lieu of personal delivery of the notice, the same may be sent by postpaid certified mail, addressed to the parent at the usual place of abode of the parent, with return receipt requested and delivery restricted to the addressee. Delivery shall be conclusively presumed to occur and the 48-hour time period as provided in this article shall commence to run at 12:00 o'clock noon on the next day on which regular mail delivery takes place.

(II) Whenever the parent of the minor includes two persons to be notified as provided in this article and such persons reside at the same dwelling house or place of abode, notice addressed to one parent and mailed as provided in the foregoing subparagraph shall be deemed to be delivery of notice to both such persons. Should such persons not reside together and notice can be mailed to each of them, such notice shall be separately mailed to both parents unless the minor shall request that only one parent shall be notified, which request shall be honored and shall be noted by the physician in the minor's medical record.

(III) Proof of mailing and the delivery or attempted delivery shall be maintained by the

physician.

be grounds for any civil action against a nurse in a negligence or tort action, nor shall such failure be evidence in any civil action against a nurse.

(4) Repealed.

(4.5) (a) On or after July 1, 2010, or, if the director of the division of professions and occupations adopts rules pursuant to subparagraph (II) of paragraph (f) of this subsection (4.5), on or after July 2, 2010, an advanced practice nurse applying for prescriptive authority shall provide evidence to the board of the following:

(I) An appropriate graduate degree as determined by the board pursuant to section 12-38-111.5 (4) (c);

(II) Satisfactory completion of specific educational requirements in the use of controlled substances and prescription drugs, as established by the board, either as part of a degree program or in addition to a degree program;

(III) National certification from a nationally recognized accrediting agency, as defined by the board by rule pursuant to section 12-38-111.5 (4) (d), unless the board grants an exception;

(IV) Professional liability insurance as required by section 12-38-111.8; and

(V) (A) Completion of a mutually structured, post-graduate preceptorship, as defined by the board by rule, consisting of not less than one thousand eight hundred documented hours, to be completed within the immediately preceding five-year period. The preceptorship shall be conducted either with a physician or a physician and an advanced practice nurse who has prescriptive authority and experience in prescribing medications. The physician and, if applicable, advanced practice nurse serving as a preceptor to the applicant shall be actively practicing in this state and shall have education, training, experience, and active practice that corresponds with the role and population focus of the applicant.

(B) The physician and, if applicable, advanced practice nurse serving as a preceptor shall not require payment or employment as a condition of entering into the preceptorship relationship, but a preceptor may request reimbursement of reasonable expenses and time spent as a result of the preceptorship relationship.

(b) Upon satisfaction of the requirements set forth in paragraph (a) of this subsection (4.5), the board may grant provisional prescriptive authority to an advanced practice nurse. The provisional prescriptive authority that is granted shall be limited to those patients and medications appropriate to the advanced practice nurse's role and population focus. In order to retain provisional prescriptive authority and obtain and retain full prescriptive authority pursuant to this subsection (4.5) for patients and medications appropriate for the advanced practice nurse's role and population focus, an advanced practice nurse shall satisfy the following requirements:

(I) (A) Within five years after the provisional prescriptive authority is granted, the advanced practice nurse shall obtain an additional one thousand eight hundred hours of documented experience in a mutually structured mentorship either with a physician or with a physician and advanced practice nurse who has prescriptive authority and experience in prescribing medications. The mentorship need not be with the same persons who provided the preceptorship specified in subparagraph (V) of paragraph (a) of this subsection (4.5), but the mentor shall be practicing in Colorado and have education, training, experience, and active practice that corresponds with the role and population focus of the advanced practice nurse.

(B) The physician and, if applicable, advanced practice nurse serving as a mentor shall

not require payment or employment as a condition of entering into the mentorship relationship, but the mentor may request reimbursement of reasonable expenses and time spent as a result of the mentorship relationship.

(C) Upon successful completion of the mentorship period, the mentor shall provide his or her signature to verify that the advanced practice nurse has successfully completed the mentorship within the required period after the provisional prescriptive authority was granted.

(D) If an advanced practice nurse with provisional prescriptive authority fails to complete the mentorship required by this subparagraph (I) within the specified period, the advanced practice nurse's provisional prescriptive authority expires for failure to comply with the statutory requirements.

(II) Within five years after obtaining provisional prescriptive authority, the advanced practice nurse shall develop an articulated plan for safe prescribing that documents how the advanced practice nurse intends to maintain ongoing collaboration with physicians and other health care professionals in connection with the advanced practice nurse's practice of prescribing medication within his or her role and population focus. The articulated plan shall guide the advanced practice nurse's prescriptive practice. The physician or physician and advanced practice nurse that mentored the advanced practice nurse as described in subparagraph (I) of this paragraph (b) shall provide his or her signature to verify that the advanced practice nurse has developed an articulated plan. The advanced practice nurse shall retain the articulated plan on file, shall review the plan annually, and shall update the plan as necessary. The articulated plan is subject to review by the board, and the advanced practice nurse shall provide the plan to the board upon request. If an advanced practice nurse with provisional prescriptive authority fails to develop the required articulated plan within the specified period, the advanced practice nurse's provisional prescriptive authority expires for failure to comply with the statutory requirements. An articulated plan developed pursuant to this subparagraph (II) shall include at least the following:

- (A) A mechanism for consultation and referral for issues regarding prescriptive authority;
- (B) A quality assurance plan;
- (C) Decision support tools; and
- (D) Documentation of ongoing continuing education in pharmacology and safe prescribing.

(III) The advanced practice nurse shall maintain professional liability insurance as required by section 12-38-111.8.

(IV) The advanced practice nurse shall maintain national certification, as specified in subparagraph (III) of paragraph (a) of this subsection (4.5), unless the board grants an exception.

(c) An advanced practice nurse who was granted prescriptive authority prior to July 1, 2010, shall satisfy the following requirements in order to retain prescriptive authority:

(I) (A) Except as provided in sub-subparagraph (B) of this subparagraph (I), no later than July 1, 2011, the advanced practice nurse shall develop an articulated plan as specified in subparagraph (II) of paragraph (b) of this subsection (4.5); except that to verify development of an articulated plan, the advanced practice nurse shall obtain the signature of either a physician or a physician and advanced practice nurse who has prescriptive authority and experience in

prescribing medications, is practicing in Colorado, and has education, training, experience, and active practice that corresponds with the role and population focus of the advanced practice nurse developing the plan. If an advanced practice nurse with prescriptive authority granted prior to July 1, 2010, fails to develop the required articulated plan within the specified period, the advanced practice nurse's prescriptive authority expires for failure to comply with the statutory requirements.

(B) The board shall extend the deadline for an advanced practice nurse to develop an articulated plan if the advanced practice nurse satisfies the requirements of this sub-subparagraph (B), but in no event shall the board extend the deadline beyond September 30, 2012. Prior to September 30, 2012, an advanced practice nurse seeking a deadline extension shall submit to the board an application, the required fee, a signed verification that he or she developed an articulated plan by, or had an existing collaborative agreement with a physician on, July 1, 2011, and any other information or documentation required by the board.

(II) The advanced practice nurse shall maintain professional liability insurance as required by section 12-38-111.8.

(III) The advanced practice nurse shall maintain national certification, as specified in subparagraph (III) of paragraph (a) of this subsection (4.5), unless:

(A) The advanced practice nurse was included on the advanced practice registry prior to July 1, 2010, and has not obtained national certification;

(B) The advanced practice nurse was included on the advanced practice registry prior to July 1, 2008, and has not completed a graduate degree as specified in section 12-38-111.5 (4) (c); or

(C) The board grants an exception.

(d) (I) On or after July 1, 2010, or, if the director of the division of professions and occupations adopts rules pursuant to subparagraph (II) of paragraph (f) of this subsection (4.5), on or after July 2, 2010, an advanced practice nurse who has obtained prescriptive authority from another state may obtain provisional prescriptive authority in this state if the advanced practice nurse satisfies the following requirements:

(A) The advanced practice nurse satisfies the requirements of subparagraphs (I), (II), (III), and (IV) of paragraph (a) of this subsection (4.5); and

(B) The advanced practice nurse has three thousand six hundred hours of documented experience prescribing medications without significant adverse prescribing issues, as determined by the board.

(II) Once an advanced practice nurse with prescriptive authority from another state obtains provisional prescriptive authority in this state, the advanced practice nurse shall satisfy the following requirements in order to obtain and maintain full prescriptive authority in this state:

(A) Within one year after obtaining provisional prescriptive authority in this state, the advanced practice nurse shall develop an articulated plan, as described in subparagraph (I) of paragraph (c) of this subsection (4.5); except that, if the advanced practice nurse with prescriptive authority from another state fails to develop the required articulated plan within the specified period, the advanced practice nurse's provisional prescriptive authority expires for failure to comply with the statutory requirements; and

(B) The advanced practice nurse shall maintain national certification, as specified in

subparagraph (III) of paragraph (a) of this subsection (4.5), unless the board grants an exception.

(e) During the second year of implementation of this subsection (4.5) and rules adopted pursuant to paragraph (f) of this subsection (4.5), the board shall conduct random audits of articulated plans to ensure the plans satisfy the requirements of this subsection (4.5) and rules adopted pursuant to paragraph (f) of this subsection (4.5).

(f) (I) Except as provided in subparagraph (II) of this paragraph (f), the board shall adopt rules to implement this subsection (4.5), which rules shall take effect on July 1, 2010. The board shall consider the recommendations of the nurse-physician advisory task force for Colorado health care submitted in accordance with section 24-34-109, C.R.S., concerning prescriptive authority of advanced practice nurses. The rules shall be complementary to rules adopted by the Colorado medical board pursuant to section 12-36-106.4.

(II) (A) The director of the division of professions and occupations in the department of regulatory agencies shall review the rules adopted by the board pursuant to this paragraph (f) prior to the effective date of the rules to determine if the rules complement the rules of the Colorado medical board. If the director determines that the rules of the two boards are not complementary, the director shall adopt rules that supersede and replace the rules of the two boards regarding prescriptive authority of advanced practice nurses and collaboration between advanced practice nurses and physicians, and such rules shall take effect on July 2, 2010.

(B) If the director determines that the two boards have adopted complementary rules regarding the prescriptive authority of advanced practice nurses and collaboration between advanced practice nurses and physicians, the director shall not adopt rules that supersede and replace the rules of the two boards, but the director shall review any amendments to those rules by either board to ensure that the rules remain complementary. If the director determines that an amendment to the rules by the state board of nursing or the Colorado medical board results in rules on prescriptive authority and collaboration that are no longer complementary, the amendment shall not take effect.

(5) and (6) Repealed.

(7) An advanced practice nurse who obtains prescriptive authority pursuant to this section shall be assigned a specific identifier by the board. This identifier shall be available to the Colorado medical board and the board of pharmacy. The board shall establish a mechanism to assure that the prescriptive authority of an advanced practice nurse may be readily verified.

(8) (a) The scope of practice for an advanced practice nurse may be determined by the board in accordance with this article.

(b) The board may consider information provided by nursing, medical, or other health professional organizations, associations, or regulatory boards.

(c) (I) Prescriptive authority by an advanced practice nurse shall be limited to those patients appropriate to such nurse's scope of practice. Prescriptive authority may be limited or withdrawn and the advanced practice nurse may be subject to further disciplinary action in accordance with this article if such nurse has prescribed outside such nurse's scope of practice or for other than a therapeutic purpose.

(II) Nothing in this section shall be construed to require a registered nurse to obtain prescriptive authority to deliver anesthesia care.

(9) All prescriptions must comply with applicable federal and state laws, including article 42.5 of this title and part 2 of article 18 of title 18, C.R.S.

(10) Nothing in this section shall be construed to permit dispensing or distribution, as defined in section 12-42.5-102 (11) and (12), by an advanced practice nurse, except for samples, under article 42.5 of this title and the federal "Prescription Drug Marketing Act of 1987".

(11) No advanced practice nurse registered pursuant to section 12-38-111.5 shall be required to apply for or obtain prescriptive authority.

(12) Nothing in this section shall limit the practice of nursing as defined in section 12-38-103 (9) or (10) by any nurse including, but not limited to, advanced practice nurses.

12-38-111.8. Professional liability insurance required - advanced practice nurses in independent practice - rules. (1) It is unlawful for any advanced practice nurse engaged in an independent practice of professional nursing to practice within the state of Colorado unless the advanced practice nurse purchases and maintains or is covered by professional liability insurance in an amount not less than five hundred thousand dollars per claim with an aggregate liability for all claims during the year of one million five hundred thousand dollars.

(2) Professional liability insurance required by this section shall cover all acts within the scope of practice of an advanced practice nurse as defined in this part 1.

(3) Notwithstanding the requirements of subsection (1) of this section, the board, by rule, may exempt or establish lesser liability insurance requirements for advanced practice nurses.

(4) Nothing in this section shall be construed to confer liability on an employer for the acts of an advanced practice nurse that are outside the scope of employment or to negate the applicability of the "Colorado Governmental Immunity Act", article 10 of title 24, C.R.S.

12-38-112. Requirements for practical nurse licensure. (1) The board shall issue a license to engage in the practice of practical nursing to any applicant who:

(a) Submits an application containing such information as the board may prescribe;

(b) Submits proof satisfactory to the board in such manner and upon such forms as the board may require to show that the applicant has completed a practical nursing educational program which meets the standards of the board for approval of educational programs or which is approved by the board and to show that the applicant holds a certificate of graduation from or a certificate of completion of such approved program;

(c) Repealed.

(d) Passes an examination as provided in section 12-38-110 or is eligible for and is granted licensure by endorsement as provided in subsection (2) of this section;

(e) Pays the required fee.

(2) The board may issue a license by endorsement to engage in the practice of practical nursing in this state to any applicant who has been duly licensed or registered as a practical nurse or who is entitled to perform similar services under laws of another state or a territory of the United States or a foreign country if the applicant presents proof satisfactory to the board that, at the time of application for a Colorado license by endorsement, the applicant possesses credentials

and qualifications which are substantially equivalent to requirements in Colorado for licensure by examination. The board may specify by rule and regulation what shall constitute substantially equivalent credentials and qualifications.

(3) The board shall design a questionnaire to be sent to all licensed practical nurses who apply for license renewal. Each applicant for license renewal shall complete the board-designed questionnaire. The purpose of the questionnaire is to determine whether a licensee has acted in violation of this article or been disciplined for any action that might be considered a violation of this article or might make the licensee unfit to practice nursing with reasonable care and safety. If an applicant fails to answer the questionnaire accurately, such failure shall constitute grounds for discipline under section 12-38-117 (1) (v). The board may include the cost of developing and reviewing the questionnaire in the fee paid under paragraph (e) of subsection (1) of this section. The board may refuse an application for license renewal that does not accompany an accurately completed questionnaire.

12-38-112.5. Retired volunteer nurse licensure. (1) The board may issue a license to a retired volunteer nurse who meets the requirements set forth in this section.

(2) A retired volunteer nursing license shall only be issued to an applicant who is at least fifty-five years of age and:

(a) Currently holds a license to practice nursing, either as a practical nurse or as a professional nurse and such license is due to expire unless renewed; or

(b) Has retired from the practice of nursing and is not currently engaged in the practice of nursing either full-time or part-time and has, prior to retirement, maintained full licensure in good standing in any state or territory of the United States.

(3) A nurse who holds a retired volunteer nursing license shall not accept compensation for nursing tasks that are performed while in possession of the license. A retired volunteer nursing license shall permit the retired nurse to engage in volunteer nursing tasks within the scope of the nurse's license.

(4) An applicant for a retired volunteer nursing license shall submit to the board an application containing such information as the board may prescribe, a copy of the applicant's most recent nursing license, and a statement signed under penalty of perjury in which the applicant agrees not to receive compensation for any nursing tasks that are performed while in possession of the license.

(5) (Deleted by amendment, L. 2011, (SB 11-242), ch. 244, p. 1068, § 1, effective May 27, 2011.)

(6) A person who possesses a retired volunteer nursing license shall be immune from civil liability for actions performed within the scope of the nursing license unless it is established that injury or death was caused by gross negligence or the willful and wanton misconduct of the licensee. The immunity provided in this subsection (6) shall apply only to the licensee and shall not affect the liability of any other individual or entity. Nothing in this subsection (6) shall be construed to limit the ability of the board to take disciplinary action against a licensee.

(7) The fee for a retired volunteer nursing license, including assessments for legal defense, peer assistance, and other programs for which licenses are assessed, shall be no more

than fifty percent of the license renewal fee, including all such assessments, established by the board for an active nursing license.
